Federal Energy Regulatory  
Commission

[Docket No. RP00-18-000]

**Indicated Shippers v. Natural Gas  
Pipeline Company of America; Notice  
of Complaint**

October 8, 1999.

Take notice that on October 7, 1999, pursuant to Rule 206 of the Commission's Rules of Practice and Procedure (18 CFR 385.206, Amoco Energy Trading Corporation and Amoco Production Company and Burlington Resources Oil & Gas Company (Indicated Shippers) filed a Section 5 complaint against Natural Gas Pipeline Company of America (NGPL), requesting the Commission to find that NGPL's auction procedures violate its tariff, Commission regulations and Commission precedent and to order NGPL to revise such procedures.

Specifically, the Indicated Shippers assert that NGPL's currently pending capacity auction (No. AM9909-6) violates its tariff because it creates an undue preference for Negotiated Rate bids, impermissible bundling of noncontiguous capacity, discriminates against Resource Rate bidders and improperly restricts capacity release rights.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 285.214). All such motions or protests must be filed on or before October 15, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222) for assistance. Answers to the complaint shall also be due on or before October 15, 1999.

**Linwood A. Watson, Jr.,***Acting Secretary.*

## DEPARTMENT OF ENERGY

Federal Energy Regulatory  
Commission

[Docket No. CP00-1-000]

**Carnegie Interstate Pipeline Company;  
Notice of Request Under Blanket  
Authorization**

October 7, 1999.

Take notice that on October 1, 1999, Carnegie Interstate Pipeline Company (CIPCO), 800 Regis Avenue, Pittsburgh, Pennsylvania 15236, filed in Docket No. CP00-1-000 a request pursuant to Sections 157.205, 157.208 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.208 and 157.211) for authorization to construct and operate certain facilities to provide new service to an end-user of natural gas, and to increase the Maximum Allowable Operating Pressure (MAOP) of one segment of a delivery lateral, under CIPCO's blanket certificate issued in Docket No. CP88-248-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

CIPCO states that it would construct a new delivery point on its existing M-73 eight-inch diameter pipeline to serve Allegheny Power's Hatfield Ferry Power Station in Masontown, Pennsylvania. CIPCO states that the delivery point would connect to a natural gas service line owned, operated and maintained by Allegheny Power. CIPCO also states that to provide the new service, it would convert its existing delivery point to Columbia Gas of Pennsylvania, Inc. (CPA) on Line M-73 to a new receipt point. CIPCO states it will replace the existing 4-inch tap connecting its system to CPA with a 10-inch tap and replace approximately 140 feet of existing 4-inch line which is part of the meter facilities with 10-inch line in the same trench. CIPCO states that all of the above construction and operation would be automatically authorized under the automatic provisions of the Commission's blanket certificate regulations.

In addition, CIPCO proposes to increase the MAOP of the short segment (approximately 2053 feet) of Line M-73 from the interconnection with CPA to the Hatfield delivery point from 99 psia to 175 psia. CIPCO states that the reason for the proposed change is to enable CIPCO to provide the new service to the Hatfield Power Station.

Any questions regarding this filing should be directed to Michael E. Kingerski, Director of Transportation Marketing of CIPCO at (412) 655-8517, at 800 Regis Avenue, Pittsburgh, Pennsylvania 15236.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the Natural Gas Act.

[Docket No. GT99-70-000]

**Distrigas of Massachusetts  
Corporation; Notice of Proposed  
Changes in FERC Gas Tariff**

October 6, 1999.

Take notice that on September 30, 1999, Distrigas of Massachusetts Corporation (DOMAC) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheet, to become effective December 1, 1999:

Seventh Revised Sheet No. 94

DOMAC states that the purpose of this filing is to record semiannual changes in DOMAC's index of customers.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the
