

to the Texas Natural Resource Conservation Commission (TNRCC) regulations in the Texas State Implementation Plan (SIP). These revisions remove the Texas Air Control Board (TACB) Seal rule from the Texas SIP and revise and recodify regulations for control of particulate matter in the Texas SIP. Removal of the Board Seal rule eliminates a rule that no longer applies to TNRCC. These revisions to the particulate matter regulations update the SIP-approved regulations and make the SIP citations consistent with the current State citations.

In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision and anticipates no adverse comment. The EPA has explained its reasons for this approval in the preamble to the direct final rule. If EPA receives no relevant adverse comment, EPA will not take further action on this rule. If EPA receives relevant adverse comment, EPA will withdraw the direct final rule and it will not take effect. The EPA will address all public comments in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

DATES: Written comments must be received by November 29, 1999.

ADDRESSES: Written comments should be addressed to Mr. Thomas H. Diggs, Chief, Air Planning Section (6PD-L), at the EPA Region 6 Office listed below. Approval and Promulgation of Air Quality Implementation Plans; Maryland; VOCs From Paint, Resin and Adhesive Manufacturing and Adhesive Application

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revisions submitted by the State of Maryland for the purpose of amending its regulation to control volatile organic compounds (VOC) from Paint, Resin & Adhesive Manufacturing and Adhesive Application. The revisions amend the definition of "honeycomb core installation" to include additional substrates and clarify the general emission standard for VOCs from adhesive applications. In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP revisions as a direct final rule without prior proposal because the Agency views them as noncontroversial SIP revisions and anticipates no adverse comments. The rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by November 29, 1999.

ADDRESSES: Written comments on this action should be addressed to David L. Arnold, Chief, Ozone and Mobile Sources Branch, Mailcode 3AP21, U.S. Environmental Protection Agency, Region III, 1650 Arch Street,

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision; Kern County Air Pollution Control District; and Yolo-Solano Air Quality Management District

ACTION: Proposed rule.

AGENCY: Environmental Protection Agency (EPA).

SUMMARY: EPA is approving revisions to the California State Implementation Plan (SIP) which concern the rescission and removal of an obsolete rule and the addition of rules to control oxides of nitrogen (NO_x) emissions from natural gas-fired residential water heaters.

The intended effect of this action is the rescission and removal of an obsolete rule and to regulate emissions of nitrogen oxides in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the Final Rules Section of this **Federal Register**, the EPA is approving the state's SIP submittal as a direct final rule without prior proposal because the Agency views these as noncontroversial revisions and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final
