**Approval and Promulgation of State
Implementation Plans; California State
Implementation Plan Revision, Amador
County Air Pollution Control District
and Northern Sonoma County Air
Pollution Control District**

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which concern rules from the Amador County Air Pollution Control District (ACAPCD) and the Northern Sonoma County Air Pollution Control District (NSCAPCD). The intended effect of this proposed action is to remove rules from the SIP in accordance with the Clean Air Act, as amended in 1990 (CAA or the Act). In the Rules section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial

action and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule and technical evaluation documents. If no adverse comments are received, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will not take effect and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this rule. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by March 11, 1999.

ADDRESSES: Written comments should be addressed to: Andrew Steckel, Rulemaking Office (AIR-4), Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

**Approval and Promulgation of Air
Quality Implementation Plans;
Colorado; Revisions to Regulation No.
7, Section III, General Requirements for
Storage and Transfer of Volatile
Organic Compounds**

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is taking direct final action to approve a revision to the Colorado State Implementation Plan (SIP) to Regulation No. 7, "Regulation To Control Emissions of Volatile Organic Compounds." The revision to Regulation No. 7 involves the addition of paragraph C to section III, "General Requirements for Storage and Transfer of Volatile Organic Compounds." This new paragraph C exempts beer production and associated beer container storage and transfer operations involving volatile organic compounds with a true vapor pressure of less than 1.5 psia, at actual conditions, from the submerged or bottom-fill requirements of section III. B. In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If EPA receives no adverse comments, EPA will not take further action on this proposed rule. If EPA receives adverse comments, EPA will withdraw the direct final rule and it will not take effect. EPA will address all public comments in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.
