Regional Transmission Organizations; Notice of Availability of the Environmental Assessment for the Proposed Regional Transmission Organizations Rulemaking

October 22, 1999.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the proposed rulemaking on Regional Transmission Organizations (RTOs). The EA was prepared to further the policies and goals of the National Environmental Policy Act.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, NE, Room 2A, Washington, DC 20426, (202) 208-1371.

Any person wishing to comment on the EA may do so. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send *two* copies of your comments to: Secretary, Federal Energy Regulatory Commission, 888 First St., NE, Room 1A, Washington, DC 20426; Label *one* copy of the comments for the attention of Jim Turnure, Room 64-09.
- Reference Docket No. RM99-2-000.
- Mail your comments so that they will be received in Washington, DC on or before November 22, 1999.

Comments will be considered by the Commission but will not serve to make the commenter a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).

The date for filing timely motions to intervene in this proceeding has passed. Therefore, parties now seeking to file late interventions must show good cause, as required by section 385.214(b)(3), why this time limitation should be waived. Environmental issues have been viewed as good cause for late intervention. You do not need intervenor status to have your comments considered.
