[Docket No. EC99-73-001, et al.]

Tennessee Gas Pipeline Company, et al.; Electric Rate and Corporate Regulation Filings

November 9, 1999.

Take notice that the following filings have been made with the Commission:

1. Tennessee Gas Pipeline Company

[Docket No. EC99-73-001]

Take notice that on October 29, 1999, Tennessee Gas Pipeline Company (Tennessee), P.O. Box 2511, Houston, Texas 77252, tendered for acceptance a compliance filing in the above-captioned docket.

Tennessee states that it is making this filing in compliance with the Commission's September 29, 1999 "Order Approving Disposition of Jurisdictional Facilities" in Docket No. EC99-73. El Paso Energy Corporation and Sonat Inc., 88 FERC 61,302 (1999) (hereinafter, the September 29th Order). In the September 29th Order, the Commission approved the application of El Paso Energy Corporation and Sonat Inc. requesting Commission approval of the proposed merger between the two companies. Tennessee further states that in their application, the respective companies committed to file tariff sheets, for each of their jurisdictional pipeline companies that serve the Southeast, committing that future pipeline expansion capacity will be offered to all shippers on a non-discriminatory basis. Upon further review of its Tariff, Tennessee notes that its currently effective tariff provisions already provide that expansions of its system will be offered on a non-discriminatory basis. Specifically, Article XVII (Construction of Receipt and Delivery Facilities) of the General Terms and Conditions of Tennessee's Tariff sets forth Tennessee's generally applicable policy for the construction, modification and rearrangement of facilities and that Tennessee will handle all requests for construction of facilities "in a manner which is not unduly discriminatory."

Comment date: November 29, 1999, in accordance with Standard Paragraph E at the end of this notice.
