FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA No. 99-2463; MM Docket No. 99-15; RM-9440]

Radio Broadcasting Services; Neihart, MT

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; dismissal.

SUMMARY: This document denies a petition for rule making filed by Mountain West Broadcasting requesting the allotment of Channel 246C2 at Neihart, Montana. See 64 FR 5736, February 5, 1999. With this action, this proceeding is terminated.

FOR FURTHER INFORMATION CONTACT: Kathleen Scheuerle, Mass Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order, MM Docket No. 99-15, adopted October 27, 1999, and released November 5, 1999. The full text of this Commission decision is available for inspection and copying during normal business hours in the Commission's Reference Center, 445 Twelfth Street, SW, Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractors, International Transcription Services, Inc., 1231 20th Street, NW., Washington, DC. 20036, (202) 857-3800, facsimile (202) 857-3805.

[Docket No. 990927266-9266-01; I.D. 072699A]

RIN 0648-AM62

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Navy Operations of Surveillance Towed Array Sensor System Low Frequency Active Sonar; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Correction to advance notice of proposed rulemaking.

SUMMARY: This document contains corrections to the advance notice of proposed rulemaking that was published on October 22, 1999. These corrections are necessary to inform the public of the correct distance the U.S. Navy proposes to use to safeguard marine mammals from receiving more than a non-serious injury due to sounds from the Navy's Surveillance Towed Array Sensor System (SURTASS) Low Frequency Active (LFA) Sonar.

ADDRESSES: A copy of the U.S. Navy application may be obtained by writing to Donna Wieting, Chief, Marine Mammal Conservation Division, Office of Protected Resources, National Marine

Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3226.

FOR FURTHER INFORMATION CONTACT: Kenneth R. Hollingshead, Office of Protected Resources, NMFS, (301) 713-2055, ext 128.

SUPPLEMENTARY INFORMATION: On October 22, 1999, NMFS published a notice (64 FR 57026) that NMFS had received a request from the U.S. Navy for a small take of certain marine mammal species incidental to Navy operations of SURTASS LFA Sonar over the next 5 years.

Need for Correction

As published, the notice contains errors to the proposed safety zone that may prove to be misleading and are in need of correction.

Correction of Publication

Accordingly, the publication on October 22, 1999, of the advance notice of proposed rulemaking (I.D. 072699A), which was the subject of FR Doc. 99-27579, is corrected as follows:

On page 57028, in the first column, under the heading Risk Analysis, in paragraph two, the sentence beginning on line 13, is corrected to read: "However, the RL for serious injury would be much higher, and the marine mammal would have to be much closer to the array than the 1 km (0.54 nm) radius around the vertical array delineating the 180 dB sound field."

On page 57028, in the second column, in the second complete paragraph, in line 7 the words inside the parentheses are corrected to read: "(inside the 180 dB re 1 μ Pa_{rms} sound field; approximately 1 km (0.54 nm) from the source)"

Dated: November 16, 1999.

Penelope D. Dalton,

Assistant Administrator for Fisheries, National Marine Fisheries Service.
