In accordance with section 351.213 of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 771(9) of the Act, an interested party must specify the individual producers or exporters covered by the order or suspension agreement for which they are requesting a review (Department of

Commerce Regulations, 62 FR 27295, 27424 (May 19, 1997)). Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review

sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International

Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of December 1999. If the Department does not receive, by the last day of December 1999, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: December 6, 1999.

Holly A. Kuga,

Acting Deputy Assistant Secretary for Group II, AD/CVD Enforcement.

Dynamic Random Access Memory Semiconductors of One Megabit or Above From the Republic of Korea: Final Results of Antidumping Duty Administrative Review and Determination Not To Revoke the Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review and determination not to revoke the order in part.

SUMMARY: On June 8, 1998, the Department of Commerce ("the Department") published the preliminary results of its administrative review of the antidumping duty order on dynamic random access memory semiconductors of one megabit or above ("DRAMs") from the Republic of Korea ("Korea"). The review covers two manufacturers/exporters of the subject merchandise to the United States and one reseller for the period May 1, 1997, through April 30, 1998. The two manufacturers/exporters are Hyundai Electronics Industries, Co. ("Hyundai"), and LG Semicon Co., Ltd. ("LG"). The reseller is the G5 Corporation ("G5").

As a result of our analysis of the comments received, we have changed the results from those presented in our preliminary results of review.

EFFECTIVE DATE: December 14, 1999.

Background

On June 8, 1999, the Department published in the **Federal Register** (64 FR 30481) the preliminary results of its administrative review of the antidumping duty order on DRAMs from Korea. On September 13, 1999, we released information to interest parties pertaining to possible unreported sales by LG. On October 7, 1999, LG and an interested party submitted factual information relevant to this issue. We also gave interested parties an opportunity to comment on this information and our preliminary review results.

The petitioner, Micron Technology, Inc. ("Micron"), Hyundai, and LG submitted case briefs on October 21, 1999, and rebuttal briefs on October 28, 1999. We held both public and closed

hearings on November 4, 1999. We have now completed this administrative review in accordance with section 751(a) of the Act.

Scope of Review

Imports covered by the review are shipments of DRAMs from Korea. Included in the scope are assembled and unassembled DRAMs. Assembled DRAMs include all package types. Unassembled DRAMs include processed wafers, uncut die, and cut die. Processed wafers produced in Korea, but packaged or assembled into memory modules in a third country, are included in the scope; wafers produced in a third country and assembled or packaged in Korea are not included in the scope.

The scope of this review includes memory modules. A memory module is a collection of DRAMs, the sole function of which is memory. Modules include single in-line processing modules ("SIPs"), single in-line memory modules ("SIMMs"), or other collections of DRAMs, whether unmounted or mounted on a circuit board. Modules that contain other parts that are needed to support the function of memory are covered. Only those modules which contain additional items which alter the function of the module to something other than memory, such as video graphics adapter ("VGA") boards and cards, are not included in the scope. The scope of this review also includes video random access memory semiconductors ("VRAMS"), as well as any future packaging and assembling of DRAMs; and, removable memory modules placed on motherboards, with or without a central processing unit ("CPU"), unless the importer of motherboards certifies with the Customs Service that neither it nor a party related to it or under contract to it will remove the modules from the motherboards after importation. The scope of this review does not include DRAMs or memory modules that are reimported for repair or replacement.

The DRAMS and modules subject to this review are currently classifiable under subheadings 8471.50.0085, 8471.91.8085, 8542.11.0024, 8542.11.8026, 8542.13.8034, 8471.50.4000, 8473.30.1000, 8542.11.0026, 8542.11.8034, 8471.50.8095, 8473.30.4000, 8542.11.0034, 8542.13.8005, 8471.91.0090, 8473.30.8000, 8542.11.8001, 8542.13.8024, 8471.91.4000, 8542.11.0001, 8542.11.8024 and 8542.13.8026 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, the
