

documents and electronic mail messages, that are used to create paper records.

24. Nuclear Regulatory Commission, Office of Investigations (N1-431-00-12, 30 items, 19 temporary items). Electronic records in the Commission's Agency-wide Document Access and Management System (ADAMS) accumulated by the Office of Investigations, including electronic copies of records created using office automation tools and records that are used to create ADAMS portable document format files. Electronic recordkeeping copies of investigative case files that lack significance, routine correspondence files, and program correspondence accumulated below the Office director level are proposed for disposal. Paper copies of these records were previously approved for disposal. Proposed for permanent retention are recordkeeping copies of such files as legal interpretations, significant investigative case files, manuals and other records that pertain to procedures for investigations, and program correspondence accumulated at the Office director level. This schedule also proposes minor revisions in the disposition instructions for paper copies of such records as investigative case files and investigative procedures files, which were previously scheduled.

25. United States Trade Representative, Agency-wide (N1-364-97-1, 4 items, 4 temporary items). Word processing records for the period 1986 to 1993 created on the Data General computer system. The records include spreadsheets, calendars, word processing documents restored from backup tapes, and backup tapes. Paper copies of monthly calendars of high officials were previously approved for permanent retention. Paper copies of word processing documents that were Federal records were produced and placed in the agency's official recordkeeping system, which was previously approved as permanent.

## NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-254 and 50-265]

### Commonwealth Edison Company and MidAmerican Energy Company, Quad Cities Nuclear Power Station, Units 1 and 2; Notice of Consideration of Approval of Application Regarding Proposed Change in Shareholders of MidAmerican Energy Holdings Company Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an order under 10 CFR 50.80 approving the indirect transfer of Facility Operating Licenses Nos. DPR-29 and DPR-30, for the Quad Cities Nuclear Power Station, Units 1 and 2 (Quad Cities), respectively, to the extent currently held by MidAmerican Energy Company (MidAmerican), as a co-owner of Quad Cities.

According to the application for approval by MidAmerican, all of the stock of MidAmerican Energy Holdings Company (MEHC), the parent company of MidAmerican, is to be acquired by a small group of investors. This group of investors consists of Berkshire Hathaway, Inc. and/or subsidiaries

thereof; David L. Sokol, the Chairman and Chief Executive Officer of MEHC; and Walter Scott, MEHC's largest individual shareholder, and/or certain Scott family interests; and potentially other members of MEHC's management. Following the acquisition, Commonwealth Edison Company (ComEd) and MidAmerican would remain as the licensees for Quad Cities. ComEd would continue to own 75% of the facility, be exclusively responsible for the operation and maintenance of Quad Cities, and be an agent for MidAmerican. MidAmerican would continue to hold a 25% ownership interest in Quad Cities. The application proposes no changes to the financial arrangements and obligations of ComEd and MidAmerican with respect to Quad Cities, including decommissioning funding responsibilities. In addition, no physical changes to the Quad Cities facility or operational changes are being proposed in the application. No direct transfer of the licenses would result from the proposed acquisition of MEHC stock. The application seeks consent by the Commission to the extent the proposed acquisition would effect an indirect transfer of the Quad Cities licenses, as held by MidAmerican, under 10 CFR 50.80.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission shall give consent in writing. The Commission will approve an application for the indirect transfer of a license, if the Commission determines that the underlying transaction effecting the indirect transfer will not affect the qualifications of the holder of the license, and that the transfer is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission pursuant thereto.

The filing of requests for hearing and petitions for leave to intervene, and written comments with regard to the license transfer application, are discussed below.

By January 18, 2000, any person whose interest may be affected by the Commission's action on the application may request a hearing, and, if not the applicants, may petition for leave to intervene in a hearing proceeding on the Commission's action. Requests for a hearing and petitions for leave to intervene should be filed in accordance with the Commission's rules of practice set forth in Subpart M, "Public Notification, Availability of Documents and Records, Hearing Requests and Procedures for Hearings on License
