Office of Elementary and Secondary Education; Notice of Final Funding Priorities for Fiscal Year (FY) 1999 Under the Native Hawaiian Curriculum Development, Teacher Training, and Recruitment Program

SUMMARY: The Secretary announces final funding priorities for fiscal year (FY) 1999 under the Native Hawaiian Curriculum Development, Teacher Training, and Recruitment Program. Under the priorities, funds under the Native Hawaiian Curriculum Development, Teacher Training and

Recruitment Program will be used to support activities in the areas of (1) computer literacy and technology education, (2) agriculture education partnerships, (3) astronomy, (4) indigenous health, (5) waste management, and (6) prisoner education.

EFFECTIVE DATE: May 6, 1999.

SUPPLEMENTARY INFORMATION: On December 29, 1998, the Secretary published in the **Federal Register** a notice of proposed funding priorities announcing that the Secretary intended to use \$1,500,000 of FY 1999 funds available under the Curriculum Development, Teacher Training and Recruitment Program to fund one or two projects in each of six identified priority categories: (1) computer literacy and technology education, (2) agriculture education partnerships, (3) astronomy, (4) indigenous health, (5) waste management, and (6) prisoner education. This notice announces the final funding priorities for the program.

Note: This notice of final funding priorities does not solicit applications. A notice inviting applications under this competition is published in a separate notice in this issue of the **Federal Register**.

Analysis of Comments and Changes

Four parties submitted various comments in response to the Secretary's notice of proposed funding priorities for the program.

Comment: One commenter recommended that the Department run a broader competition without any absolute priorities.

Discussion: The Secretary believes that the absolute priorities are necessary to help focus limited resources on addressing some of the specific needs of the Native Hawaiian community.

Changes: None.

Comment: One commenter suggested that the Department support a new Native Hawaiian student-centered academy, governed by a local school board, and independent of the Hawaii Department of Education.

Discussion: The Secretary believes that the priorities that have been

adopted better further the statutory purposes of the program.

Changes: None.

Comments: The other two commenters were generally supportive of the priorities, and offered various suggestions for strengthening or clarifying some of the priorities. These commenters also recommended that the Department continue to support activities in the field of aquaculture. In addition, one of the two commenters recommended that the astronomy priority be expanded to include support of educational and training opportunities for all grade levels, including community college, baccalaureate, graduate, and postgraduate levels.

Discussion: The Department has just completed the support of aquaculture projects under this program, and has determined that it would be more appropriate at this time to use the resources available to fund new projects in the identified priority categories. Furthermore, the Secretary believes that the astronomy priority as originally proposed better meets the statutory purposes of the program.

The Secretary believes that many of the other suggestions from these commenters, which form the basis for the additional program design information provided in the notice inviting applications for new awards published elsewhere in this issue of the **Federal Register**, can be incorporated into applications as part of the proposed projects.

Changes: None.

ABSOLUTE PRIORITIES: Under 34 CFR 75.105(c)(3), the Secretary gives an absolute preference to applications that focus entirely on activities in one of the following six areas:

- (1) Computer literacy and technology education—to support curriculum development, teacher training and model programs designed to increase computer literacy and access for Native

Hawaiian elementary and secondary school students;

(2) Agriculture education partnerships—to support the integration of agricultural and business practices into high school curriculum through the expansion of partnerships between community-based agricultural businesses and high schools with high concentrations of Native Hawaiian students;

(3) Astronomy—to support the development of educational programs in astronomy for Native Hawaiian elementary and secondary school students to assist them in reaching challenging science and mathematics standards and to encourage them to enter the field of astronomy;

(4) Indigenous health—to support curriculum development, teacher training, and instruction activities that will foster a better understanding and knowledge of Native Hawaiian traditional medicine, particularly among Native Hawaiian elementary and secondary students;

(5) Waste management innovation—to study and document traditional Hawaiian practices of sustainable waste management and to prepare teaching materials for educational purposes and for demonstration of the use of native Hawaiian plants and animals for waste treatment and environmental remediation; and

(6) Prisoner education—to support programs that target juvenile offenders and/or youth at risk of becoming juvenile offenders. Comprehensive and culturally sensitive strategies for reaching the target population will include family counseling, basic education/job skills training, and the involvement of community elders as mentors.

The Secretary funds under the FY 1999 competition under this program only applicants that meet one of these absolute priorities.

The Native Hawaiian Curriculum Development, Teacher Training and Recruitment Program

AGENCY: Department of Education.

ACTION: Notice inviting applications for new awards for fiscal year (FY) 1999.

PURPOSES OF PROGRAM: The Native Hawaiian Curriculum Development, Teacher Training and Recruitment Program supports—

(1) *Curricula*—the development of curricula to address the needs of Native Hawaiian students, particularly elementary and secondary students, which may include programs of instruction conducted in the Native Hawaiian language and mathematics and science curricula incorporating the relevant application of Native Hawaiian culture and traditions;

(2) *Preteacher training*—the development and implementation of preservice teacher training to ensure that student teachers within the State, particularly those who are likely to be employed in schools with a high concentration of Native Hawaiian students, are prepared to better address the unique needs of Native Hawaiian students within the context of Native Hawaiian culture, language, and traditions;

(3) *Inservice teacher training*—the development and implementation of

inservice teacher training to ensure that teachers, particularly those employed in schools with a high concentration of Native Hawaiian students, are prepared to better address the unique needs of Native Hawaiian students within the context of Native Hawaiian culture, language, and traditions; and

(4) *Teacher recruitment*—the development and implementation of teacher recruitment programs to enhance teacher recruitment within communities with a high concentration of Native Hawaiian students and to increase the numbers of teachers who are of Native Hawaiian ancestry.

Consistent with these statutory purposes, the Secretary has established absolute priorities that will govern the distribution of funds under the program.

ELIGIBLE APPLICANTS: Native Hawaiian educational organizations or educational entities with experience in developing or operating Native Hawaiian programs or programs of instruction conducted in the Native Hawaiian language.

APPLICATIONS AVAILABLE: April 6, 1999.
