Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Reports

1. *Report title:* Senior Loan Officer Opinion Survey on Bank Lending Practices.

Agency form numbers: FR 2018.

OMB control number: 7100-0058.

Frequency: Up to six times per year.

Reporters: Large U.S. commercial banks and large U.S. branches and agencies of foreign banks.

Annual reporting hours: 1,008 hours.

Estimated average hours per response: 2 hours.

Number of respondents: 84.

Small businesses are not affected.

General description of report: This information collection is voluntary (12 U.S.C. §§ 248 (a), 324, 335, 3101, 3102, and 3105) and is given confidential treatment (5 U.S.C. § 552 (b)(4)).

Abstract: The FR 2018 is conducted with a senior loan officer at each respondent bank, generally by means of a telephone interview, up to six times a year. The interview is administered by a Reserve Bank officer having in-depth knowledge of bank lending practices. The reporting panel consists of sixty large domestically chartered commercial banks, distributed as evenly as possible across Federal Reserve Districts, and twenty-four large U.S. branches and agencies of foreign banks. The purpose of the survey is to provide primarily qualitative information pertaining not only to current price and flow developments but also to evolving techniques and practices in the U.S. banking sector. A significant fraction of the questions in each survey consists of unique questions on topics of timely interest. There is the option to survey other types of respondents (such as other depository institutions, bank holding companies, or corporations) should the need arise. The FR 2018 survey provides crucial information for monitoring and understanding the evolution of lending practices at banks and developments in credit markets generally.

2. *Report title:* Senior Financial Officer Survey.

Agency form number: FR 2023.

OMB control number: 7100-0223.

Frequency: Up to four times per year.

Reporters: Commercial banks, other depository institutions, corporations or large money-stock holders.

Annual reporting hours: 240 hours.

Estimated average hours per response: 1 hour.

Number of respondents: 60.

Small businesses are not affected.

General description of report: This information collection is voluntary (12 U.S.C. §§ 225a, 248(a), and 263); confidentiality will be determined on a case-by-case basis.

Abstract: The FR 2023 requests qualitative and limited quantitative information about liability management and the provision of financial services from a selection of sixty large commercial banks or, if appropriate,

from other depository institutions or corporations. Responses are obtained from a senior officer at each participating institution through a telephone interview conducted by Reserve Bank or Board staff. The survey is conducted when major informational needs arise and cannot be met from existing data sources. The survey does not have a fixed set of questions; each survey consists of a limited number of questions directed at topics of timely interest.

3. *Report title:* Consolidated Report of Condition and Income for Edge and Agreement Corporations.

Agency form number: FR 2886b.

OMB control number: 7100-0086.

Frequency: Quarterly.

Reporters: Edge and agreement corporations.

Annual reporting hours: 3,566 hours.

Estimated average hours per response: 14.7 hours, banking corporations; 8.5 hours, investment corporations.

Number of respondents: 30 banking corporations; 53 investment corporations.

Small businesses are not affected.

General description of report: This information collection is mandatory (12 U.S.C. 602 and 625) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: This report collects a balance sheet, income statement, and ten supporting schedules from banking Edge corporations and investment (nonbanking) Edge corporations. Information collected on the FR 2886b is used by the Federal Reserve to supervise Edge corporations, identify present and potential problems, and monitor and develop a better understanding of activities within the industry.

The Federal Reserve has made several clarifying updates to the reporting instructions to reflect the implementation of FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities," to address the reporting of inactive corporations, and has clarified the reporting of certain International Banking Facility transactions.

Proposal To Approve Under OMB Delegated Authority the Extension for Three Years, With Revision, of the Following Report

1. *Report title:* Report of Repurchase Agreements (RPs) on U.S. Government and Federal Agency Securities with Specified Holders.

Agency form number: FR 2415.

OMB control number: 7100-0074.

Frequency: weekly, quarterly, or annually.

Reporters: U.S.-chartered commercial banks, U.S. branches and agencies of foreign banks, and thrift institutions.

Annual reporting hours: 2,754 hours.

Estimated average hours per response: 30 minutes.

Number of respondents: 84 weekly, 153 quarterly, and 528 annually.

Small businesses are not affected.

General description of report: This information collection is voluntary (12 U.S.C. 248(a)(2) and 3105(b)) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: This report collects one data item—repurchase agreements (RPs) in denominations of \$100,000 or more, in immediately-available funds, on U.S. government and federal agency securities, transacted with specified holders. It is filed by three reporting panels of depository institutions with different reporting frequencies (weekly, quarterly, and annual). The weekly panel reports daily data once each week. The quarterly panel files daily data for four one-week reporting periods that contain quarter-end dates. The annual panel reports daily data only for the week encompassing June 30 each year. Data from the FR 2415 supply information necessary for construction of the M3 monetary aggregate.

Current Actions: The Federal Reserve has made two changes to this report: (1) Raised the thresholds for re-screening existing respondents on two of the three reporting panels (weekly and quarterly) and (2) adjusted the cutoff for screening thrift institutions that do not file the FR 2415 to accommodate a definition change on the report of condition for thrift institutions. The Federal Reserve estimates the revision will decrease the annual reporting burden by 314 hours and annual respondent costs by approximately \$6,280.
