[FAR Case 1999-024]

RIN 9000-AI97

**Federal Acquisition Regulation;  
Preference for U.S.-Flag Vessels**

**AGENCIES:** Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

**ACTION:** Proposed rule.

**SUMMARY:** The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) are proposing to amend the Federal Acquisition Regulation (FAR) regarding the applicability of statutory requirements for use of U.S.-flag vessels in the transportation of supplies by sea. The FAR presently waives these requirements for subcontracts for the acquisition of commercial items.

**DATES:** Interested parties should submit comments in writing on or before January 8, 2001 to be considered in the formulation of a final rule.

**ADDRESSES:** Submit written comments to: General Services Administration, FAR Secretariat (MVR), 1800 F Street, NW, Room 4035, ATTN: Laurie Duarte, Washington, DC 20405. Submit electronic comments via the Internet to: farcase.1999-024@gsa.gov.

Please submit comments only and cite FAR case 1999-024 in all correspondence related to this case.

**FOR FURTHER INFORMATION CONTACT:** The FAR Secretariat, Room 4035, GS Building, Washington, DC, 20405, at (202) 501-4755 for information pertaining to status or publication schedules. For clarification of content, contact Ms. Linda Klein, Procurement Analyst, at (202) 501-3775. Please cite FAR case 1999-024.

**SUPPLEMENTARY INFORMATION:****A. Background**

10 U.S.C. 2631 and 46 U.S.C. 1241(b) provide a preference for use of U.S.-flag vessels for ocean transportation of supplies purchased under Government contracts. FAR Part 12 presently waives the requirements of 46 U.S.C. 1241(b) for subcontracts for the acquisition of commercial items. This rule proposes to

amend FAR Part 12 by adding 10 U.S.C. 2631 to the list of laws inapplicable to subcontracts for the acquisition of commercial items, since civilian agencies may buy supplies for use of military departments. However, this rule modifies FAR Parts 12, 47, and associated clauses, to limit the types of subcontracts for which the waiver of cargo preference statutes is applicable. The rule is intended to ensure compliance with cargo preference statutes if ocean cargoes are clearly destined for Government use, while avoiding disruption of commercial delivery systems.

This rule also deletes the existing Alternate II of the clause, 52.247-64, as unnecessary and replaces it with a new Alternate II. The rule adds two definitions, *i.e.*, "contingency operation" and "humanitarian or peacekeeping operation" to define terms used in the definition of "simplified acquisition threshold", Part 32, Subpart 47.5, and the clause at 52.247-64. These changes are consistent with previously issued guidance from OFPP.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

**B. Regulatory Flexibility Act**

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because most entities providing ocean transportation are not small business concerns. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We invite comments from small businesses and other interested parties. The Councils will consider comments from small entities concerning the affected FAR Parts in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (FAR case 1999-024), in correspondence.

**C. Paperwork Reduction Act**

The Paperwork Reduction Act (Pub. L. 104-13) applies because the proposed rule will increase the flowdown of FAR clause 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels, to certain commercial subcontracts. This information collection requirement is currently approved by the Office of Management and Budget under OMB Control Number

9000-0061, which also covers other transportation related information collection requirements. We anticipate an increase of 9,000 responses per year as a result of this proposed rule, and a corresponding increase of 900 burden hours per year.

**Annual Reporting Burden**

Public reporting burden for this collection of information is estimated to average .05 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows:

*Respondents:* 65,000.

*Responses per respondent:* 21.

*Total annual responses:* 1,385,990.

*Preparation hours per response:* .05 hours.

*Total response burden hours:* 65,870.

**D. Request for Comments Regarding Paperwork Burden**

Submit comments, including suggestions for reducing this burden, not later than January 8, 2001 to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (MVR), 1800 F Street, NW, Room 4035, Washington, DC 20405.

Public comments are particularly invited on: whether this collection of information is necessary for the proper performance of functions of the FAR, and will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Requester may obtain a copy of the justification from the General Services Administration, FAR Secretariat (MVR), Room 4035, Washington, DC 20405, telephone (202) 208-7312. Please cite OMB Control Number 9000-0061, FAR Case 1999-024, Preference for U.S.-Flag Vessels, in all correspondence.
