These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this determination in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 31, 2000.

Troy H. Cribb,

Assistant Secretary for Import Administration.

Final Results of Expedited Sunset Reviews: Oil Country Tubular Goods From Argentina, Italy, Japan, and Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Expedited Sunset Reviews: Oil Country Tubular Goods from Argentina, Italy, Japan, and Korea.

SUMMARY: On July 3, 2000, the Department of Commerce ("the Department") initiated sunset reviews of the antidumping duty orders on oil country tubular goods from Argentina, Italy, Japan, and Korea (65 FR 41053) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of notices of intent to participate and adequate substantive responses filed on behalf of U.S. Steel Group, a unit of USX Corporation, IPSCO Tubulars, Inc., Lone Star Steel Company, Maverick Tube Corporation, Newport Steel and Koppel Steel Divisions of NS Group, Grant-Prideco, and North Star Steel Ohio (collectively, "domestic interested parties"), and inadequate responses (in the Italy, Japan, and Korea cases, no responses) from respondent interested parties, the Department determined to conduct expedited reviews. As a result of these reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to continuation or recurrence of dumping at the levels indicated in the *Final Results of Reviews* section of this notice. **FOR FURTHER INFORMATION CONTACT:** John P. Maloney, Jr. or James P. Maeder, Jr., Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, D.C. 20230; telephone: (202) 482-1503 or (202) 482-3330, respectively.

EFFECTIVE DATE: November 7, 2000.

Statute and Regulations

These reviews were conducted pursuant to sections 751(c) and 752 of the Act. The Department's procedures for the conduct of sunset reviews are set forth in *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516 (March 20, 1998) ("*Sunset Regulations*"), and in 19 CFR

Part 351 (1999) in general. Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98:3—*Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin*, 63 FR 18871 (April 16, 1998) ("*Sunset Policy Bulletin*").

Background

On July 3, 2000, the Department initiated sunset reviews of the antidumping duty orders on oil country tubular goods ("OCTG") from Argentina, Italy, Japan, and Korea (65 FR 41053), pursuant to section 751(c) of the Act. The Department received a notice of intent to participate on behalf of U.S. Steel group, a unit of USX Corporation, IPSCO Tubulars, Inc., Lone Star Steel Company, Maverick Tube Corporation, Newport Steel and Koppel Steel Divisions of NS Group, Grant-Prideco, and North Star Steel Ohio (collectively, "domestic interested parties"), within the applicable deadline (July 18, 2000) specified in section 351.218(d)(1)(i) of the *Sunset Regulations*. Domestic interested parties claimed interested-party status under section 771(9)(C) of the Act, as manufacturers, producers, or wholesalers in the United States of a domestic like product.

On August 2, 2000, we received substantive responses on behalf of domestic interested parties and, in the Argentina case, on behalf of Siderca SAIC ("*Siderca*"). Siderca is an interested party pursuant to section 771(9)(A) of the Act as a foreign producer and exporter of the subject merchandise.

On August 7, 2000, we received rebuttal comments on behalf of domestic interested parties in response to Siderca's comments.

History of the Orders

In the original investigations, covering the period January 1, 1994, through June 30, 1994, the Department determined the following dumping margins: 1.36 percent for Siderca, the Argentine respondent, and 1.36 percent for "all others" (60 FR 33539); 49.78 percent for Dalmine S.p.A. ("Dalmine"), Acciaierie Tubificio Arvedi S.p.A., and General Sider Europa S.p.A., the Italian respondents, and 49.78 percent for "all others" (60 FR 33558); 44.20 percent for Nippon Steel Corporation and Sumitomo Metal Industries, Ltd. ("Sumitomo"), the Japanese respondents, and 44.20 percent for "all others" (60 FR 33560); and 12.17 percent for Union Steel Manufacturing Company, one of the Korean respondents,¹ and 12.17 percent for "all others" (60 FR 33561).

The Department has not conducted an administrative review of the orders on OCTG from Argentina or Italy since the issuance of these orders. However, there have been two administrative reviews of the order on OCTG from Japan. In the first, covering the period February 2, 1995, though July 31, 1996, NKK

¹ Hyundai Steel Pipe Company, Ltd., the other respondent, was excluded from the antidumping duty order. See *Antidumping Duty Order: Oil Country Tubular Goods from Korea*. 61 FR 41057, 41058 (August 11, 1995).

Corporation of Japan was assigned a margin of 44.20 percent. In the second, covering the period August 1, 1997, through July 31, 1998, Sumitomo was assigned a margin of 0.00 percent. In addition, there have been two administrative reviews of the order on OCTG from Korea. In the first, covering the period August 1, 1996, through July 31, 1997, SeAH Steel Corporation ("SeAH") was assigned a margin of 2.93 percent. In the second, covering the period August 1, 1997, through July 31, 1998, SeAH was assigned a margin of 15.02 percent.

Analysis of Comments Received

All issues raised by parties to these sunset reviews are addressed in the "Issues and Decision Memorandum" ("Decision Memo") from Jeffrey A. May, Director, Office of Policy, Import Administration, to Troy H. Cribb, Assistant Secretary for Import Administration, dated October 31, 2000, which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail were the orders revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in

this public memorandum which is on file in the Central Records Unit, room B-099, of the main Commerce building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>, under the heading "October 2000." The paper copy and electronic version of the Decision Memo are identical in content.

Final Results of Reviews

We determine that revocation of the antidumping duty orders on oil country tubular goods from Argentina, Italy, Japan, and Korea would likely lead to continuation or recurrence of dumping at the following percentage weighted-average margins:

Country	Manufacturer/exporter	Margin (percent)
Argentina	Siderca SAIC	1.36
	All Others	1.36
Italy	Dalmine S.p.A.	49.78
	Acciaierie Tubificio Arvedi S.p.A.	49.78
	General Sider Europa S.p.A.	49.78
	All Others	49.78
	Nippon Steel Corporation	44.20
Japan	Sumitomo Metal Industries, Ltd.	44.20
	All Others	44.20
	Union Steel Manufacturing Co.	12.17
Korea	All Others ²	12.17

This notice serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These five-year ("sunset") reviews and notice are in accordance with sections 751(c), 752, and 777(i)(1) of the Act.
