BILLING CODE 4710-45-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Council on Environmental Quality

Guidelines for Implementation of Executive Order 13141: Environmental Review of Trade Agreements

AGENCY: Office of the United States Trade Representative and Council on Environmental Quality.

ACTION: Guidelines for implementation of Executive order 13141—environmental review of trade agreements: final.

SUMMARY: On November 16, 1999, President Clinton signed Executive Order 13141. 64 FR 63169 (Nov. 18, 1999). The Order makes explicit the United States' commitment to a policy of careful assessment and consideration of the environmental impacts of trade agreements, including, in certain instances, written environmental reviews. The Order directs the Office of the United States Trade Representative (USTR) and the Council on Environmental Quality (CEQ) to oversee implementation of the Order, including the development of procedures pursuant to the Order.

The procedures called for by the Executive Order (the Guidelines) are published below. USTR and CEQ developed the Guidelines through an extensive public process and consultations with appropriate foreign policy, environmental, and economic agencies and Congress. USTR and CEQ have carefully taken public views into account in finalizing the Guidelines, and the final Guidelines endeavor to reflect many of them.

FOR FURTHER INFORMATION CONTACT: Office of the U.S. Trade Representative, Environment and Natural Resources Section, telephone 202-395-7320, or Council on Environmental Quality, telephone 202-456-6224.

SUPPLEMENTARY INFORMATION:

A. Background

Executive Order 13141 builds on U.S. experience with written environmental reviews of previous trade agreements,

including the North American Free Trade Agreement (1991-92 and 1993), the Uruguay Round Agreements (1994), and the proposed Accelerated Tariff Liberalization initiative with respect to forest products (1999). The Order institutionalizes the use of environmental reviews as an important tool to help identify potential positive and negative environmental effects of certain major trade agreements, and to facilitate consideration of appropriate responses where effects are identified. Pursuant to the Order, environmental reviews, along with a process of ongoing assessment and evaluation, should help shape trade agreements that contribute to the broader goal of sustainable development. The Order is available on USTR's internet web site at www.ustr.gov.

USTR and CEQ developed the Guidelines called for by the Order in consultation with interested agencies on the Trade Policy Staff Committee (TPSC), including the Departments of Agriculture, Commerce, Energy, Interior, Justice, State, Treasury and Transportation, the U.S. Environmental Protection Agency, and the U.S. Agency for International Development. The TPSC, established under section 242 of the Trade Expansion Act of 1962, as amended (19 U.S.C. section 1872), is the principal staff-level mechanism for interagency decisionmaking on U.S. trade policy. The current participants in the TPSC process for purposes of the Guidelines include agencies with relevant environmental, economic and foreign policy expertise. See Guidelines, Appendix A.¹

As part of the process for developing the Guidelines, USTR and CEQ sought to involve interested members of the public at significant stages. At the outset, USTR and CEQ requested public comment concerning issues the agencies should consider in developing the guidelines, and received twenty-two sets of written comments. 65 FR 9757 (Feb. 22, 2000). USTR and CEQ also requested comment on draft guidelines published in July, 2000, and received twenty-five sets of written comments. 65 FR 42,743 (July 11, 2000). Eight individuals and organizations presented testimony with regard to the draft guidelines at the August 2 public hearing. All written comments and a

¹ The basic work of the TPSC is performed by a network of staff-level subcommittees and task forces, organized by geographical region and/or sector. The committees prepare recommendations on subjects within the purview (e.g., instructions to negotiators on specific issues relevant to a given trade agreement). These recommendations take the form of a paper, which must then be cleared by agencies on the TPSC.
