DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Information Collection To Be Submitted to the Office of Management and Budget (OMB) for Approval Under the Paperwork Reduction Act

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: The U.S. Fish and Wildlife Service will submit a request for approval of a collection of information to OMB under the provisions of the Paperwork Reduction Act. A copy of the information collection requirement is included in this notice. If you wish to obtain copies of the proposed information collection requirement, related forms, and explanatory material, contact the Service Information Collection Clearance Officer at the address listed below.

DATES: You must submit comments on or before February 20, 2001.

ADDRESSES: Send your comments on the requirement to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Mail Stop 222-ARLSQ, Arlington, Virginia 22203.

FOR FURTHER INFORMATION CONTACT: To request a copy of the information collection approval request, explanatory information and related forms, contact Rebecca A. Mullin at (703) 358-2287, or electronically at rmullin@fws.gov.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). The U.S. Fish and Wildlife Service (We) plans to submit a request to OMB to renew its existing approval of the collection of information for Threatened and Endangered Species Permit Applications, which expires on February 28, 2001. We are requesting a 3-year term of approval for this information collection activity.

Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1018-0094.

The information collection requirements in this submission implement the regulatory requirements of the Endangered Species Act (16

U.S.C. 1539), the Migratory Bird Treaty Act (16 U.S.C. 704), the Lacey Act (18 U.S.C. 42-44), the Bald Eagle Protection Act (16 U.S.C. 668), and the Marine Mammal Protection Act (16 U.S.C. 1374) contained in Service regulations in Chapter I, Subchapter B of Title 50 of the Code of Federal Regulations (CFR).

Previously, common permit application and recordkeeping requirements were consolidated in 50 CFR part 13, and unique requirements of the various statutes in separate parts as identified below. The Service redesigned the standard license/permit application form 3-200 to assist persons in applying for Service permits issued under Subchapter B. Under the present clearance, the Service consolidated all requirements in one submission, and they were assigned OMB Approval Number 1018-0022, the Federal Fish and Wildlife License/Permit and Related Reports. In an attempt to make the application process more "user friendly," and to aid the public in commenting on specific license/permit requirements without having to comment on the entire package, similar types of permits were previously grouped together and numbered. The application to apply for Service permits issued under Subchapter B of 50 CFR, still requires the completion of the Service form 3-200, which has been revised and renumbered and is now Service form 3-200-1. In addition to the permit application (Service form 3-200-1), attachments are often necessary to provide additional information required for each specific type of permit, and these attachments have been assigned numbers, (e.g., 3-200-54). The information to be supplied on the application form and the attachments will be used to review the application and allow the Service to make decisions, according to criteria established in various Federal wildlife conservation statutes and regulations on the issuance, suspension, revocation, or denial of permits. The obligation to respond is, "required to obtain a benefit." An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number. We have revised the following requirements, and they are included in this submission:

1. *Title:* Native Endangered and Threatened Species—Enhancement of Survival Permits associated with Safe Harbor Agreements, and Candidate Conservation Agreements with Assurances.

Approval Number: 1018-0094.

Service Form Number: 3-200-54.

Frequency of Collection: Annually.
