Title: Criminal Penalty Safe Harbor Provision.

OMB Control Number: None assigned.

Frequency: We believe that there will be very few criminal prosecutions under section 30170, given its elements. Accordingly, it is not likely to be a substantial motivating force for a submission of a proper report. We estimate that no more than 9 persons a year would be subject to this new collection of information, and we do not anticipate receiving more than one report a year from any particular person.

Affected Public: This collection of information would apply to any person who seeks a "safe harbor" from potential criminal liability under 49 U.S.C. 30170. Thus, the collection of information could apply to the manufacturers, any officers or employees thereof, and other persons who respond or have a duty to respond to an information provision requirement pursuant to 49 U.S.C. 30166 or a regulation, requirement, request or order issued thereunder.

Abstract: NHTSA is publishing a rule related to "reasonable time" and sufficient manner of "correction," as they apply to the safe harbor from criminal penalties, as required by Section 5 of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act (Pub. L. 106-414), enacted November 1, 2000.

Estimated Annual Burden: Using the above estimate of 9 respondents a year, with an estimated two hours of preparation to collect and provide the information, at an assumed rate of \$20 an hour, the annual, estimated cost of
