The limits set forth above are subject to adjustment pursuant to the current bilateral agreement between the Governments of the United States and the People's Republic of China.

Products in the above categories exported during 2000 shall be charged to the applicable category limits for that year (see directive dated December 6, 1999) to the extent of any unfilled balances. In the event the limits established for that period have been exhausted by previous entries, such products shall be charged to the limits set forth in this directive.

These limits may be revised if China becomes a member of the World Trade Organization (WTO) and the United States applies the WTO agreement to China.

As a result of a modification to the Harmonized Tariff Schedule of the United States (HTS) that will be effective January 1, 2001, the HTS headings included in Category 666-C are being changed from only heading 6303.92.2000 to both heading 6303.92.2010 and heading 6303.92.2020; this change will not affect the products included in Category 666-C.

The conversion factor for merged Categories 638/639 is 12.96 (square meters equivalent/category unit).

In carrying out the above directions, the Commissioner of Customs should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,

Richard B. Steinkamp,

Chairman, Committee for the Implementation of Textile Agreements.
