##### Notice of Public Meeting and Request for Comments To Address the Development of a Booster Seat Education Plan

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), DOT.

**ACTION:** Notice of Public Meeting and Request for Comments.

**SUMMARY:** On July 10, 2001, NHTSA will hold a public meeting to discuss the development of a 5 year strategic booster seat education plan, for implementation beginning November 2001. The intent of this meeting is to allow the sharing of viewpoints, information, and ideas on this important subject among all interested members of the public, including industry, government, and advocacy groups. Topics to be discussed include, but are not limited to, educational programs, program effectiveness and evaluation, target audiences, program delivery, challenges, and funding sources. Discussion topics will also be based on written comments received as a result of this Notice; comments submitted previously under a Request for Comments for "Child Restraint System Safety Plan," **Federal Register** Notice published November 27, 2000, Docket Number NHTSA 7938; recommendations of the Blue Ribbon Panel II ("Protecting Our Older Child Passengers," web address: [http://www.actsinc.org/whatsnew\\_6.html](http://www.actsinc.org/whatsnew_6.html)); as well as recommendations from the Association for the Advancement of Automotive Medicine's (AAAM, web address: [www.carcash.org](http://www.carcash.org)) meeting on "Booster Seats for Children: Closing the Gap Between Science and Public Policy," held in Washington, DC on April 23 and 24, 2001. The public is invited to participate in the meeting in any of four ways: by requesting to make a presentation at the meeting, by submitting written comments to be included in the public record, by submitting suggestions for topics to be included on the meeting agenda, and by attending the meeting. We anticipate that the published plan will lead to an increase in the use of booster seats by improving consumer awareness of the safety benefits of booster seat use, the importance of using booster seats, as well as enforcing the laws in those states that have upgraded their child
