**AGENCY:** Food and Nutrition Service, USDA.

**ACTION:** Notice.

**SUMMARY:** This Notice announces the annual adjustments to: (1) The "national average payments," the amount of money the Federal Government provides States for lunches, afterschool snacks and breakfasts served to children participating in the National School Lunch and School Breakfast Programs; (2) the "maximum reimbursement rates," the maximum per lunch rate from Federal funds that a State can provide a school food authority for lunches served to children participating in the National School Lunch Program; and (3) the rate of reimbursement for a half-pint of milk served to nonneedy children in a school or institution which participates in the Special Milk Program for Children. The payments and rates are prescribed on an annual basis each July. The annual payments and rates adjustments for the National School Lunch and School Breakfast Programs reflect changes in the Food Away From Home series of the Consumer Price Index for All Urban Consumers. The annual rate adjustment for the Special Milk Program reflects changes in the Producer Price Index for Fluid Milk Products. These payments and rates are in effect from July 1, 2001 through June 30, 2002.

**EFFECTIVE DATE:** July 1, 2001.

**FOR FURTHER INFORMATION CONTACT:** Ms. Mary Jane Whitney, Section Chief, School Programs Section, Policy and Program Development Branch, Child Nutrition Division, Food and Nutrition Service, USDA, 3101 Park Center Drive, Room 640, Alexandria, VA 22302 or phone (703) 305-2620.

**SUPPLEMENTARY INFORMATION:****Background***Special Milk Program for Children*

Pursuant to section 3 of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1772), the Department announces the rate of reimbursement for a half-pint of milk served to nonneedy children in a school or institution which participates in the Special Milk Program for Children. This rate is adjusted annually to reflect changes in the Producer Price Index for Fluid Milk

Products, published by the Bureau of Labor Statistics of the Department of Labor.

For the period July 1, 2001 to June 30, 2002, the rate of reimbursement for a half-pint of milk served to a nonneedy child in a school or institution which participates in the Special Milk Program is 14.5 cents. This reflects an increase of 10.8 percent in the Producer Price Index for Fluid Milk Products from May 2000 to May 2001 (from a level of 142.5 in May 2000 to 157.9 in May 2001).

As a reminder, schools or institutions with pricing programs which elect to serve milk free to eligible children continue to receive the average cost of a half-pint of milk (the total cost of all milk purchased during the claim period divided by the total number of purchased half-pints) for each half-pint served to an eligible child.

*National School Lunch and School Breakfast Programs*

Pursuant to sections 11 and 17A of the National School Lunch Act, (42 U.S.C. 1759a and 1766a), and Section 4 of the Child Nutrition Act of 1966, (42 U.S.C. 1773), the Department annually announces the adjustments to the National Average Payment Factors and to the maximum Federal reimbursement rates for lunches and afterschool snacks served to children participating in the National School Lunch Program and breakfasts served to children participating in the School Breakfast Program. Adjustments are prescribed each July 1, based on changes in the Food Away From Home series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor. The changes in the national average payment rates for schools and residential child care institutions for the period July 1, 2001 through June 30, 2002 reflect a 2.85 percent increase in the Consumer Price Index for All Urban Consumers during the 12-month period May 2000 to May 2001 (from a level of 168.3 in May 2000 to 173.1 in May 2001). Adjustments to the national average payment rates for all lunches served under the National School Lunch Program, breakfasts served under the School Breakfast Program, and afterschool snacks served under the National School Lunch Program are rounded down to the nearest whole cent.

*Lunch Payment Levels*

Section 4 of the National School Lunch Act (42 U.S.C. 1753) provides general cash for food assistance payments to States to assist schools in purchasing food. The National School

Lunch Act provides two different Section 4 payment levels for lunches served under the National School Lunch Program. The lower payment level applies to lunches served by school food authorities in which less than 60 percent of the lunches served in the school lunch program during the second preceding school year were served free or at a reduced price. The higher payment level applies to lunches served by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.

To supplement these section 4 payments, section 11 of the National School Lunch Act provides special cash assistance payments to aid schools in providing free and reduced price lunches. The Section 11 National Average Payment Factor for each reduced price lunch served is set at 40 cents less than the factor for each free lunch.

As authorized under sections 8 and 11 of the National School Lunch Act (42 U.S.C. 1757, 1759a), maximum reimbursement rates for each type of lunch are prescribed by the Department in this Notice. These maximum rates are to ensure equitable disbursement of Federal funds to school food authorities.

*Afterschool Snack Payments in Afterschool Care Programs*

Section 17A of the National School Lunch Act (42 U.S.C. 1766a) establishes National Average Payments for free, reduced price and paid afterschool snacks as part of the National School Lunch Program.

*Breakfast Payment Factors*

Section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) establishes National Average Payment Factors for free, reduced price and paid breakfasts served under the School Breakfast Program and additional payments for free and reduced price breakfasts served in schools determined to be in "severe need" because they serve a high percentage of needy children.

**Revised Payments**

The following specific Section 4, Section 11 and Section 17A National Average Payment Factors and maximum reimbursement rates for lunch, the afterschool snack rates, and the breakfast rates are in effect from July 1, 2001 through June 30, 2002. Due to a higher cost of living, the average payments and maximum reimbursements for Alaska and Hawaii are higher than those for all other States. The District of Columbia, Virgin Islands,

Puerto Rico and Guam use the figures specified for the contiguous States.

These price estimates are also used to compute Parity Prices in accordance with requirements of the Agricultural Adjustment Act of 1938 as amended (Title III, Subtitle A, Section 301a). In addition, price data are used by the Federal Crop Insurance Corporation to help determine payment rates, program option levels, and disaster programs.

The Agricultural Surveys program was last approved by OMB in 1998 for a 3-year period. NASS intends to request that the surveys be approved for another 3 years.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 11 minutes per response.
