

Flexibility Act. A final evaluation has been prepared for this action and it is contained in the Rules Docket. A copy of it may be obtained from the Rules Docket at the location provided under the caption **ADDRESSES**.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration amends part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

2. Section 39.13 is amended by adding a new airworthiness directive to read as follows:

2001-13-02 Bell Helicopter Textron

Canada: Amendment 39-12282. Docket No. 99-SW-06-AD.

Applicability: Model 407 helicopters, serial numbers 53000 through 53194, certificated in any category.

Note 1: This AD applies to each helicopter identified in the preceding applicability provision, regardless of whether it has been otherwise modified, altered, or repaired in the area subject to the requirements of this AD. For helicopters that have been modified, altered, or repaired so that the performance

of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (b) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

Compliance: Required within 90 calendar days, unless accomplished previously.

To assist the pilot in properly identifying a specific warning horn (horn) and prevent an inappropriate pilot response to a horn, which could cause an engine overspeed and subsequent uncommanded reduction to flight-idle engine power, accomplish the following:

(a) Remove and replace the following horns and install the specified terminal junctions in accordance with the Accomplishment Instructions in Bell Helicopter Textron Alert Service Bulletin No. 407-97-12, dated October 7, 1997:

Part Name	Current Part Number	Replacement Part No.
(1) FADEC Fail Horn	SC648S	VSB628CP
(2) Low Rotor RPM Horn	SC628	SC628N
(3) Engine Out Horn	SC628P	SC628NP
(4) Terminal Junction (2)	M81714/65-22-11

(b) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Rotorcraft Regulations Group, Rotorcraft Directorate, FAA. Operators shall submit their requests through an FAA Principal Maintenance Inspector, who may concur or comment and then send it to the Manager, Rotorcraft Regulations Group.

Note 2: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Rotorcraft Regulations Group.

(c) Special flight permits may be issued in accordance with §§ 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the helicopter to a location where the requirements of this AD can be accomplished.

(d) The modification shall be done in accordance with the Accomplishment Instructions in Bell Helicopter Textron Alert Service Bulletin No. 407-97-12, dated October 7, 1997. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies may be obtained from Bell Helicopter Textron Canada, 12,800 Rue de l'Avenir, Mirabel, Quebec JON1LO, telephone (800) 363-8023, fax (450) 433-0272. Copies may be inspected at the FAA, Office of the Regional Counsel, Southwest Region, 2601 Meacham Blvd., Room 663, Fort Worth, Texas; or at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC.

(e) This amendment becomes effective on August 1, 2001.

Note 3: The subject of this AD is addressed in Transport Canada (Canada) AD No. CF-98-13, effective August 7, 1998.

Issued in Fort Worth, Texas, on June 13, 2001.

Eric Bries,

Acting Manager, Rotorcraft Directorate, Aircraft Certification Service.

14 CFR Part 71

[Airspace Docket No. 00-ANM-5]

RIN 2120-AA66

Establishment of Jet Route J-713

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final Rule.

SUMMARY: This action establishes Jet Route 713 (J-713) through Utah, Montana, and Wyoming. The FAA is taking this action to improve the management of air traffic operations at

the Salt Lake City International Airport and to enhance safety.

EFFECTIVE DATE: 0901 UTC, September 6, 2001.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On June 2, 2000, the FAA published in the **Federal Register** a notice to amend Title 14 Code of Federal Regulations (14 CFR) part 71 to establish J-713 (65 FR 35303). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received. Except for editorial changes this amendment is the same as that proposed in the notice.

The Rule

This action amends 14 CFR part 71 to establish J-713 through Utah, Montana, and Wyoming. The FAA is establishing J-713 for the following reasons: (1) The need for high altitude arrival and departure routing to and from the north of Salt Lake City; (2) to assist in the

balancing of traffic flow between Brigham City One arrivals into Salt Lake City International Airport; and (3) the addition of this route will improve the overall management of air traffic operations and thereby enhance safety.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Jet routes are published in paragraph 2004 of FAA Order 7400.9H dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The jet route listed in this document will be published subsequently in the order.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p.389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9H, Airspace Designations and Reporting Points, dated September 1, 2000, and effective September 16, 2000, is amended as follows:

Paragraph 2004 Jet Routes

* * * * *

J-713 [New]

From Billings, MT, via Boysen Reservoir, WY; Big Piney, WY; to Salt Lake City, UT.

* * * * *

Issued in Washington, DC, on June 20, 2001.

Reginald C. Matthews,

Manager, Airspace and Rules Division.

BILLING CODE 4910–13–P

COMMODITY FUTURES TRADING COMMISSION

17 CFR Parts 1 and 30

Treatment of Customer Funds

AGENCY: Commodity Futures Trading Commission.

ACTION: Order.

SUMMARY: The Commodity Futures Trading Commission ("Commission") is issuing an Order regarding the treatment of customer funds carried by a futures commission merchant ("FCM") for the purpose of margining, guaranteeing or securing customers' trades executed on or through a board of trade located outside the U.S. but cleared by a derivatives clearing organization located in the U.S. Subject to the terms and conditions set forth herein, certain designated members of the Chicago Mercantile Exchange ("CME") may commingle in a single account the funds received from customers trading on or through designated contract markets or derivatives trading execution facilities with those funds received in connection with the CME's clearing of certain products traded on or through the MEFF Sociedad Recotra de Productos Financieros Derivados de Renta Variable ("MEFF"), a board of trade located in Spain. This Order is issued pursuant to Sections 4(b) and 4d of the Commodity Exchange Act and Commission Rule 30.10.

EFFECTIVE DATE: June 20, 2001.

FOR FURTHER INFORMATION CONTACT:

Andrew V. Chapin, Staff Attorney, Division of Trading and Markets, Commodity Futures Trading Commission, 1155 21st Street, NW., Washington, DC 20581. Telephone: (202) 418–5430.

SUPPLEMENTARY INFORMATION: The Commission has issued the following Order: Order Regarding the Treatment of Customer Funds Carried in Connection with Transactions Entered into on or through MEFF Sociedad Rectora de Productos Financieros Derivados de

Renta Variable and Cleared through the Chicago Mercantile Exchange.

A. The CME–MEFF Arrangement

The CME has entered into a clearing arrangement with MEFF involving the trading and clearing of certain stock index futures products based on the Standard and Poor's ("S&P") Euro Index, the S&P Europe 350 Index, and certain sector indices from the S&P Europe 350 Index (collectively, "Designated Future Contracts" or "DFC").¹ Pursuant to the arrangement, referred to as the Master Agreement, MEFF will list these products for trading on its electronic trading platform, MEFF S/MART, execute these trades subject to MEFF rules, and submit these transactions for clearing to the CME. In accordance with part 30 of the Commission's rules, any DFC transaction involving a customer located in the U.S. will be intermediated by an FCM or a firm exempt from such registration pursuant to Rule 30.10.² MEFF has received previously from the Commission an order issued pursuant to

¹ Receipt of a no-action position from Commission staff is a necessary prerequisite to the offer and sale of foreign futures and option contracts on non-narrow foreign stock indices in the U.S. On June 13, 2001, the Commission's Office of General Counsel issued a no-action letter to MEFF permitting the offer and sale in the U.S. of futures and options contracts on the S&P Euro and S&P Europe 350 stock indices. MEFF has not sought similar relief with respect to any of the Europe 350 sector indices.

² Rule 30.10 permits a person affected by the requirements contained in Part 30 of the Commission's rules to petition the Commission for an exemption from such requirements. Appendix A to the Part 30 rules provides an interpretative statement that clarifies that a foreign regulator or self-regulatory organization ("SRO") can petition the Commission under Rule 30.10 for an order to permit firms that are members of the SRO and subject to regulation by the foreign regulator to conduct business from locations outside of the United States for United States persons on non-United States boards of trade without registering under the Commodity Exchange Act, based upon the person's substituted compliance with a foreign regulatory structure found comparable to that administered by the Commission under the Act.

Among the issues considered by the Commission in determining whether to grant Rule 30.10 relief to a foreign regulatory or self-regulatory authority are the authority's: (i) requirements relating to the registration, authorization, or other form of licensing, fitness review, or qualification of persons through whom customer orders are solicited and accepted; (ii) minimum financial requirements for those persons that accept customer funds; (iii) minimum sales practice standards, including risk disclosures, and the risk of transactions undertaken outside of the United States; (iv) procedures for auditing compliance with the requirements of the regulatory program, including recordkeeping and reporting requirements; (v) standards for the protection of customer funds from misapplication; and (vi) arrangements for the sharing of information with the United States. Interpretative Statement with Respect to the Commission's Exemptive Authority Under § 30.10 of its Rules, 17 CFR Part 30, Appendix A (2001).
