

39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

### PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40113, 44701.

#### § 39.13 [Amended]

2. Section 39.13 is amended by adding the following new airworthiness directive:

**Airbus Industrie:** Docket 2001–NM–255–AD.

**Applicability:** Model A319, A320, and A321 series airplanes; on which Modification 21946 (Airbus Service Bulletin A320–35–1003) or 21999 has not been accomplished; certificated in any category.

**Note 1:** This AD applies to each airplane identified in the preceding applicability provision, regardless of whether it has been otherwise modified, altered, or repaired in the area subject to the requirements of this AD. For airplanes that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (c) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

**Compliance:** Required as indicated, unless accomplished previously.

To prevent faulty operation of the low-pressure solenoid valve for the oxygen supply, which could prevent oxygen from being supplied to the airplane crew when needed, such as in the event of smoke in the cabin or rapid depressurization of the airplane, accomplish the following:

#### Replacement

(a) Within 16 months after the effective date of this AD, replace the low-pressure solenoid valve, part number (P/N) DVE90–04, for the crew oxygen supply with a modified valve, P/N DVE90–05 or DVE90–06, as applicable. Do the replacement according to Airbus Service Bulletins A320–35–1003, Revision 1, dated January 28, 1993; or A320–35–1016, dated July 31, 1996; as applicable.

**Note 2:** Airbus Service Bulletin A320–35–1003, Revision 1, refers to EROS Service Bulletin DVE90–35–40, dated September 10, 1991, as the appropriate source of service information for modifying the low-pressure solenoid valve for the crew oxygen supply.

**Note 3:** Airbus Service Bulletin A320–35–1016 refers to EROS Service Bulletin DVE90–35–49, dated January 31, 1995, as the appropriate source of service information for modifying the low-pressure solenoid valve for the oxygen supply.

#### Spares

(b) As of the effective date of this AD, no person shall install a low-pressure oxygen

valve, part number DVE90–04, on any airplane.

#### Alternative Methods of Compliance

(c) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA. Operators shall submit their requests through an appropriate FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, International Branch, ANM–116.

**Note 4:** Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the International Branch, ANM–116.

#### Special Flight Permits

(d) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

**Note 5:** The subject of this AD is addressed in French airworthiness directive 2001–237(B) R1, dated July 25, 2001.

Issued in Renton, Washington, on September 18, 2001.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[Region 2 Docket No. NY53–230b; FRL–7057–6]

#### Approval and Promulgation of Implementation Plans; New York Ozone State Implementation Plan Revision

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing to approve the State Implementation Plan (SIP) revision submitted by the State of New York related to development of reasonably available control technologies for source categories of volatile organic compounds and oxides of nitrogen for which EPA has not issued a control techniques guideline. Specifically, EPA is proposing approval of amendments to New York's Code of Rules and Regulations Part 212, "General Process Emission Sources." In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final

rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If EPA receives no adverse comments, EPA will not take further action on this proposed rule. If EPA receives adverse comments, EPA will withdraw the direct final rule and it will not take effect. EPA will address all public comments in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

**DATES:** Written comments must be received on or before October 25, 2001.

**ADDRESSES:** All comments should be addressed to: Raymond Werner, Chief, Air Programs Branch, Environmental Protection Agency, Region 2 Office, 290 Broadway, New York, New York 10007–1866.

Copies of the State submittal are available at the following addresses for inspection during normal business hours:

Environmental Protection Agency,  
Region 2 Office, 290 Broadway, 25th  
Floor, New York, New York 10007–  
1866.

New York State Department of  
Environmental Conservation, Division  
of Air Resources, 625 Broadway, 2nd  
Floor, Albany, New York 12233.

**FOR FURTHER INFORMATION CONTACT:** Kirk J. Wieber, Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10278, (212) 637–3381.

**SUPPLEMENTARY INFORMATION:** For additional information see the direct final rule which is located in the Rules Section of this **Federal Register**.

Dated: September 10, 2001.
