

Corporation, Inc. to open access services under Part 284 of the Commission regulations. DTI requests the Commission's permission and approval to abandon the individually certificated services and provide Part 284 service. Because the converted service agreements under Rate Schedules FTNN and GSS differ in some material aspects as DTI's pro forma agreements, DTI submitted copies of the service agreements. DTI requests that the Commission find that the deviations from the pro forma agreements are not unjust, unreasonable or unduly discriminatory, and asks the Commission to approve the filed service agreements.

As part of its filing, DTI tendered pro forma Fifth Revised Sheet No. 1300 of the Third Revised Volume No. 1 of DTI's tariff, which lists non-conforming agreements. DTI explains that the effective date of the conversions to Part 284 service, and of the tariff sheet, cannot be known at this time because of a series of conditions precedent provided in the agreements. DTI states that it will submit an actual tariff sheet with the effective date in a filing in compliance with a Commission order approving its filing. DTI requests that the Commission act on its filing within sixty days.

DTI states that copies of this filing have been mailed to its customers, state commissions and other interested parties.

#### Enbridge Pipelines (Midla) Inc.; Notice of Filing and Annual Charge Adjustment

September 19, 2001.

Take notice that on September 14, 2001, Enbridge Pipelines (Midla) Inc., formerly Mid Louisiana Gas Company, (Midla) filed the following tariff sheets to amend its FERC Gas Tariff, Fourth Revised Volume No. 1 to be made effective October 1, 2001.

First Revised Sheet No. 4  
First Revised Sheet No. 4A

Midla states that the purpose of the filing is to reflect a \$0.0001 per dekatherm decrease in Midla's rates under its Annual Charge Adjustment (ACA) clause that results from a corresponding decrease in the annual charge assessed Midla by the FERC.

Midla further states that because of confusion resulting from FERC's July 27, 2001 billing and given that its filing results in a decrease of \$0.0001 in Midla's FERC approved rate, Midla believed that good cause exists and therefore requested a waiver of the requirements of 154.207 of the Commission's regulations, and any other waiver that may be required, to permit the proposed tariff sheets to be made effective on October 1, 2001.

Midla states that copies of filing have been mailed to its customers, state commissions and other interested parties.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations.
