This program announcement consists of four parts:

Part II describes the priority areas under which applications for FY 2002 family violence funding are being requested.

Part III describes the applicable evaluation criteria.

Part IV provides other information and instructions for the development and submission of applications.

**Part I. Introduction**

Title III of the Child Abuse Amendments of 1984, (Pub. L. 98-457, 42 U.S.C. 10401, *et seq.*) is entitled the Family Violence Prevention and Services Act (the Act). The Act was first implemented in FY 1986, was reauthorized and amended in 1992 by Pub. L. 102-295, and was amended and reauthorized for fiscal years 1996 through 2000 by Pub. L. 103-322, the Violent Crime Control and Law Enforcement Act of 1994 and by Pub. L. 104-235, the "Child Abuse Prevention and Treatment Act Amendment of 1996." The Act was most recently amended by the "Victims of Trafficking and Violence Protection Act of 2000" (Pub. L. 106-386, 10/28/2000).

The purpose of this legislation is to assist States in supporting the establishment, maintenance, and expansion of programs and projects to prevent incidents of family violence and provide immediate shelter and related assistance for victims of family violence and their dependents.

We expect to fund two priority areas in FY 2002:

*Public Information/Community Awareness Campaign Projects for the Prevention of Family Violence*

1. The purpose of the public information/community awareness projects is to assist in the continued development of state/local public information and community awareness campaign projects and activities that assist in preventing family violence. These projects should provide information on resources, facilities, other individuals seeking assistance, and service alternatives available to family violence victims and their dependents, community organizations, local school districts, and others.

*Collaborative Efforts Between Faith-Based Organizations and Domestic Violence Organizations*

2. The purpose of this priority area is to support collaborative efforts that would enhance the response to a battered woman whose initial point of contact for help was with a member of a faith-based organization. Further, this priority area seeks to support the development of credible and helpful information from faith-based organizations in order to increase the involvement and leverage from this vital segment of the community.

**Part II. Fiscal Year 2002 Family Violence Projects**

*1. Priority Area FV01-01. Public Information and/or Community Awareness Campaign Projects for the Prevention of Family Violence*

**Background**

Based on the positive response to prior year public information and community awareness grants, ACF will again make these grants available in FY 2002.

Previous public information/community awareness grants have stimulated the development of a number of very effective informational programs and activities at the local levels. They have assisted community organizations to focus on and emphasize prevention; helped make available public service announcements and descriptive program brochures in several different languages, including Russian and

Vietnamese; and assisted in the implementation of conflict resolution activities in elementary, middle, and high school curricula. The continuation of these grant awards will help assure that individuals, particularly those within minority communities, are aware of available alternatives and resources for the intervention and prevention of family violence.

This priority area requires the development and implementation of an effective public information campaign that may be used, for example, by public and private agencies, schools, churches, boys and girls clubs, community organizations, and individuals.

Accurate information is critical to any community awareness strategy and activity. How information is communicated must be modified where communication barriers may exist because of perceived or real language differences and cultural insensitivity. OCS seeks to continue to provide victims, their dependents, perpetrators, and others in the community with knowledge of the service options available.

**Eligible Applicants**

State and local public agencies, Territories, and Native American Tribes and Tribal Organizations who are, or have been, recipients of Family Violence Prevention and Services Act grants; State and local private non-profit agencies experienced in the field of family violence prevention; and public and private non-profit educational institutions, community organizations, community-based coalitions, faith-based organizations, and other entities that have designed and implemented family violence prevention information activities or community awareness strategies.

**Minimum Requirements for Project Design**

In order to successfully compete under the priority area, the applicant should:

- Present a plan for community awareness and public information activities that clearly reflects how the applicant will target the populations at risk, including pregnant women; coordinate its implementation efforts with public agencies and other community organizations; and communicate with institutions active in the field of family violence prevention.
- Describe the proposed approach to the development of a public information campaign and identify the specific audience(s), community(s), and groups that will be targeted, including

communities and groups with the highest prevalence of domestic violence. Include, as critical elements in the plan:

- A set of achievable objectives and a description of the population groups, relevant geographic area, and the indicators to be used to measure progress and the overall effectiveness of the campaign;
- The intended strategies for test marketing the development plans, and assurances that effectiveness criteria will be implemented prior to the completion of the final plan;
- The development and use of non-traditional sources as community awareness or information providers (applicants should present specific plans for the use of local organizations, businesses and individuals in the distribution of information and materials);
- The identification of the media to be used in the campaign and the geographic limits of the campaign;
- How the applicant would be responsive and sensitive to minority communities and their cultural perspectives; and
- A description of the kind, volume, distribution, and timing of the proposed information with assurances that the public information campaign activities will not supplant or lower the current frequency of current public service announcements.

#### Project Duration

The length of the project should not exceed 12 months.

#### Federal Share of the Project

The maximum Federal share of the project will not exceed \$35,000 for the 1-year project period. Applications for lesser amounts also will be considered under this priority area.

#### Matching Requirements

Successful applicants must provide at least 25 percent of the total cost of the project. The approved total cost of the project is the sum of the ACF share and non-Federal share. Applications for lesser amounts also will be considered under this priority area. Cash or in-kind contributions may meet the non-Federal share, although applicants are encouraged to meet their match requirements through cash contributions. If approved for funding, the applicant will be held accountable for commitments of non-Federal resources and failure to provide the required amount will result in a disallowance of unmatched Federal funds. Therefore, a project requesting \$35,000 in Federal funds (based on an

award of \$35,000 per budget period) must include a match of at least \$11,666 (25% of total project cost) for a total budget of \$46,666.

#### Anticipated Number of Projects to be Funded

We anticipate that five projects will be funded at the maximum level. We may fund more than five projects if we receive acceptable applications for lesser amounts.

#### *Priority Area FV-02-02, Collaborative efforts between Faith-Based/Spiritual Organizations and Domestic Violence Organizations*

#### Background

For many women across varying social and economic strata, churches, synagogues, or places of contemplation and spiritual connection may be the only sources of safe and confidential interaction. However, even in these settings of assumed trust and confidentiality, many women who seek counseling are hesitant to expose the nature and extent of their abuse because of fear, shame, guilt, or feelings of human or spiritual failure. Additionally, spiritual leaders, though dedicated to the principles of respect and human dignity for all people, are sometimes unable to recognize the characteristics and results of abusive relationships. Even when recognized, they often lack the resources and information available to provide support that would ensure protection and safety through the resolution of the problem.

Establishing a collaborative effort between faith-based organizations and domestic violence intervention services will help provide organizations with information about the availability of domestic violence intervention services, effectively create additional points of entry to services for victims of family violence, and expand and strengthen the network of knowledgeable service providers.

Some suggested activities applicable under this priority area are:

(a) Plan and implement training and the development of training materials that enable leaders of faith-based organizations to increase the capacity of the faith-based community to understand and appropriately respond to the complexities of domestic violence.

(b) Plan and implement a replicable domestic violence collaborative project that provides information on resources, facilities, and service alternatives to family violence victims and their dependents for use by faith-based organizations.

(c) Plan and implement a domestic violence information and awareness project related to specific population groups such as youth, elderly, disabled, or gay/lesbian/transgender individuals that provide information on the services available to these groups for intervention and prevention.

#### Eligible Applicants

State and local private non-profit agencies experienced in the field of family violence prevention in collaboration with private non-profit faith-based organizations, public and private non-profit educational/faith-based institutions, associations, or societies, and other entities that have designed and implemented activities related to the prevention of domestic violence as a faith-based issue.

#### Minimum Requirements for Project Design

This project requires the collaboration between a recognized domestic violence service provider or state domestic violence coalition with a church, synagogue, mosque, faith-based or spiritually-based organization or an organization representing multiple churches, synagogues, mosques, and/or other faith-based entities. Applicant's proposal should include a description of the collaborating domestic violence service provider's organization, domestic violence service experience, and organizational affiliation with the domestic violence community.

The applicant's proposal should address the following:

Demonstrate that the required collaboration has occurred in the preparation and planned implementation of the activities specified in the grant application; and demonstrate that the developed materials and/or training will incorporate guiding principles similar to the following:

- The safety of victims and children is a priority;
- The integrity and authority of each battered woman over her own life is to be respected;
- Perpetrators, not victims, must be held responsible for the abuse and for stopping it; and
- The confidentiality of client information must be ensured.

Include, as critical elements in the plan:

- A set of identified objectives for training, outreach, and the development of training materials;
- Development of an approach and strategy that is useful in providing sensitive and responsive services and/or training.

- A description of the type, distribution and timing of information to be developed and distributed; and
- A description of any non-traditional informational sources, counseling practices, programs, or organizational linkages that might be utilized in the provision of services and information to persons in abusive situations who contact faith-based organizations.

#### Project Duration

The length of the project should not exceed 12 months.

#### Federal Share of the Project

The maximum Federal share of the project is not to exceed \$37,500 for the 1-year project period. Applications for lesser amounts also will be considered under this priority area.

#### Matching Requirements

Successful applicants must provide at least 25 percent of the total cost of the project. The approved total cost of the project is the sum of the ACF share and non-Federal share. Cash or in-kind contributions may meet the non-Federal share although applicants are encouraged to meet their match requirements through cash contributions. If approved for funding, the applicant will be held accountable for commitments of non-Federal resources and failure to provide the required amount will result in a disallowance of unmatched Federal funds. Therefore, a project requesting \$37,500 in Federal funds (based on an award of \$37,500 per budget period) must include a match of at least \$12,500 (25% of the total project cost) for a total budget of \$50,000.

#### Anticipated Number of Projects To Be Funded

It is anticipated, subject to the availability of funds, that six projects will be funded at the maximum level; more than six projects may be funded depending on the number of acceptable applications for lesser amounts which are received.

### Part III. Evaluation Criteria

Applicants must clearly identify the specific priority area under which they wish to have their applications considered, and tailor their applications accordingly. Previous experience has shown that an application which is broad and more general in concept than outlined in the priority area description is less likely to score as well as one which is more clearly focused and directly responsive to the concerns of that specific priority area.

Using the evaluation criteria below, a panel of at least three reviewers (primarily experts from outside the Federal government) will review each application. Applicants should ensure that they address each minimum requirement in the priority area description under the appropriate section of the Program Narrative Statement.

Reviewers will determine the strengths and weaknesses of each application in terms of the appropriate evaluation criteria listed below and provide comments and assign numerical scores. The point value following each criterion heading indicates the maximum numerical weight that each section may be given in the review process:

#### 1. Need for the Project (10 points)

The extent to which the need for the project and the problems it will address have national and local significance; the applicability of the project to coordination efforts by national, Tribal, State and local governmental and non-profit agencies; its ultimate impact on domestic violence prevention services and intervention efforts, policies and practice; the relevance of other documentation as it relates to the applicant's knowledge of the need for the project; and the identification of the specific topic or program area to be served by the project. Maps and other graphic aids may be attached.

#### 2. Goals and Objectives (10 points)

The extent to which the specific goals and objectives have national or local significance, the clarity of the goals and objectives as they relate to the identified need for and the overall purpose of the project, and their applicability to policy and practice. The provision of a detailed discussion of the objectives and the extent to which the objectives are realistic, specific, and achievable;

#### 3. Approach (30 points)

The extent to which the application outlines a sound and workable plan of action pertaining to the scope of the project, and details about how the proposed work will be accomplished; relates each task to the objectives and identifies the key staff member who will be the lead person; provides a chart indicating the timetable for completing each task, the lead person, and the time committed; cites factors which might accelerate or decelerate the work, giving acceptable reasons for taking this approach as opposed to others; describes and supports any unusual features of the project, such as design or technological innovations, reductions in

cost or time, or extraordinary social and community involvement; and provides for projections of the accomplishments to be achieved.

The extent to which, when applicable, the application describes the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved;

#### 4. Results and Benefits (20 points)

The extent to which the application identifies the results and benefits to be derived; the extent to which they are consistent with the objectives of the application; the extent to which the application indicates the anticipated contributions to policy, practice, and theory; and the extent to which the proposed project costs are reasonable in view of the expected results. The extent to which the application has identified, in specific terms, the results and benefits specific for target groups and human service providers, to be derived from implementing the proposed project; and has described how the expected results and benefits will relate to previous demonstration efforts.

#### 5. Level of Effort: (30 Points)

Staffing pattern—Describe the staffing pattern for the proposed project, clearly linking responsibilities to project tasks and specifying the contributions to be made by key staff.

Competence of staff—Describe the qualifications of the project team including any experiences working on similar projects. Also, describe the variety of skills to be used, relevant educational background, and the demonstrated ability to produce final results that are comprehensible and usable. One or two pertinent paragraphs on each key member are preferred to resumes. However, resumes may be included in the ten pages allowed for attachments/appendices.

Adequacy of resources—Specify the adequacy of the available facilities, resources and organizational experience with regard to the tasks of the proposed project. List the financial, physical and other resources to be provided by other profit and nonprofit organizations. Explain how these organizations will participate in the day to day operations of the project.

Budget—Relate the proposed budget to the level of effort required obtaining project objectives and providing a cost/benefit analysis. Demonstrate that the project's costs are reasonable in view of the anticipated results.

Collaborative efforts—Discuss in detail and provide documentation for

any collaborative or coordinated efforts with other agencies or organizations. Identify these agencies or organizations and explain how their participation will enhance the project. Letters from these agencies and organizations discussing the specifics of their commitment must be included in the application.

**Authorship**—The authors of the application must be clearly identified together with their current relationship to the applicant organization and any future project role they may have if the project is funded.

Applicants should note that non-responsiveness to the section designated as “Minimum Requirements for Project Design,” in the applicable priority areas, will result in a low evaluation score by the panel of expert reviewers.

#### **Part IV: Other Information and Instructions for the Development and Submission of Applications**

##### *A. Required Notification of the State Single Point of Contact*

This program is covered under Executive Order 12372, (EO) “Intergovernmental Review of Federal Programs,” and 45 CFR part 100, “Intergovernmental Review of Department of Health and Human Services Program and Activities.” Under the EO, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

All States and territories, except Alabama, Alaska, Colorado, Connecticut, Hawaii, Idaho, Kansas, Louisiana, Massachusetts, Minnesota, Montana, Nebraska, New Jersey, Oklahoma, Oregon, Pennsylvania, South Dakota, Tennessee, Vermont, Virginia, Washington, American Samoa and Palau, have elected to participate in the EO process and have established a Single Point of Contact (SPOCs). Applicants from these twenty-three jurisdictions need take no action regarding EO 12372. Applicants for projects to be administered by Federally recognized Indian Tribes are also exempt from the requirements of EO 12372. Otherwise, applicants should contact their SPOCs as soon as possible to alert them of the prospective applications and receive any necessary instructions. Applicants must submit any required material to the SPOCs as soon as possible so that OCS can obtain and review SPOC comments as part of the award process. It is imperative that the applicant submit all required

materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from application deadline to comment on proposed new or competing continuation awards.

SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to differentiate clearly between mere advisory comments and those official State process recommendations that may trigger the “accommodate or explain” rule.

When comments are submitted directly to ACF, they should be addressed to: Department of Health and Human Services, Administration for Children and Families, Office of Grants Management/OCSE, 4th Floor Aerospace Center, 370 L'Enfant Promenade, SW, Washington, DC 20447.

A list of the Single Point of Contact for each State and Territory is included at the end of this announcement.

##### *B. Paperwork Reduction Act of 1995*

Under the Paperwork Reduction Act of 1995, Public Law 104–13, the Department is required to submit to the Office of Management and Budget (OMB) for review and approval any reporting and recordkeeping requirements in regulations, including program announcements. This program announcement does not contain information requirements beyond those approved for ACF grant applications under OMB Control Number 0970–0062. An agency may not conduct or sponsor and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

##### *C. Deadline for Submittal of Applications*

The closing date and time for submittal of applications under this program announcement is found at the beginning of this program announcement under **CLOSING DATE**.

ACF cannot accommodate transmission of applications by fax or through other electronic media. Therefore, applications transmitted to ACF electronically will not be accepted regardless of the date or time of submission and time of receipt.

*Late applications:* Applications, which do not meet the criteria above, are considered late applications. The ACF shall notify each late applicant that its application will not be considered in the current competition.

*Extension of deadlines:* ACF may extend the deadline for all applicants due to acts of God, such as floods, hurricanes or earthquakes; widespread disruption of the mails; or if ACF determines a deadline extension to be in the best interest of the Government. However, if ACF does not extend the deadline for all applicants, it may not waive or extend the deadline for any applicant.

[Note: If an applicant's current rate agreement was based on another definition for equipment, such as "tangible personal

property \$500 or more", the applicant shall use the definition used by the cognizant agency in determining the rate(s). However, consistent with the applicant's equipment policy, lower limits may be set.]

**Justification**—Equipment to be purchased with Federal funds must be required to conduct the project, and the applicant organization or its subgrantees must not already have the equipment or a reasonable facsimile available to the project.

Line 6e:

**Supplies**—Enter the total costs of all tangible personal property other than that included on line 6d.

The total costs of all such agencies will be part of the amount shown on Line 6f. Provide draft Request for Proposal in accordance with 45 CFR part 74, Appendix A. All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition.

**Note 2:** Contractual cannot be a person—must be an organization, firm, etc. Enter Consultant cost on Line 6h.

Line 6g:

Provide a brief explanation, on a separate sheet, showing the type of contribution, broken out by Object Class Category, (See SF-424A, Section B.6) and whether it is cash or third party in-kind. The firm commitment of these required funds must be documented and submitted with the application in order to be given credit in the Criterion.

Except in unusual situations, this documentation must be in the form of letters of commitment or letters of intent from the organization(s)/individuals from which funds will be received.

### 3. Project Summary Description

Clearly mark this separate page with the applicant name as shown in item 5 of the SF 424, and the title of the project as shown in item 11 of the SF 424. The summary description should not exceed 300 words. These 300 words become part of the computer database on each project.

Care should be taken to produce a summary description which accurately and concisely reflects the application. It should describe the objectives of the project, the approaches to be used and the outcomes expected. The description should also include a list of major products that will result from the proposed project, such as software packages, materials, management procedures, data collection instruments, training packages, or videos (please note that audiovisuals should be closed captioned). The project summary description, together with the information on the SF 424, will constitute the project "abstract." It is the major source of information about the proposed project and is usually the first part of the application that the

reviewers read in evaluating the application.

### 4. Program Narrative Statement

The Program Narrative Statement is a very important part of an application. It should be clear, concise, and address the specific requirements mentioned under the priority area description in Part II. The narrative should also provide information concerning how the application meets the evaluation criteria using the following headings:

- (a) Need for the Project;
- (b) Goals and Objectives;
- (c) Approach;
- (d) Results and Benefits; and
- (e) Level of Effort.

The specific information to be included under each of these headings is described in Part III, Evaluation Criteria.

The narrative should be typed double-spaced on a single-side of an 8½" x 11" plain white paper, with 1" margins on all sides. All pages of the narrative (including charts, references/footnotes, tables, maps, exhibits, etc.) must be sequentially numbered, beginning with "Objectives and Need for the Project" as page number one. Applicants should not submit reproductions of larger size paper, reduced to meet the size requirement.

The length of the application, including the application forms and all attachments, should not exceed 60 pages. A page is a single side of an 8½" x 11" sheet of paper. Applicants are requested not to send pamphlets, maps, brochures or other printed material along with their application as these pose photocopy difficulties. These materials, if submitted, will not be included in the review process if they exceed the 60-page limit. Each page of the application will be counted to determine the total length.

### 5. Organizational Capability Statement

The Organizational Capability Statement should consist of a brief (two to three pages) background description of how the applicant organization (or the unit within the organization that will have responsibility for the project) is organized, the types and quantity of services it provides, and/or the research and management capabilities it possesses. This description should cover capabilities not included in the Program Narrative Statement. It may include descriptions of any current or previous relevant experience, or describe the competence of the project team and its demonstrated ability to produce a final product that is readily comprehensible and usable. An organization chart showing the

relationship of the project to the current organization should be included.

### 6. Assurances/Certifications

Applicants are required to file an SF 424B, Assurances—Non-Construction Programs, and the Certification Regarding Lobbying. Both must be signed and returned with the application. In addition, applicants must certify their compliance with:

Drug-Free Workplace Requirements; and

Debarment and Other Responsibilities; and

Certification Regarding Environmental Tobacco Smoke.

These certifications are self-explanatory. Copies of these assurances/certifications are reprinted at the end of this Application Kit and should be reproduced as necessary. A duly authorized representative of the applicant organization must certify that the applicant is in compliance with these assurances/certifications. A signature on the SF 424 indicates compliance with the Drug Free Workplace Requirements, and Debarment and Other Responsibilities, and Environmental Tobacco Smoke certifications.

#### E. The Application Package

Each application package must include an original and four copies of the complete application. Each copy should be stapled securely (front and back if necessary) in the upper left-hand corner. All pages of the narrative (including charts, tables, maps, exhibits, etc.) must be sequentially numbered, beginning with page one. In order to facilitate handling, please do not use covers, binders or tabs. Do not include extraneous materials as attachments, such as agency promotion brochures, slides, tapes, film clips, minutes of meetings, survey instruments or articles of incorporation.

Applicants should include a self-addressed stamped acknowledgement card. All applicants will be notified automatically about the receipt of their application. If acknowledgement of receipt of your application is not received within three weeks after the deadline date, please notify to Family Violence Operations Center by telephone at (703) 351-7676.

#### F. Post-Award Information and Reporting Requirements

Following approval of the applications selected for funding, notice of project approval and authority to draw down project funds will be made in writing. The official award document is the Financial Assistance Award

which provides the amount of Federal funds approved for use in the project, the project and budget periods for which support is provided, the terms and conditions of the award, the total project period for which support is contemplated, and the total required financial grantee participation.

General Conditions and Special Conditions (where the latter are warranted) which will be applicable to grants, grantees will be subject to the provisions of 45 CFR part 74 or 92.

Grantees will be required to submit semi-annual financial reports (SF 269) throughout the project period, as well as a final progress and financial report within 90 days of the termination of the project.

Grantees are subject to the audit requirements in 45 CFR parts 74 (non-governmental), 92 (governmental), and OMB Circular A-133. If an applicant does not request indirect costs, it should anticipate in its budget request the cost of having an audit performed at the end of the grant period.

Section 319 of Public Law 101-121, signed into law on October 23, 1989, imposes prohibitions and requirements for disclosure and certification related to lobbying on recipients of Federal contracts, grants, cooperative agreements, and loans. It provides exemptions or Indian Tribes and Tribal organizations. Current and prospective recipients (and their subtier contractors and/or grantees) are prohibited from using Federal funds, other than profits from a Federal contract, for lobbying Congress or any Federal agency in connection with the award of a contract, grant, cooperative agreement or loan. In addition, for each award action in excess of \$100,000 (or \$150,000 for loans) the law requires recipients and their subtier contractors and/or subgrantees (1) To certify that they have neither used nor will use any appropriated funds for payment to lobbyists; (2) to disclose the name,

address, payment details, and the purpose of any agreements with lobbyists whom recipients or their subtier contractors or subgrantees will pay with profits or non-appropriated funds on or after December 22, 1989 and (3) to file quarterly up-dates about the use of lobbyists if material changes occur in their use. The law establishes civil penalties for noncompliance.

#### Certification Regarding Debarment, Suspension and Other Responsibility Matters

##### *Certification Regarding Debarment, Suspension, and Other Responsibility Matters—Primary Covered Transactions*

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its

certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. 7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

**Certification Regarding Environmental Tobacco Smoke**

Public Law 103-227, Part C Environmental Tobacco Smoke, also known as the Pro Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. By signing and submitting this application the applicant/grantee certifies that it will comply with the requirements of the Act.

The applicant/grantee further agrees that it will require the language of this certification be included in any subawards which contain provisions for the children's services and that all subgrantees shall certify accordingly.

**Attachment D**

**Certification Regarding Drug-Free Workplace Requirements**

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR part 76, subpart, F, Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

*Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)*

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

#### *Certification Regarding Drug-Free Workplace Requirements*

##### Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the

grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—
