

Defense Pentagon, Washington, DC 20301-3062.

SUPPLEMENTARY INFORMATION:

Title and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 232, Contract Financing, and related clause at DFARS 252.237-7007, Limitation of Government's Obligation; OMB Control Number 0704-0359.

Needs and Uses: This information collection requires contractors that are awarded incrementally funded, fixed-price DoD contracts to notify the Government when the work under the contract will, within 90 days, reach the point at which the amount payable by the Government (including any termination costs) approximates 85 percent of the funds currently allotted to the contract. This information will be used to determine what course of action the Government will take (e.g., allot additional funds for continued performance, terminate the contract, or terminate certain contract line items).

Affected Public: Businesses or other for-profit and not-for-profit institutions.

Annual Burden Hours: 800.

Number of Respondents: 800.

Responses Per Respondent: 1.

Annual Responses: 800.

Average Burden Per Response: 1 hour.

Frequency: On occasion.

Summary of Information Collection

This information collection includes requirements related to contract financing and payment in DFARS Part 232, Contract Financing, and the related clause at DFARS 252.232-7007, Limitation of Government's Obligation. DFARS Subpart 232.7, Contract Funding, limits the use of incrementally funded fixed-price contracts to situations where the contract is funded with research and development appropriations; where Congress has otherwise incrementally appropriated program funds; or where the head of the contracting activity approves the use of incremental funding for either base services contracts or hazardous/toxic waste remediation contracts. The clause at DFARS 252.232-7007 identifies procedures for incrementally funding the contract and requires the contractor to provide the Government with written notice when the work will reach the point at which the amount payable by the Government, including any termination costs, approximates 85

percent of the funds currently allotted to the contract.

Michele P. Peterson,

Executive Editor, Defense Acquisition Regulations Council.

DEPARTMENT OF DEFENSE

Cost Accounting Standards Administration

AGENCY: Department of Defense (DoD).

ACTION: Notice of public meeting.

SUMMARY: The Director of Defense Procurement is sponsoring a public meeting to discuss potential opportunities to streamline the provisions in Part 31 of the Federal Acquisition Regulation concerning cost measurement, assignment, and allocation. The Director of Defense Procurement would like to hear the views of interested parties on what they believe are potential areas for streamlining in light of the evolution of Generally Accepted Accounting Principles, the advent of Acquisition Reform, and experience gained from implementation. A listing of some possible streamlining areas can be found on the Internet Home Page of the Office of Cost, Pricing, and Finance at <http://www.acq.osd.mil/dp/cpf>.

Upon identification of the key areas, subsequent public meetings will be held to hear views of interested parties regarding specific recommendations. The dates and times of those meetings will be published on the Internet Home Page of the Office of Cost, Pricing, and Finance.

DATES: The first meeting will be held on April 19, 2001, from 10 a.m. until 1 p.m., local time.

ADDRESSES: The meeting will be held in the Auditorium at the General Services Administration, 18th and F Streets, Washington, DC. Directions may be found on the Internet at <http://www.acq.osd.mil/dp/cpf>.

FOR FURTHER INFORMATION CONTACT: Mr. David Capitano, Office of Cost, Pricing, and Finance, by telephone at (703) 695-7249, by FAX at (703) 693-9616, or by e-mail at dcapitano@osd.mil.

Michele P. Peterson,

Executive Editor, Defense Acquisition Regulations Council.

Department of the Army

Army Education Advisory Committee; Meeting

AGENCY: Department of the Army, DoD.

ACTION: Notice of meeting.

SUMMARY: In accordance with section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. I), announcement is made of the following Committee meeting:

Name of Committee: U.S. Army War College Subcommittee of the Army Education Advisory Committee.

Dates of Meeting: April 25, 26, 27, and 28, 2001.

Place: Root Hall, U.S. Army War College, Carlisle Barracks, Pennsylvania.

Time: 8:30 a.m.-5 p.m.

Proposed Agenda: Receive information briefings; conduct discussions with the Commandant staff and faculty; table and examine online College issues; assess resident and distance education programs, self-study techniques, and plans for the Process for Accreditation of Joint Education (PAJE) 2000; assemble a working group for the concentrated review of institutional policies and a working group to address committee membership and charter issues; propose strategies and recommendations that will continue the momentum of federal accreditation success and guarantee compliance with regional accreditation standards.

FOR FURTHER INFORMATION CONTACT: To request advance approval or obtain further information, contact Lieutenant Colonel Cary A. Hilton, Box 524, U.S. Army War College, Carlisle Barracks, PA 17013 or telephone (717) 245-3396.

SUPPLEMENTARY INFORMATION: This meeting is open to the public. Any interested person may attend, appear before, or file statements with the Committee after receiving advance approval for participation. To request advance approval or obtain further information, contact Lieutenant Colonel Cary A. Hilton at the above address or phone number.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

Department of the Army

Army Science Board; Notice of Open Meeting

In accordance with Section 10(a)(2) of the Federal Advisory Committee Act

(P.L. 92-463), announcement is made of the following Committee Meeting:

Name of Committee: Army Science Board (ASB)—Venture Capital.

Date of Meeting: 05-06 March 2001.

Time of Meeting: 0900-1630, 05 March 2001, 0900-1630, 06 March 2001.

Place: Presidential Towers Office Bldg, 9th floor conference room, 2511 Jefferson Davis Highway, Arlington, VA 22202-3911.

Agenda: This is the second meeting of The Army Science Board's (ASB) Venture Capital Ad Hoc Study. Briefings will be presented on Department of Defense initiatives to access leading edge technologies and on commercial business strategies for accessing leading edge technologies. For further information, please contact LTC John Anzalone, Operations Research Analyst, (703) 604-7436. If you plan to attend and require an escort to the 9th floor conference room, please call Mr. Everett R. Gooch on (703) 604-7479.

Wayne Joyner,

Program Support Specialist, Army Science Board.

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Availability of the Revised Draft Environmental Impact Statement for the Platte West Water Production Facilities, Douglas and Saunders Counties, Nebraska

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act and implementing regulations, a revised Draft Environmental Impact Statement (DEIS) has been prepared to evaluate the environmental impacts of the Metropolitan Utilities District's (MUD's) preferred water supply expansion location (Platte West) as well as other reasonable alternatives to that location. The environmental impacts of each of the five action alternatives, as well as the "no action" alternative are described in the DEIS. Public comment on the DEIS will be accepted by the Corps through April 13, 2001. A public workshop will be held from 7 p.m. to 9 p.m. on Wednesday, March 21 in the Russell Middle School cafeteria at 5304 South 172nd Street, Omaha, Nebraska. The public is invited to view displays related to the project and provide comments to the Corps.

FOR FURTHER INFORMATION CONTACT:

Questions and comments regarding the DEIS can be addressed to Becky Latka,

U.S. Army Corps of Engineers, 215 North 17th Street, Omaha, Nebraska 68102-4978, telephone at (402) 221-4602, or E-Mail rebecca.j.latka@usace.army.mil

SUPPLEMENTARY INFORMATION: MUD's preferred Platte West alternative is located in Douglas and Saunders Counties, and consists of 40 to 46 vertical wells that would withdraw groundwater to provide additional water for future growth of the Omaha metropolitan area. It is anticipated that the 30-year project could impact wetland habitat, as well as result in Platte River depletions. However, the location of the Platte West site, which is situated near future growth areas, as well as the quality and volume of water available at the site and the relatively low cost of the water, make the Platte West site the preference for MUD. Information on the costs and environmental impacts of the six alternatives (which includes the no-action alternative) are detailed in the DEIS.

Currently, the water supply for the Omaha metropolitan area consists of the Florence water treatment plant (67.5% of total capacity) which gets its water from the Missouri River, and the Platte South wellfield (25.5% of total capacity) which gets water from the groundwater in the Platte River aquifer. The remaining water (7% of total capacity) comes from smaller wellfields in Millard and Elkhorn. One of the purposes of the wellfield expansion project is to diversify the water supply so Omaha is not as dependent on any one water source as the city is currently. This diversification concept or planned redundancy increases the reliability of the overall water supply system by providing a back-up water supply in the event of an interruption of water supply or contamination of source water.

The Corps' role in this process is to determine whether a Section 404 (Clean Water Act) permit should be issued, issued with conditions, or denied. The Corps is neither a proponent nor opponent of the project, but is required through the National Environmental Policy Act to disclose the impacts of the project and reasonable alternatives.

An earlier DEIS was released for public comment in February of 1999. Numerous public and agency comments were received at that time. In the process of addressing these comments, additional reasonable alternatives were identified and included in the NEPA process, which has resulted in the release of a revised DEIS. The public may comment on the full range of alternatives now available. MUD's

preferred alternative has remained the same for both DEIS's, although estimated Platte River depletions and estimated wetland impacts have each decreased slightly from the 1999 proposal. A public hearing to comply with the Section 404 permit process has already been held in conjunction with public meetings in 1999.

If the proposed Platte West alternative is permitted, land use changes could be expected in the vicinity of the wellfields over the next 30 years, and could also result in impacts to the Two Rivers State Recreation Area near Venice, Nebraska. A separate agreement between the Commission and MUD would allow for funding for deepening the lakes in mitigation for the groundwater reduction.

Additionally, a trust fund consisting of nearly \$1 million will be established, if the Platte West alternative is permitted, in order to compensate for Platte River depletions. The intent is to use the fund to develop a backwater area and wetland mitigation site near LaPlatte, Nebraska. This proposed plan for mitigation is being coordinated with various agencies.

Dated: March 7, 2001.

Mark E. Tillotson,

Colonel, Corps of Engineers, District Engineer.

Inland Waterways Users Board; Meeting

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of open meeting.

SUMMARY: In accordance with 10(a)(2) of the Federal Advisory Committee Act, Public Law (92-463) announcement is made of the next meeting of the Inland Waterways Users Board. The meeting will be held on April 11, 2001, in New Orleans, Louisiana, at the Wyndham Hotel New Orleans at Canal Place, 100 Rue Iberville (Tel. (504) 566-7006). Registration will begin at 7:30 a.m. and the meeting is scheduled to adjourn at 1 p.m. The meeting is open to the public. Any interested person may attend, appear before, or file statements with the committee at the time and in the manner permitted by the committee.
