SUPPLEMENTARY INFORMATION:

Title: The New Source Performance Standards (NSPS) for Volatile Organic Liquid Storage Vessels at 40 CFR part 60, Subpart Kb (OMB Control Number 2060-0074, EPA ICR Number 1132.06), expiration date February 28, 2001. This is a request for an extension of a currently approved collection.

Abstract: The notification of construction, reconstruction or modification indicates when a storage vessel becomes subject to the standards. The information generated by the inspecting, recordkeeping and reporting requirements is used by the Agency to ensure that the storage vessel affected by the NSPS continues to operate the control equipment in a manner that helps achieve compliance with the NSPS.

Information is recorded in sufficient detail to enable owners or operators to demonstrate the means of complying with the applicable standards. Under this standard, the data collected by the affected owner/operator is retained at the facility for a minimum of two years and made available to the Administrator either on request or by inspection.

The information generated by the recordkeeping and reporting requirements are used by the Agency to ensure that facilities affected by the NSPS continue to operate in compliance with the NSPS.

The information collected from the recordkeeping and reporting requirements is also used for targeting inspections, and is of sufficient quality to be used as evidence in court.

Collection of this information is authorized at 40 CFR 60.7 and 60.110b. Any information submitted to the Agency, for which a claim of confidentiality is made, will be safeguarded according to the Agency policies set forth in Title 40, chapter 1, part 2, subpart B—Confidentiality of Business Information (see 40 CFR part 2: 41 FR 36902, September 1, 1976; amended by 43 FR 40000, September 8, 1978; 43 FR 42251, September 20, 1978; 44 FR 17674, March 23, 1979). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on December 22, 2000 (65 FR 80854). No comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 1 hour per respondent. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Owners of storage vessels for petroleum liquids and synthetic organic chemicals.

Estimated Number of Respondents: 580.

Frequency of Response: Semi-annually, Annually, Initial Reports.

Estimated Total Annual Hour Burden: 74,606 hours.

Estimated Total Annualized Capital, O&M Cost Burden: \$4,714,690.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1132.06 and

OMB Control No. 2060-0074 in any correspondence.

Dated: February 22, 2001.

II. Contractor Requirements

Under contract number 01-35-4713/172, the contractor will perform the following:

The Contractor shall create digitized multi-page tiff images from approximately 2.9 million microfiche frames of scientific reviews on pesticides. Preparing such images will allow the Health Effects Division (HED), Records Reference Center the ability to retrieve previously microfiched scientific reviews from CDs. Electronic accessibility of old scientific reviews will allow EPA the necessary capability to quickly obtain reviews of studies performed, and enabling efficient regulatory decisions. The Contractor shall have access to CBI, and will treat all scientific documents as confidential business information per EPA directives.

This contract involves no subcontractors.

OPP has determined that the contract described in this document involves work that is being conducted in connection with FIFRA, in that pesticide chemicals will be the subject of certain evaluations to be made under this contract. These evaluations may be used in subsequent regulatory decisions under FIFRA.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(3) the contract with Systems Integration Group, Inc., prohibits use of the information for any purpose not specified in the contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized

release and to handle it in accordance with the FIFRA Information Security Manual. In addition, Systems Integration Group, Inc. is required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Systems Integration Group, Inc. until the requirements in this document have been fully satisfied. Records of information provided to Systems Integration Group, Inc. will be maintained by EPA Project Officers for the contract. All information supplied to Systems Integration Group, Inc. by EPA for use in connection with the contract will be returned to EPA when Systems Integration Group, Inc. has completed its work.
