RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are Invited On: (a) whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (B) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of Information Collection: Withholding Certificate for Railroad Retirement Monthly Annuity Payments; OMB 3220-0149.

The Internal Revenue Code requires all payers of tax liable private pensions to U.S. citizens to: (1) Notify each recipient at least concurrent with initial withholding that the payer is, in fact, withholding benefits for tax liability and that the recipient has the option of electing not to have the payer withhold, or to withhold at a specific rate; (2) withhold benefits for tax purposes (in the absence of the recipient's election not to withhold benefits); and (3) notify all beneficiaries, at least annually, that they have the option of changing their withholding status or elect not to have benefits withheld.

The Railroad Retirement Board provides Form RRB-W4P, Withholding Certificate for Railroad Retirement Payments, to its annuitants to exercise their withholding options. Completion of the form is required to obtain or retain a benefit. One response is requested of each respondent.

No changes are being proposed to the current version of Form RRB W-4P used by the RRB. The RRB estimates that 25,000 annuitants utilize Form RRB W-4P annually. The completion time for Form RRB W-4P varies depending on individual circumstances. The average completion time for Form RRB W-4P is estimated at 40 minutes for recordkeeping, 20 minutes for learning about the law or the form, and 49 minutes for preparing the form.

Applicant's Representations

1. Harris is a New York corporation. On July 26, 1995, Harris elected to become regulated as a business development company pursuant to section 54(a) of the Investment Company Act of 1940.

2. Harris proposes to qualify as a "regulated investment company" under section 851(a) of the Code pursuant to section 851(e) of the Code. Section 851(b) of the Code imposes certain portfolio diversification requirements on investment companies that seek to qualify as a regulated investment company. Section 851(e) of the Code provides an exemption from these diversification requirements if the investment company, among other things, obtains a certification from the SEC that the investment company is principally engaged in the furnishing of capital to other corporations which are principally engaged in the development or exploitation of inventions, technological improvements, new processes or products not previously generally available (collectively, "Development Corporations").

3. Harris has filed an application seeking a certification pursuant to section 851(e) of the Code for the fiscal year ended December 31, 2000. The application describes certain companies in Harris' portfolio during the fiscal year ended December 31, 2000, that Harris believes to be Development Corporations. Harris states that, in making this determination, it relied upon information provided by the portfolio companies to Harris and to others, including but not limited to, offering circulars, prospectuses, analyst reports, internal company memoranda, patent applications and similar documents. In addition, Harris generally is represented on the boards of directors of its portfolio companies through member or observer status, and also has direct access to senior management of the companies.

4. The following table shows the composition of the total assets of Harris as of each of the calendar quarters ended March 31, June 30, September 30, and December 31, 2000, as set forth in the application.

Assets (at value)	Mar. 31, 2000	June 30, 2000	Sept. 30, 2000	Dec. 31, 2000
Investments representing capital furnished to corporations believed to be Development Corporations	\$51,017,259	\$36,296,794	\$40,120,025	\$26,513,426
Other Investments, Cash and Cash Equivalents ¹	5,319,554	8,042,797	15,019,980	16,283,802
Other Assets	536,887	475,704	523,247	546,195
Total Assets	56,873,700	44,815,295	55,663,252	43,343,423

¹ In this category, the value of "Other Investments" was \$25,000 at the end of each calendar quarter of 2000.

As reflected in the table above, Development Companies comprised the following percentages of the total assets less cash and cash equivalents of Harris at the end of each calendar quarter of 2000: March 31, 98.9%; June 30, 98.6%; September 30, 95.1%; and December 31, 96.3. %.

Certification

On the basis of the information set forth in the application, it appears that Harris was principally engaged in the furnishing of capital to Development Corporations within the meaning of section 851(e) of the Code in the fiscal year ended December 31, 2000. It is therefore certified to the Secretary of the Treasury, or his delegate, pursuant to section 851(e) of the Code, that Harris was, for the twelve months ended December 31, 2000, principally engaged in the furnishing of capital to other corporations which are principally engaged in the development or exploitation of inventions, technological improvements, new processes or

products not previously generally available.

For the SEC, by the Division of Investment Management, pursuant to delegated authority.

Margaret H. McFarland,

Deputy Secretary.
