DEPARTMENT OF COMMERCE

International Trade Administration

[A-475-811, A-588-831, C-475-812]

Continuation of Antidumping Duty Orders and Countervailing Duty Order: Grain-Oriented Silicon Electrical Steel From Italy and Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of continuation of antidumping duty orders and countervailing duty order: grain-oriented silicon electrical steel from Italy and Japan.

SUMMARY: On July 5, 2000, and November 1, 2000, the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the antidumping duty orders on grain-oriented silicon electrical steel ("GOES") from Italy and Japan (65 FR 41433) and the countervailing duty order on GOES from Italy (65 FR 65295) would be likely to lead to continuation or recurrence of dumping, or countervailable subsidy, as applicable.

On March 1, 2001, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (66 FR 12958 (March 1, 2001)). Therefore, pursuant to 19 CFR 351.218(f)(4), the Department is publishing this notice of continuation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan.

EFFECTIVE DATE: March 14, 2001.

FOR FURTHER INFORMATION CONTACT: Martha V. Douthit or James P. Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14 Street and Constitution Ave., NW, Washington, D.C. 20230; telephone: (202) 482-5050 or (202) 482-3330, respectively.

SUPPLEMENTARY INFORMATION

Background

On December 1, 1999, the Department initiated (64 FR 67247), and the Commission instituted (64 FR 67318), sunset reviews of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan pursuant to section 751(c) of the Act. As a result of these reviews, the Department found that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margins likely to prevail were the orders revoked.¹ In addition, the Department found that revocation of the countervailing duty order would likely lead to continuation of a countervailable subsidy and notified the Commission of the net subsidy likely to prevail, as well as the nature of the subsidy.²

On March 1, 2001, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Orders

The scope of these orders includes GOES, which is a flat-rolled alloy steel product containing by weight at least 0.6 percent of silicon, not more than 0.08 percent of carbon, not more than 1.0 percent of aluminum, and no other element in an amount that would give the steel the characteristics of another alloy steel, of a thickness of no more than 0.56 millimeters, in coils of any width, or in straight lengths which are of a width measuring at least 10 times the thickness, as currently classifiable in

² Grain-Oriented Electrical Steel from Italy; Final Results of Full Sunset Review of Countervailing Duty Order, 65 FR 65295 (November 1, 2000).

³ Grain-Oriented Silicon Electrical Steel From Italy and Japan, 66 FR 12958 (March 1, 2001) and USITC Publication 3396 (February 2001), Investigation Nos. 701-TA-355 and 701-TA-659-660 (Review).

the Harmonized Tariff Schedule of the United States ("HTS") under item numbers 7225.10.0030, 7226.10.1030, 7226.10.5015, and 7226.10.5056. Although the HTS subheadings are provided for convenience and customs purposes, our written descriptions of the scope of these orders are dispositive.

Determination

As a result of the determinations by the Department and the Commission that revocation of the antidumping duty orders and the countervailing duty order would likely lead to continuation or recurrence of dumping or countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan. The effective date of continuation of this order will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to section 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this order not later than February 2006.

Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of the Assistant Secretary for Import Administration.

Dated: March 8, 2001.

Bernard T. Carreau,
Deputy Assistant Secretary, Import Administration.

Gray Portland Cement and Clinker From Mexico; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On September 7, 2000, the Department of Commerce published the preliminary results of its administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. On January 5, 2001, and January 31, 2001, the Department of Commerce published notices of extension of the due date for the final

results. The review covers one manufacturer/exporter, CEMEX, S.A. de C.V. (CEMEX), and its affiliate, Cementos de Chihuahua, S.A. de C.V. (CDC). The period of review is August 1, 1998, through July 31, 1999.

Based on our analysis of the comments received, we have made changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margin is listed below in the section entitled "Final Results of Review."

EFFECTIVE DATE: March 14, 2001.

FOR FURTHER INFORMATION CONTACT: David Dirstine or Minoo Hatten, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-4033 and (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR Part 351 (April 1999).

Background

On September 7, 2000, the Department published in the **Federal Register** the preliminary results of its administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. *Preliminary Results of Antidumping Duty Administrative Review: Gray Portland Cement and Clinker From Mexico*, 65 FR 54220 (September 7, 2000) (preliminary results). On January 5, 2001, and January 31, 2001, the Department published notices of extension of final results. *Gray Portland Cement and Clinker From Mexico; Notice of Extension of Final Results of Antidumping Duty Administrative Review*, 66 FR 1078 (January 5, 2001) and 66 FR 8384 (January 31, 2001). As discussed in detail in the preliminary results of review, we have collapsed CEMEX and CDC for this review and calculated a single weighted-average margin for these companies.

We invited parties to comment on our preliminary results of review. The Department has conducted this

administrative review in accordance with section 751(a) of the Act.

Scope of the Review

The products covered by this review include gray portland cement and clinker. Gray portland cement is a hydraulic cement and the primary component of concrete. Clinker, an intermediate material product produced when manufacturing cement, has no use other than being ground into finished cement. Gray portland cement is currently classifiable under Harmonized Tariff Schedule (HTS) item number 2523.29 and cement clinker is currently classifiable under HTS item number 2523.10. Gray portland cement has also been entered under HTS item number 2523.90 as "other hydraulic cements." The HTS subheadings are provided for convenience and customs purposes only. The Department's written description remains dispositive as to the scope of the product coverage.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by interested parties to this administrative review are addressed in the "Decision Memorandum for the Final Results" (Decision Memorandum) from Richard W. Moreland, Deputy Assistant Secretary for Import Administration, to Bernard T. Carreau, Deputy Assistant Secretary, AD/CVD Enforcement II, dated March 5, 2001, which is hereby adopted into this notice. A list of the issues which parties have raised and to which we have responded, all of which are in the Decision Memorandum, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, Room B-099 of the main Department Building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have reclassified certain reported export price sales as constructed export price sales and made certain changes in the margin calculations. We have also corrected certain programming and clerical errors in our preliminary results, where applicable. These changes as well as any alleged programming or clerical errors with which we do not agree are

discussed in the relevant sections of the Decision Memorandum.

Final Results of Review

We determine that the following weighted-average margin exists for the collapsed parties, CEMEX and CDC, for the period August 1, 1998, through July 31, 1999:

Company	Margin
CEMEX/CDC	39.34%

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated an exporter/importer-specific assessment value. The Department will issue appraisal instructions directly to the Customs Service.

Cash Deposit Requirements

The following deposit requirements shall be effective upon publication of this notice of final results of administrative review for all shipments of gray portland cement and clinker from Mexico, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) the cash deposit rate for CEMEX/CDC will be 39.34 percent; (2) for previously investigated or reviewed companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this or any previous reviews or the original less-than-fair-value (LTFV) investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 61.85 percent, which was the "all others" rate in the LTFV investigation. *See Final Determination of Sales at Less Than Fair Value: Gray Portland Cement and Clinker from Mexico*, 55 FR 29244 (July 18, 1990).

The deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption

that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 6, 2001.

Timothy J. Hauser,

Acting Under Secretary for International Trade.

Stainless Steel Plate in Coils From the Republic of Korea: Extension of Time Limit for the Preliminary and Final Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for the preliminary and final results of antidumping duty administrative review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the preliminary and final results of the review of stainless steel plate in coils from the Republic of Korea. This review covers the period

November 4, 1998 through April 30, 2000.

EFFECTIVE DATE: March 14, 2001.

FOR FURTHER INFORMATION CONTACT: Rick Johnson at (202) 482-3818; Office of AD/CVD Enforcement, Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

The Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA).

Postponement of Preliminary and Final Results

On December 26, 2000, we published an extension of the preliminary results by 45 days. *See* 65 FR 81488. The Department has now determined that it is not practicable to issue its preliminary and final results of the administrative review within the current time limit of March 17, 2001, and July 15, 2001. *See Decision Memorandum from Edward C. Yang, Director, Office 9, to Joseph A. Spetrini, Deputy Assistant Secretary, Enforcement Group III.* Therefore, the Department is extending the time limit for completion of the preliminary results until May 31, 2001, in accordance with section 751(a)(3)(A) of the Act. In addition, the Department is extending the time limit for completion of the final results until 180 days after the date of publication of the preliminary results, in accordance with section 751(a)(3)(A) of the Act.

Dated: March 7, 2001.

Joseph A. Spetrini,

Deputy Assistant Secretary, Enforcement Group III.

Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils From Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for the preliminary results of antidumping duty administrative review.

SUMMARY: The Department of Commerce ("Department") is extending the time limit for the preliminary results of the review of stainless steel sheet and strip in coils from the Republic of Korea. This review covers the period January 4, 1999 through June 30, 2000.

EFFECTIVE DATE: March 14, 2001.

FOR FURTHER INFORMATION CONTACT: Rick Johnson, AD/CVD Enforcement Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3818.

The Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act ("URAA").

Extension of Time Limit for Preliminary Results

On January 5, 2001, we published an extension of the preliminary results by 90 days. *See* 66 FR 01386. Because of the complex issues enumerated in the Memorandum from Edward C. Yang to Joseph A. Spetrini, *Extension of Time Limit for the Preliminary Results of Administrative Review of Certain Stainless Steel Sheet and Strip in Coils from Korea*, on file in the Central Records Unit (CRU) of the Main Commerce Building, Room B-099, we find that it is not practicable to complete this review by the scheduled deadline of July 2, 2001. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the preliminary results of review by 30 days until August 1, 2001.

Dated: March 7, 2001.

Joseph A. Spetrini,

Deputy Assistant Secretary, AD/CVD Enforcement Group III.
