[Docket No. RP96-312-045]

**Tennessee Gas Pipeline Company;
Notice of Negotiated Rate Filing**

April 17, 2001.

Take notice that on April 11, 2001, Tennessee Gas Pipeline Company (Tennessee), tendered for filing and approval a Gas Transportation Agreement between Tennessee and Virginia Power Energy Marketing, Inc. (VEPCO) pursuant to Tennessee's Rate Schedule FT-A (FT-A Agreement) for firm service commencing January 1, 2002 and ending January 31, 2002, and a copy of a March 26, 2001 Firm Transportation Negotiated Rate Agreement entered into between Tennessee and VEPCO (Negotiated Rate Agreement). The filed FT-A Agreement and the Negotiated Rate Agreement reflect a negotiated rate arrangement between Tennessee and VEPCO to be effective April 15, 2001.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. [Docket Nos. RP98-198-003 and RP85-177-128]

**Texas Eastern Transmission
Corporation; Notice of Compliance
Filing**

April 17, 2001.

Take notice that on April 11, 2001, Texas Eastern Transmission Corporation (Texas Eastern) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1 and Original Volume No. 2, the revised tariff sheets listed on Appendix A to the filing, to become effective as reflected thereon.

Texas Eastern states that the purpose of this filing is to comply with Section 4.05 of the Joint Stipulation and Agreement Amending Global Settlement (Amended Global Settlement) approved by the Commission in its order issued August 28, 1998, [See Texas Eastern Transmission Corp., 84 FERC 61,200 (1998)] and Section 157.217 of the Commission's Regulations (18 CFR 157.217). Texas Eastern states that pursuant to the Amended Global Settlement its customers were afforded rights to convert their Part 157 service to Part 284 open access service.

Texas Eastern also states that the Amended Global Settlement provided that the Commission's approval thereof shall constitute all abandonment and certificate authorization required to implement any such conversions. Texas Eastern states that the purpose of this filing is to make the appropriate tariff revisions to reflect contract conversions resulting from the exercise by those customers which so elected to exercise their Amended Global Settlement conversion rights.

Texas Eastern states that copies of the filing were mailed to all affected customers of Texas Eastern and interested state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the

[Docket No. CP99-580-002]

Southern LNG, Inc.; Notice of Availability of the Environmental Assessment for the Proposed Sendout Modification Project

April 17, 2001.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) on the natural gas facilities proposed by Southern LNG, Inc. (Southern LNG) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the proposed project which includes construction and operation of facilities at Southern LNG's existing liquefied natural gas (LNG) import terminal on Elba Island in Chatham County, Georgia. Southern LNG would increase the peak vaporization from 540 to 675 million cubic feet per day (MMCFD). This would allow Southern LNG to increase the throughput capacity of the LNG Terminal. LNG storage capacity would not change. Southern LNG proposes to:

- Replace the existing five 108 MMCFD Ryan Industries LNG submerged combustion vaporizers with five 135 MMCFD state-of-the-art submerged combustion water bath heaters; and
- Install an additional secondary LNG pump to supply additional LNG for the increased capacity of the vaporizers.

This filing is related to Docket No. CP99-582-003 (Section 284, Subpart G blanket certificate) where Southern LNG proposes to amend the initial rates approved in the Commission's March 16, 2000 *Order Issuing Certificate, Section 3 Authorization, and Denying Request for Rehearing*. No facilities are proposed for construction in this application.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 208-1371.
