

the secretary of the interior and published in the **Federal Register** according to the laws of the United States.

Whereas, over the years since opening of the Cochiti Dam and Reservoir, there has been a continuous and growing problem involving disorderly conduct and excessive public consumption of alcohol in the Cochiti Dam and Reservoir area by Indians and non-Indians, which conduct has greatly increased the burdens on tribal, federal, and state law enforcement, and has seriously interfered with the development of family and other recreational uses of the Reservoir area, which misconduct cannot be effectively combated without a change in the Pueblo's liquor laws applicable to the Cochiti Reservoir area; and,

Whereas, the U.S. Army Corps of Engineers, which manages the lands and waters of the public area and project area of the Cochiti Dam and Reservoir, concurs with the need for this Amended Ordinance and has indicated its intent to promulgate its own restrictions for Cochiti Dam and Reservoir pursuant to 36 CFR part 327 to prohibit the possession and consumption of alcoholic beverages throughout the lands and waters of the public area and project area of the Cochiti Dam and Reservoir, the violation of which may give rise to prosecution by the United States.

Now, therefore, be it ordained and enacted as follows:

Section 1: The introduction, sale and possession of intoxicating beverages shall be lawful within the Indian country under the jurisdiction of the Pueblo de Cochiti, subject, however, to the following provisions:

(a) Except as set forth in (b) of this Section, and to the extent required by Federal law, such introduction, sale and possession is in conformity with the laws of the State of New Mexico;

(b) The sale of intoxicating beverages within such Indian country by any person other than the Pueblo de Cochiti shall be pursuant to license and regulations issued by the Pueblo de Cochiti Council;

(c) Except as permitted in subsection (d) the introduction, possession, consumption, sale, purchase, or use of intoxicating beverages as defined at 18 U.S.C. 1154 shall again be unlawful as provided by 18 U.S.C. 1154 and 1156 within the following location within the territorial jurisdiction of the Pueblo de Cochiti: all lands and waters encompassed by the easement granted by the Pueblo de Cochiti to the United States of America through the United States Army Corps of Engineers, United States Army Engineer District,

Albuquerque, New Mexico, in connection with the Cochiti Dam and Reservoir as set forth in the Amended Easement Grant and Agreement included in the Master Plan Design Memorandum No. 13, Cochiti Lake, Rio Grande, New Mexico, U.S. Army Engineer District, Albuquerque (May 1973);

(d) This subsection shall not prohibit the transportation in a moving motor vehicle of unopened containers of intoxicating beverages, with the cap, pop top or seal intact, across the area described above; and

(e) The effect of this amended ordinance shall be to reinstate the application of 18 U.S.C. 1154 and 1156 as to all lands and waters within the public area and project area of the Cochiti Dam and Reservoir.

Section 2: The Pueblo de Cochiti Council is hereby vested with full power and authority to adopt regulations pursuant to and consistent with this ordinance. Regulations thus adopted are not enforceable until approved by the Secretary.

Section 3: Any laws, resolutions or ordinances of the Pueblo de Cochiti in conflict with the provisions of this Ordinance are hereby repealed. Specifically, the said Ordinance of May 22, 1966 as amended May 26, 1981 is hereby amended to conform to this Ordinance.

Section 4: In the event any provision of this Ordinance is held to be invalid, or the application of this Ordinance or any provision thereof to any person or circumstances is held to be invalid, the remaining provision for the application of this Ordinance or any provision thereof to other persons or circumstances shall not be affected by such invalidity and to such extent, the terms and provisions of this Ordinance are declared to be severable.

Section 5: Civil Penalties. A. The civil penalty for a violation of this Ordinance by any person shall be a fine as may be established from time to time by the Tribal Council of the Pueblo de Cochiti in addition to any other remedy ordered by the tribal court or tribunal. Repeat violators of this Ordinance may be subject to permanent expulsion from the territorial jurisdiction of the Pueblo de Cochiti as a civil penalty upon notice and a hearing on the matter before a Pueblo de Cochiti tribunal.

B. Because this Ordinance is intended to protect the health, safety or welfare of the people of the Pueblo de Cochiti by prohibiting conduct that directly affects the health, safety and welfare of the Tribe, non-Indian violators, as well as Indian violators, shall be subject to

the Pueblo's civil jurisdiction for the enforcement of this Ordinance.

C. For purposes of this Section, "Indian" shall be defined as a person who is a member of a federally recognized tribe, or an Alaskan Native, and who would be an Indian for purposes of 18 U.S.C. 1152 and 1153.

Section 6: Criminal Penalties. A. Violations of 18 U.S.C. 1154 and 1156 by any person may give rise to prosecution by the United States and punishment by a fine or imprisonment, or both, as provided by federal law.

B. Violations of this ordinance by Indians may also be subject to such criminal penalties as may be established from time to time by the Pueblo de Cochiti Tribal Council, subject to the limitations imposed by 25 U.S.C. 1302(7). Repeat violators of this Ordinance may be subject to permanent expulsion from the territorial jurisdiction of Pueblo de Cochiti upon notice and a hearing on the matter before a Pueblo de Cochiti tribunal.

C. For purposes of this Section, "Indian" shall be defined as a person who is a member of a federally recognized tribe, or an Alaskan Native, and who would be an Indian for purposes of 18 U.S.C. 1152 and 1153.

Section 7: The Ordinance shall be effective upon its certification by the Secretary of the Interior and its publication in the **Federal Register**.

Announcement of Public Scoping Meetings To Develop a Travel Management Plan for Public Lands Managed by the Bureau of Land Management, Kremmling Field Office in Colorado

AGENCY: Bureau of Land Management (BLM) Kremmling Field Office, Department of Interior.

ACTION: Notice of intent to conduct public scoping and prepare an environmental analysis (EA) to develop the travel management plan.

SUMMARY: In accordance with the National Environmental Policy Act, notice is hereby given that the Bureau of Land Management (BLM) is preparing an Environmental Analysis to address management of roads and trails on lands administered by the Kremmling Field Office in Colorado.

DATES: Written comments will be accepted until May 30, 2001. The following public scoping meetings are scheduled:

April 25: Kremmling—BLM Field Office—7 pm to 9 pm

April 26: Walden—Wattenburg Center—7 pm to 9 pm

ADDRESSES: Comments should be sent to the Kremmling Field Office, Bureau of Land Management, Colorado State Office, P.O. Box 68 Kremmling, Colorado, 80459.

SUPPLEMENTAL INFORMATION: The use of OHVs, snowmobiles, mountain bikes and horses, an important use of the public lands, has risen tremendously in recent years creating numerous management concerns:

- The capability of the land to sustain increasing use and still meet land health standards.
- The proliferation of new, unplanned roads and trails in many areas that have or will lead to unacceptable resource damage.
- Advances in technology that allow greater ability to access previously inaccessible locations.
- Existing land use designations that allow cross-country vehicle travel on BLM-administered land within the Kremmling Field Office.
- Designated road and trail land use designations have not been implemented.

These concerns, along with those identified by the public and listed in BLM guidance will be considered in the EA. The BLM critical elements of the human environment include: air quality; areas of critical environmental concern; cultural resources; prime farmland; flood plains; Native American religious concerns; threatened and endangered species; hazardous and solid wastes; water quality; wetlands; wild and scenic rivers; and wilderness.

The public is asked to identify issues they believe should be assessed in the EA and provide ideas and suggestions on alternatives to the proposed action they think should be considered. The EA scoping meetings will provide one such opportunity to provide issues and alternatives.

FOR FURTHER INFORMATION CONTACT: John Arkins, Outdoor Recreation Planner, Kremmling Field Office (970) 724-3437.

Dated: March 21, 2001.

Dave Harr,
Field Manager.

Resource Advisory Council Meeting

AGENCY: Northwest California Resource Advisory Council; Arcata, CA; Bureau of Land Management, Interior.

ACTION: Notice of meeting location change.

SUMMARY: Pursuant to the authorities in the Federal Advisory Committees Act (Public Law 92-463) and the Federal Land Policy and Management Act (Public Law 94-579), the U.S. Bureau of Land Management's Northwest California Resource Advisory Council will meet Wednesday and Thursday, April 18 and 19, 2001, for a business meeting and field tour. The meeting and tour are open to the public, but anyone attending must provide their own transportation and lunch. The location of the field tour has been changed from the proposed Lost Coast Headlands Project to the Falk town site in the Headwaters Forest Reserve.

SUPPLEMENTARY INFORMATION: The original meeting notice was published in the **Federal Register** on March 28, 2001 (Vol. 66, No. 60, page 16958). Details of the meeting are unchanged from that publication.

FOR ADDITIONAL INFORMATION CONTACT: Lynda J. Roush, Arcata Field Manager, at (707) 825-2300.

Joseph J. Fontana,
Public Affairs Officer.
