

that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) title; (3) summary of the collection; (4) description of the need for, and proposed use of, the information; (5) respondents and frequency of collection; and (6) reporting and/or recordkeeping burden. OMB invites public comment.

DEPARTMENT OF EDUCATION

[CFDA No.: 84.214A]

Migrant Education Even Start Program

AGENCY: Department of Education.

Notice inviting applications for new awards for fiscal year (FY) 2002.

Note to Applicants: This notice is a complete application package. Together with the statute authorizing the program and the Education Department General Administrative Regulations, the notice contains all of the information, application forms, and instructions needed to apply for a grant under this competition.

Purpose of Program: The Migrant Education Even Start (MEES) program is designed to help break the cycle of poverty and improve the literacy of participating migratory families by integrating early childhood education, adult literacy or adult basic education (including English language training, as appropriate), and parenting education into a unified family literacy program.

Eligible Applicants: While any entity is eligible to apply for a grant under the MEES program, the Assistant Secretary for Elementary and Secondary Education specifically invites applications from State educational agencies (SEAs) that administer migrant education programs; local educational agencies (LEAs) that have a high percentage of migratory students; non-profit community-based organizations that work with migratory families; and faith-based organizations, provided that they meet all statutory and regulatory requirements.

The Assistant Secretary also invites applications from novice applicants. "Novice applicant" means any applicant for a grant from the U.S. Department of Education (the

Department) that has never received a grant or subgrant under the MEES program; has never been a participant in a group application, submitted in accordance with sections 75.127-75.129 of the Education Department General Administrative Regulations (EDGAR), that received a grant under the program from which it sought funding; and has not had an active discretionary grant from the Federal Government in five years before the deadline date for applications under the MEES program. (34 CFR 75.225.)

The Assistant Secretary has determined that special consideration of novice applications is appropriate and will give competitive preference of 5 points to eligible novice applicants under the procedures in 34 CFR 75.105 (c)(2). In addition, before making a grant to a novice applicant, the Assistant Secretary imposes special conditions, if necessary, to ensure that the grant is managed effectively and project objectives are achieved.

(Authority 20 U.S.C. 1221e-3 and 3474.)

Deadline for Transmittal of Applications: July 5, 2002.

Deadline for Intergovernmental Review: September 3, 2002.

Available Funds: For FY 2002, approximately \$7,000,000 is available for this program.

Estimated Range of Awards: \$75,000-\$300,000.

Estimated Average Size of Awards: \$250,000.

Estimated Number of Awards: 20-25.

Note: The Department is not bound by any estimates in this notice.

Project Period: 48 months.

Applicable Regulations:

(a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 85, 97, 98, and 99. (b) The definitions of a migratory child, a migratory agricultural worker and a migratory fisher contained in 34 CFR 200.40.

Waiver of Proposed Rulemaking: In the "Program Description" and "Required Program Elements" sections of this notice, the Assistant Secretary has interpreted provisions in ESEA sections 1231 and 1235 to require an emphasis on reading proficiency as the basis for academic success in program that underscores programs such as Reading First and Early Reading First.

It is the Assistant Secretary's practice, in accordance with the Administrative Procedure Act (5 U.S.C. 553), to offer interested parties the opportunity to comment on proposed rules and competitive preferences. Section 437(d)(1) of the General Education

Provisions Act (GEPA), however, allows the Assistant Secretary to exempt from rulemaking requirements rules governing the first grant competition under a new or substantially revised program authority (20 U.S.C. 1232(d)(1)). The Assistant Secretary, in accordance with section 437(d)(1) of GEPA, has decided to forego public comment in order to ensure timely grant awards.

Description of Program: Under the authority of section 1232(a)(1)(A) of the Elementary and Secondary Education Act (ESEA), as amended by the No Child Left Behind Act of 2001, the Assistant Secretary awards grants to eligible applicants under the MEES program for projects that—

(1) Improve the educational opportunities of migratory families by integrating early childhood education, adult literacy or adult basic education (including English language training, as appropriate), and parenting education into a unified program of family literacy services.

(Note: Each project must use the grant funds to provide intensive family literacy services that involve parents and children, from birth through age seven, in a cooperative effort to help parents become full partners in the education of their children and to help children in reaching their full potential as learners. See ESEA section 1234(a).)

As defined in ESEA section 9101(20) "Family literacy services" means services provided to participants on a voluntary basis that are of sufficient intensity in terms of hours, and of sufficient duration, to make sustainable changes in a family, and that integrate all of the following activities:

(A) Interactive literacy activities between parents and their children.

(B) Opportunities for parents, the first teachers, to improve the academic achievement of the their children.

(C) Adult literacy training that advances parents reading achievement and academic success.

(D) An early childhood education that improves reading readiness and prepares children for success in school.

(2) Are implemented through cooperative projects that build on high-quality existing community resources to create a new range of services.

(3) Promote the academic achievement of children and adults.

(4) Assist children and adults from low-income families to achieve to challenging State content standards and challenging State student academic achievement standards; and

(5) Use instructional programs based on scientifically based reading research and the prevention of reading difficulties for children and adults.

Program Requirements:

Eligible participants. Eligible MEES participants consist of migratory children and their parents as defined in 34 CFR 200.30 and 200.40 who also meet the following conditions specified in ESEA, section 1236(a):

(1) The parent or parents—

(i) Are eligible for participation in an adult basic or adult secondary education program under the Adult Education and Family Literacy Act; or

(ii) Are younger than the State's compulsory school attendance age, as long as a local educational agency provides (or ensures the availability of) the basic education component MEES requires, or who are attending secondary school; and

(2) The child or children of the parent described in paragraph (c) must be younger than eight years of age.

(Note: Family members of eligible participants described in paragraphs (a)(1) and (a)(2) may also participate in MEES activities. These participants may include siblings, grandparents, and other family members so long as one or more eligible children and their parents or guardian participate in the core services. In addition, section 1236(b) of the ESEA, as amended, permits families to remain eligible for MEES services until all family members become ineligible to participate. For example, in the case of a family in which the parent or parents lose eligibility because of their educational advancement, the parent or parents can still participate in MEES activities until all children in the family reach age eight. When all children in the family have reached age eight, the family continues to be eligible for Even Start services for two more years (until the youngest participating child turns ten) or until the parents are no longer eligible for adult basic education under the Adult Education and Family Literacy Act, whichever occurs first. In addition, the Department interprets 34 CFR 200.30 together with ESEA section 1236(b)(3), to mean that MEES services may continue to be provided to a parent or child who is no longer migratory, provided that the family has at least one parent or child who is a migratory worker or migratory child as these terms are defined under 34 CFR 200.40.)

Required program elements. Any MEES project must, at a minimum, incorporate the following program elements specified in ESEA section 1235:

1. Identification and recruitment of migratory families most in need of MEES services, as indicated by a low level of income, a low level of adult literacy or English language proficiency of the eligible parent or parents, and other need-related indicators.

(Note: MEES program services may be provided in communities where migratory families have resided for extended periods of

time. 34 CFR 200.30 and 200.40 permit children to be eligible for MEES services for up to three years after the children make a move that makes them eligible for the Migrant Education Program (MEP). However, in developing and using their need-related indicators to identify and recruit those families most in need of MEES program services, the Assistant Secretary believes that the most effective MEES projects are likely to focus on families that are highly mobile or who have only recently moved to the communities that projects propose to serve. In this regard, the MEP statute (section 1304(d) of the ESEA) requires that migratory students whose education has been interrupted and who are at most risk of failing be given a priority for the services that the program offers. While this MEP priority is not an explicit requirement of the MEES program, we assume, given the purpose of the MEES program, that those families receiving a priority under the MEP also have the greatest need for MEES services.)

2. Screening and preparation of children and parents, including teenage parents, to enable them to participate fully in program activities and services, including testing, referral to necessary counseling, and other developmental and support services.

3. High-quality, intensive instructional programs that teach reading skills and informs parents how to support the educational growth of their children; developmentally appropriate early childhood educational services; and preparation of children for success in the regular school programs.

4. Accommodation of participants' work schedules and other responsibilities, including the provision of support services necessary for participation in the activities, when such services are unavailable from other sources, such as—

(A) Scheduling and locating services to allow joint participation by parents and children;

(B) Child care for the period that parents are participating in the program provided under this part; and

(C) Transportation to enable parents and their children to participate in the MEES program;

5. Qualifications of project staff whose salaries are paid partially or totally with MEES or other federal Even Start funds. Projects must meet the following requirements:

(A) A majority of the staff providing academic instruction (1) must have obtained an associate's, bachelor's, or graduate degree in a field related to early childhood education, elementary or secondary school education, or adult education, and, (2) if applicable, must meet State qualifications for early childhood, elementary, or secondary school education, or adult education provided as part of an Even Start

program or another family literacy program.

(i) By December 21, 2004, the individual responsible for MEES local project administration must have received training in the operation of a family literacy program; and

(ii) By December 21, 2004, paraprofessionals who provide support for academic instruction must have a high school diploma or its recognized equivalent.

6. Special training of staff, including childcare staff, to develop the skills necessary to work with parents and young children in the full range of instructional services that MEES offers.

7. Provision and monitoring of integrated instructional services to participating parents and children through home-based activities.

8. Operation on a year-round basis, including the provision of instructional and enrichment services, during the summer.

Note: For MEES projects, the Assistant Secretary interprets the requirement for year-round services to mean that project activities must be conducted throughout the period in which participating migratory families reside in the project area, and that alternative activities or services are offered when participating families work and reside outside the project area.

9. Recruitment and retention that encourages participating families to attend regularly and remain in the program for a period of time sufficient to meet their program goals.

10. Promotion of the continuity of family literacy, if applicable, to ensure that individuals retain and improve their educational outcomes.

11. Appropriate coordination with other ESEA programs, any relevant programs under the Adult Education and Family Literacy Act, the Individuals with Disabilities Education Act, Title I of the Workforce Investment Act of 1998, Head Start, volunteer literacy programs, and other relevant programs.

Note: In addition, to promoting strong community collaboration, ESEA sections 1232(e) and 1237(a) require applicants for grants under the SEA-administered Even Start Family Literacy program administered by SEAs to be partnerships composed of: (1) A local educational agency (LEA), and (2) a non-profit community-based organization, a public agency other than an LEA, an institution of higher education, or a public or private nonprofit organization of demonstrated quality other than an LEA. While these provisions are not requirements of the MEES program, the Assistant Secretary believes that the most effective MEES projects are also likely to contain strong, on-going collaborative relationships among these kinds of local entities.

12. Use of instructional programs based on scientifically based reading research (as defined in ESEA section 1208) for children and adults.

13. Include preschool reading skills for preschool children that are based on scientifically based reading research, to ensure that children enter school ready to learn to read.

14. Provide for an independent evaluation of the program to be used for program improvement.

Note: The Assistant Secretary encourages projects to use evaluators for MEES projects who understand the family literacy model, who are able to work with the project as a partner in designing the evaluation, and who will help the project use its on-going evaluation results in a way that ensures continuous program improvement.

Federal and local funding. A MEES project's funding is composed of both a Federal portion of funds (Federal share) and a portion contributed by the eligible applicant (local share). ESEA section 1234 states that the Federal share of the program may not exceed—

- 90 percent of the total cost of the project in the first year of the applicant's first project period;
- 80 percent in the second year;
- 70 percent in the third year;
- 60 percent in the fourth year;
- 50 percent in the fifth, sixth, seventh, and eighth years; and
- 35 percent in any following year.

Note: Applicants who are applying for continuations of MEES projects for the fifth year and beyond must meet the 50 per cent match in their fifth through eighth years and the 65 per cent local match in their ninth year and beyond.

The local share of the MEES project may be provided in cash or in kind, fairly evaluated, and may be obtained from any source, including other ESEA programs. Indirect costs are not an allowable cost either for the Federal share or the matching portion of a MEES project.

Invitational Priority

The Assistant Secretary is especially interested in receiving applications that include a plan demonstrating that grant activities will focus on one or more approaches described in this section. However, an application that meets one of more of these invitational priorities does not receive competitive or absolute preference over other applications (34 CFR 75.105(c)(1)).

Coordination across SEAs and LEAs is at the heart of migrant education's purpose: preventing or mitigating disruptions in the education of qualifying migratory students. Seasonal MEES projects may not be of sufficient

duration to effect long-term gains for parents or students.

Therefore, to promote opportunities for continuous learning by migratory families, the Assistant Secretary is particularly interested in receiving applications that propose to do one or more of the following:

- Create Federal, State, and local partnerships that improve reading proficiency and advance English language acquisition so that migratory children enter elementary school with strong early reading skills.
- Plan long-range, intensive family literacy services that engage migrant families wherever they move outside the project area in order to eliminate disruptions in the education of participating families.
- Build networks with agricultural employers that will supplement resources available to develop English proficiency for migratory agricultural families with limited English or native-language literacy.

Selection Criteria

The Assistant Secretary uses the following selection criteria to evaluate applications for grants under this competition.

(1) The maximum score for all of these criteria is 100 points. However, novice applicants will be awarded an additional 5 points, which could result in a maximum score of 105 points.

(2) The maximum score for each criterion is indicated in parentheses.

(a) *Meeting the purposes of the authorizing statute.* (5 points)

The Assistant Secretary reviews each application to determine how well the project will—

(1) Improve the educational opportunities of migratory families by integrating early childhood education, adult literacy or adult basic education (including English language training, as appropriate), and parenting education into a unified family literacy program.

(2) Be implemented through cooperative projects that build on existing community resources to create a new range of services to migratory families.

(3) Promote the achievement of family literacy goals (particularly the goals that address school readiness, student achievement, adult literacy, and parent involvement and participation in their child's early education) through research-based reading and English-language acquisition practices that meet the diverse needs of the migrant community of learners.

(4) Assist children and adults from migratory families to achieve challenging State content standards and

challenging State student academic achievement standards.

(b) *Need for project.* (15 points) The Assistant Secretary considers the need for the proposed project. In determining the need for the proposed project, the Assistant Secretary considers the following factors:

(1) The magnitude of the need for the services to be provided or the activities to be carried out by the proposed project.

(2) The extent to which the proposed project will focus on serving or otherwise addressing the needs of disadvantaged individuals (i.e., eligible migratory agricultural or fishing families).

(3) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses.

Note: Applicants are free to address criterion (b) in any way that they wish. However, given the purpose of the MEES program, the Assistant Secretary believes that high-quality applications will likely include a discussion of the following key elements:

(i) Whether the project would be located in an area or areas with high percentages or large numbers of migratory children and their parents, guardians, or primary caretakers in need of MEES services.

(ii) How the project will address the lack of existing comprehensive family literacy services for the migrant population.

(iii) How community resources will be used to benefit project participants both during the participants' period of eligibility for migrant education services and in the event that participating families lose their eligibility for MEES services during the project period.

(iv) How the project will integrate age-appropriate early childhood education, adult literacy, parenting education activities, and interactive parent/child literacy activities.

(v) How the project will assist migratory children and adults to achieve the State content standards and student academic achievement standards.

Some migratory families may settle in a community during their enrollment, and thereafter, cease to be eligible. The Assistant Secretary believes that high-quality applications will likely include a plan for ensuring that these families have ongoing access to family literacy services when their enrollment can no longer be supported with basic MEP or MEES program funds. In this regard, an applicant might, for example, describe how the project will fill any gaps in services, or how it will connect families with existing resources or services if they settle in the community.

(c) *Quality of the project design.* (20 points) The Assistant Secretary considers the quality of the design of the proposed project. In determining the

quality of the design of the proposed project, the Assistant Secretary considers the following factors:

(1) The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs.

(2) The extent to which the project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

(3) The extent to which the proposed project will establish linkages with other appropriate agencies and organizations providing services to the target population.

(Note: Applicants are free to address criterion (c) in any way that they wish. However, the Assistant Secretary believes that, in designing their project, high-quality applications likely will address each of the required program elements in ESEA section 1235, and listed in the Program Requirements section of this notice. In this regard, the Assistant Secretary believes that a high-quality application likely would explain how its proposed design addresses each one of those requirements in order to meet the needs of the migratory families whom the project will serve.

For example, given the mobility of these families, the Assistant Secretary believes that high-quality applications will likely include strategies for maintaining family education services to migratory families after they have moved from the local community.

In addressing requirement number 8, that projects conduct family literacy services year-round, the Assistant Secretary acknowledges that migratory families may reside in communities for varying lengths of time. Therefore, the Assistant Secretary interprets that requirement to mean that grantees must provide project activities not only during the period in which participating migratory families reside in the project area but also at times when families travel or work outside the local community. The Assistant Secretary strongly encourages applicants to explore ways to maintain contact and continue to monitor the progress of highly mobile families whether or not they are resident in the applicant's community.

Examples of strategies that address this requirement for year-round operations and ongoing family participation include distance learning; capacity building and partnership efforts with sending and receiving States and school districts; self-paced learning packages; and other materials, technologies, and activities that make year-round literacy services viable and family-friendly for migrant workers.)

(d) *Quality of project services.* (15 points) The Assistant Secretary considers the quality of the services to be provided by the proposed project. In determining the quality of the services to be provided by the proposed project, the Assistant Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. In addition, the Assistant Secretary considers the following factors:

(1) The extent to which the services to be provided by the proposed project reflect up-to-date knowledge from scientifically based research and effective practice.

(2) The extent to which the training or professional development services to be provided by the proposed project are of sufficient quality, intensity, and duration to lead to improvements in practice among the recipients of those services.

(3) The likelihood that the services to be provided by the proposed project will lead to improvements in the achievement of students as measured against rigorous academic standards.

(e) *Quality of Project Personnel.* (10 points) The Assistant Secretary considers the quality of the personnel who will carry out the proposed project. In determining the quality of project personnel, the Assistant Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. In addition, the Assistant Secretary considers the qualifications, including relevant training and experience of key project personnel.

(Note: Applicants may answer criterion (e) in any way that seems reasonable. The Assistant Secretary believes that high quality applications will, at a minimum, address how projects will meet staffing, certification, training, and professional development requirements under ESEA section 1235(b)(5), and described in the PROGRAM REQUIREMENTS section of this notice.)

(f) *Adequacy of resources.* (15 points) The Assistant Secretary considers the adequacy of resources for the proposed project. In determining the adequacy of resources for the proposed project, the Assistant Secretary considers the following factors:

(1) The relevance and demonstrated commitment of each partner in the

proposed project to the implementation and success of the project.

(2) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project.

(3) The potential for continued support of the project after Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support.

(4) The extent to which costs are reasonable in relation to the number of persons to be served and the anticipated results and benefits.

(g) *Quality of the project evaluation.* (20 points) The Assistant Secretary considers the quality of the evaluation to be conducted of the proposed project.

In determining the quality of the evaluation, the Assistant Secretary considers the following factors:

(1) The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies.

(2) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

(3) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(4) The extent to which methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

(5) The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings.

Note: Applicants are free to address criterion (g) in any way they wish. However, ESEA section 1235(10), requires applicants to conduct an independent evaluation of their project. In addition, they must participate in the national Even Start data collection effort. Given these two requirements, the Assistant Secretary believes that high-quality applications are likely to address this criterion by explaining how the project will conduct an ongoing, independent, local evaluation to ensure that the quality of the proposed family literacy services is validated and improved over the course of the four-year project period.

In addition, the Assistant Secretary believes that high-quality applicants would likely bear in mind the following information in considering how they intend to report the effectiveness of their project. Funded projects are required to complete an annual performance report on their progress in meeting the approved objectives of their grant to ensure continued funding. These reports and other evaluation information

provide local projects, the Department, and the Congress with objective data about the activities and services provided by the project, the participants served, the retention rates of those participants, and the success of the families in the project.

The Department has also developed a set of performance indicators for the Even Start Family Literacy Program in accordance with the Government Performance and Results Act (GPRA) that relate to participant outcomes and project management. The Department uses these indicators in reporting to the Congress on the overall effectiveness of the program. The Assistant Secretary will provide Migrant Education Even Start grantees with these indicators and technical assistance for responding to them.

The following items are not part of the program's selection criteria, but provide additional information for applicants.

National Evaluation

The Department is conducting a national evaluation of Even Start Family Literacy projects. MEES program grantees must cooperate with the Department's efforts by adopting an evaluation plan that is consistent with the national evaluation (as well as with the grantee's responsibilities under ESEA section 1235(10) and 34 CFR 74.51, 75.118, 75.253, and 80.40).

The Assistant Secretary suggests that projects designate appropriate funds for conducting their independent local evaluation, as well as resources to coordinate submissions of their local evaluation with annual performance reports. The Assistant Secretary also recommends that applicants budget for the cost of travel to Washington, DC and four nights' lodging for the project director, instructional services coordinator, and project evaluator, for their participation in annual technical assistance/evaluation meetings. The budget should also include a staff travel plan for training and professional development in the family literacy construct.

Information by project and budget periods. Under 34 CFR 75.112 and 75.117, an eligible applicant must propose a project period, and provide budgetary information for each budget period of that proposed project period. The Assistant Secretary requires that the budgetary information include an amount for all key project components with an accompanying breakdown of any subcomponents, along with a written justification for all requested amounts. (A form for reporting this information is contained in the appendix of this notice.)

Section 75.112(b) also requires that an applicant describe how and when, in each budget period of the project, it

plans to meet each objective of the project.

Note: The Department will use this information, in conjunction with the grantee's annual performance report required under 34 CFR 75.118(a), to determine whether a continuation award for the subsequent budget year should be made. Under 34 CFR 75.253, a grantee can receive a continuation award only if it demonstrates that it either has made substantial progress toward meeting the objectives of the approved project, or has received the Assistant Assistant Secretary's approval of changes in the project to enable it to meet the objectives in the succeeding budget periods.

As indicated in the Note to the selection criterion (g) (Quality of project evaluation), each project must conduct an independent local evaluation. In budgeting for the cost of this independent local evaluation, you may wish to contact potential local evaluators, such as researchers or teachers at local community colleges or universities, to ascertain a typical hourly rate.

Intergovernmental Review of Federal Programs

This program is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive Order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

If you are an applicant, you must contact the appropriate State Single Point of Contact (SPOC) to find out about, and to comply with, the State's process under Executive Order 12372. If you propose to perform activities in more than one State, you should immediately contact the SPOC for each of those States and follow the procedure established in each State under the Executive order. You may view the latest official SPOC list on the Web site of the Office of Management and Budget at the following address: <http://www.whitehouse.gov/omb/grants>

In States that have not established a process or chosen a program for review, State, area-wide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a SPOC and any comments from State, areawide, regional, and local entities must be mailed or hand-delivered by the date indicated in this notice to the

following address: The Assistant Secretary, E.O. 12372—CFDA# 84.214A, U.S. Department of Education, Room 7E200, 400 Maryland Avenue, SW., Washington, DC 20202-0125.

We will determine proof of mailing 34 CFR 75.102 (Deadline date for applications). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, DC time) on the date indicated in this notice.

Please note that the above address is not the same address as the one to which the applicant submits its completed application. Do not send applications to the above address.

Instructions for Part III—Application Narrative

Before preparing the Application Narrative, an applicant should read carefully the description of the program and the selection criteria the Assistant Secretary uses to evaluate applications.

The narrative should encompass each function or activity for which funds are being requested and should—

1. Begin with an Abstract; that is, a summary of the proposed project.

2. Describe the proposed project in light of each of the selection criteria in the order in which the criteria are listed in this application package.

(*Note:* While applicants can address the criteria in any way that is reasonable, given the required emphasis of any MEES project on an integrated program of early childhood education, adult literacy or adult basic education, and parenting education, the Assistant Secretary believes that a reasonable plan of operation would likely address how the proposed project will provide high-quality instruction in these three areas that, with interactive literacy activities between parents and children (PACT), is integrated into a unified family literacy program. Moreover, consistent with 34 CFR 75.112(b), which requires that the application describe how and when, in each budget period, the applicant plans to meet each project objective, the Assistant Secretary believes that applicants would want particularly to describe each goal in terms of measurable objectives, specific activities that are proposed to meet each objective, time lines associated with these activities, the resources believed to be needed to achieve each objective, and how each objective will be evaluated.)

3. Provide the following information in response to the attached "NOTICE TO ALL APPLICANTS": (1) a reference to the portion of the application in which the applicant has described the steps that the applicant proposes to take to remove barriers to equitable access to, and equitable participation in, project

activities; or (2) a separate statement that includes this information.

4. Include any other pertinent information that might assist the Assistant Secretary in reviewing the application.

Page Limit: The application narrative (Part III of the application) is where the applicant addresses the selection criteria reviewers use to evaluate your application. The recommended page limit for this application is 50 pages (appendices excepted), using the following standards:

- A page is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all of the application narrative in Part III.

Definitions for Form ED 424

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

Type of Submission. "Construction" includes construction of new buildings and acquisition, expansion, remodeling, and alteration of existing buildings, and initial equipment of any such buildings, or any combination of such activities (including architects' fees and the cost of acquisition of land). "Construction" also includes remodeling to meet standards, remodeling designed to conserve energy, renovation or remodeling to accommodate new technologies, and the purchase of existing historic buildings for conversion to public libraries. For the purposes of this paragraph, the term "equipment" includes machinery, utilities, and built-in equipment and any necessary enclosures or structures to house them; and such term includes all other items necessary for the functioning of a particular facility as a facility for the provision of library services.

Executive Order 12372. The purpose of Executive Order 12372 is to foster an intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The application notice, as published in the Federal Register, informs the applicant as to whether the program is subject to the requirements of E.O. 12372. In addition, the application package contains information on the State Single Point of Contact. An applicant is still eligible to apply for a grant or grants even if its respective State, Territory, Commonwealth, etc. does not have a State Single Point of Contact. PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the

activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 12 on the ED 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative and insert it immediately following the ED 424 face page.

A. Exempt Research Narrative.

If you marked "Yes" for item 12a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 12a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4248, telephone: (202) 708-8263, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://www.ed.gov/offices/OCFO/humansub.html>

OMB Control No. 1890-0007 (Exp. 09/30/2004)

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct

description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. [Docket No. RP02-339-000]

Transcontinental Gas Pipe Line Corporation; Notice of Filing

May 14, 2002.

Take notice that on May 1, 2002, Transcontinental Gas Pipe Line Corporation (Transco) submitted a motion for extension of time to comply with Order No. 587-N, until the date Transco implements its new business system, 1Line.

Transco states that the basis for the extension of time is related to its ongoing efforts to develop its new business system, 1Line and, in the interim, to avoid the allocation of substantial resources necessary to modify its existing system to comply with the Commission's directives. Transco requests an extension of time to comply with the first phase of the intraday recall requirement in Order No. 587-N until the implementation of 1Line on April 1, 2003. Transco contends that it is unable to modify its existing business systems to comply with the Commission's intraday recall provisions by July 1, 2002. Transco further asserts that it cannot manually comply with Order No. 587-N. Since Transco is in the process of developing a new business system 1Line, it requests an extension of time to comply with the first phase of Order No. 587-N until its new business system is implemented. Transco asserts that it anticipates 1Line will be implemented by April 1, 2003.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed on or before May 24, 2002. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies
