By the following this Program Comment, the Army meets its responsibilities for compliance under section 106 regarding management of its entire inventory of Capehart and Wherry Era housing (1949–1962), associated structures and landscape features.

Accordingly, installations are no longer required to follow the case-by-case section 106 review process for each individual management action affecting Capehart and Wherry Era housing, associated structures and landscape features.

The Army may carry out management actions prior to the completion of the treatment steps outlined above, so long as such management actions do not preclude the eventual successful completion of these steps.

This Program Comment will remain in effect until such time as the Department of the Army determines that such comments are no longer needed, and notifies the Council, in writing, or the Council withdraws the Program Comment in accordance with 36 CFR 800.14(e)(6). Following such withdrawal, the Army would be required to comply with the requirements of 36 CFR 800.3 through 800.7 for each individual management action.

The Council approved this Program Comment on May 31, 2002.
