SUPPLEMENTARY INFORMATION:

I. Abstract

Public Law 97-446, as amended by Public Law 103-465, requires the Departments of Commerce and the Interior to administer the distribution of duty-exemptions and duty-refunds to watch producers in the U.S. insular possessions and the Northern Mariana Islands. Public Law 106-36, enacted June 25, 1999, provides for the distribution of duty-refund benefits for any jewelry within heading 7113 of the Harmonized Tariff Schedule of the United States which is the product of the U.S. Territories and the Northern Mariana Islands in accordance with the new provisions of the note in chapter 71 and additional U.S. note 5 to chapter 91. The primary consideration in collecting information is the enforcement of the laws and the information gathered is limited to that necessary to prevent abuse of the program and to permit a fair and equitable distribution of its benefits. Form ITA-334P is the principal program form used for recording the operational data on the basis of which program entitlements are distributed among the producers (and the provision of which to the Departments constitutes their application for these entitlements). The form is completed by watch and watch movement manufacturers and has been modified with special instructions for completion by the new jewelry manufacturers. Because the duty-refund benefit has been changed from an annual benefit to a biannual benefit, Form ITA-334P is also used, with modified instructions, to gather the information needed to calculate the interim duty-refund certificate for the jewelry and watch manufacturers.

II. Method of Collection

The Department of Commerce sends Form ITA-334P to each watch producer biannually. A company official

completes the form and returns it to the Department of Commerce.
