SUPPLEMENTARY INFORMATION:

I. Abstract

Public Law 97-446, as amended by Public Law 103-465, requires the Departments of Commerce and the Interior to administer the distribution of duty-exemptions and duty-refunds to watch producers in the U.S. insular possessions and the Northern Mariana Islands. Public Law 106-36, enacted June 25, 1999, provides for the distribution of duty-refund benefits for any jewelry within heading 7113 of the Harmonized Tariff Schedule of the United States which is the product of the U.S. Territories and the Northern Mariana Islands in accordance with the new provisions of the note in chapter 71 and additional U.S. note 5 to chapter 91. The primary consideration in collecting information is the enforcement of the laws and the information gathered is limited to that necessary to prevent abuse of the program and to permit a fair and equitable distribution of its benefits. Form ITA-334P is the principal program form used for recording the operational data on the basis of which program entitlements are distributed among the producers (and the provision of which to the Departments constitutes their application for these entitlements). The form is completed by watch and watch movement manufacturers and has been modified with special instructions for completion by the new jewelry manufacturers. Because the duty-refund benefit has been changed from an annual benefit to a biannual benefit, Form ITA-334P is also used, with modified instructions, to gather the information needed to calculate the interim duty-refund certificate for the jewelry and watch manufacturers.

II. Method of Collection

The Department of Commerce sends Form ITA-334P to each watch producer biannually. A company official

completes the form and returns it to the Department of Commerce.

IV. Request for Comments

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and costs) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or forms of information technology.

SUPPLEMENTARY INFORMATION:

I. Abstract

Public Law 97-446, as amended by Public Law 103-465, requires the Department of Commerce and the Interior to administer the distribution of duty-exemptions and duty-refunds to watch producers in the U.S. insular possessions and the Northern Mariana Islands. Public Law 106-36, enacted in 1999, extended the duty-refund benefit for any jewelry within heading 7113 of the Harmonized Tariff Schedule of the United States which is the product of the U.S. Territories and the Northern Mariana Islands in accordance with the provisions of the note in chapter 71 and additional U.S. note 5 to chapter 91. The primary consideration in collecting information is the enforcement of the law and the information gathered is limited to that necessary to prevent abuse of the program and to permit a fair and equitable distribution of its benefits. Form ITA-340P provides the data to assist in verification of duty-free shipments of watches into the United States and make certain the allocations are not exceeded. Forms ITA-360P and ITA-361P are necessary to implement the duty-refund program for the watch and jewelry producers. Because the duty-refund benefit has been changed from an annual benefit to a biannual benefit, Forms ITA-360P and ITA-361P will now also be used for the distribution of an interim duty-refund benefit.

II. Method of Collection

The Department of Commerce issues Form ITA-360P to each watch and jewelry producer biannually. No information is requested unless the recipient wishes to transfer the certificate. Form ITA-361P is obtained

from the Department of Commerce and must be completed each time a certificate holder wishes to obtain a portion, or all, of the duty-refund authorized by the certificate. The form is then sent to the Department of Commerce for validation and returned to the producer. Form ITA-340P may be obtained from the territorial government or may be produced by the company in an approved computerized format or any other medium or format approved by the Department of Commerce and the Interior. The form is completed for each duty-free shipment of watches and watch movements into the U.S. and a copy is transmitted to the territorial government. Only if entry procedures are not transmitted electronically through Customs' automated broker interface, do the regulations require a copy of the permit be sent to Customs along with other entry paperwork.

III. Data
