## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

[FES 02-18]

#### American River Pump Station Project, Placer County, California

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of availability of the Final Environmental Impact Statement/Environmental Impact Report (EIS/EIR).

**SUMMARY:** The Bureau of Reclamation (Reclamation) and the Placer County Water Agency (PCWA) have prepared a Final EIS/EIR for the American River Pump Station Project.

The proposed project would develop a pump station and related facilities on the North Fork American River near Auburn, California. The project would allow PCWA to convey its Middle Fork Project water entitlement to the Auburn Ravine tunnel to meet demands within its service area, eliminate safety concerns associated with the Auburn Dam construction bypass tunnel, restore the dewatered portion of the North Fork American River at the Auburn Dam construction site, and provide public river access in the project area. Both facilities and diversion-related impacts are addressed in the Draft EIS/EIR.

Notice of the Draft EIS/EIR was published in the **Federal Register** on September 13, 2001 (66 FR 47685). The public hearing was held on October 11, 2001. The written comment period ended December 13, 2001. The Final EIS/EIR contains responses to all comments received and changes made to the text of the Draft EIS/EIR as a result of those comments.

**DATES:** Reclamation will not make a decision on the proposed action until 30 days after release of the Final EIS/EIR. After the 30-day waiting period, Reclamation will complete a Record of Decision (ROD). The ROD will state the action that will be implemented and will discuss all factors leading to the decision.

**ADDRESSES:** Copies of the Final EIS/EIR in hard copy or on CD may be requested from Ms. Carol Brown, Surface Water Resources, Inc., at (916) 563-6360. The document can also be viewed on Reclamation's web page at [http://www.mp.usbr.gov/F\\_projects.html](http://www.mp.usbr.gov/F_projects.html).
