

Arlington Heights support activities directed towards the Schaumburg facility. The data provided by the company indicates that the portion of Arlington Heights work directed towards the Schaumburg plant was negligible during the relevant period.

#### Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

##### **Oremet, Wah Chang, Division of Allegheny Technologies, Inc., Albany, OR; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on April 2, 2001, applicable to workers of Oremet, a Division of Allegheny Technologies, Inc., Albany, Oregon. The notice was published in the **Federal Register** on May 2, 2001 (66 FR 22006).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of titanium ingot, sponge and forged products.

New information shows that Oremet and Wah Chang are divisions of Allegheny Technologies, Inc.

Information also shows that some workers separated from employment at the subject firm had their wages reported under a separate unemployment insurance (UI) tax account for Oremet, Wah Chang, a Division of Allegheny Technologies, Inc.

Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Oremet, a Division of Allegheny Technologies, Inc., Albany, Oregon who were adversely affected by increased imports.

The amended notice applicable to TA-W-38,733 is hereby issued as follows:

All workers of Oremet, Wah Chang, a Division of Allegheny Technologies, Inc., Albany, Oregon, who became totally or partially separated from employment on or after February 10, 2000, through April 2, 2003, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 3rd day of September, 2002.

##### **Ruger Equipment, Inc., Urichsville, OH; Notice of Revised Determination on Reconsideration**

On August 12, 2002, the Department issued an Affirmative Determination Regarding Application on Reconsideration applicable to workers and former workers of the subject firm. The notice was published in the **Federal Register** on August 20, 2002 (67 FR 53973).

The Department initially denied TAA to workers of Ruger Equipment, Inc., Urichsville, Ohio engaged in the production of load lifting and material handling equipment because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met.

On reconsideration, the Department conducted a survey of the major customers of the subject firm regarding their purchases of load lifting and material handling equipment during the relevant period. The survey revealed that a major customer increased their imports, while decreasing their purchases from the subject firm during the relevant period.

#### Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with

load lifting and material handling equipment, contributed importantly to the declines in sales or production and to the total or partial separation of workers of Ruger Equipment, Inc., Urichsville, Ohio. In accordance with the provisions of the Act, I make the following certification:

All workers of Ruger Equipment, Inc., Urichsville, Ohio who became totally or partially separated from employment on or after April 1, 2001 through two years from date of certification are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.
