

from transiting the bridge as a result of this temporary final rule.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This final rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have substantial direct effect on one or more Indian tribes, on the relationship between the

Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this rule and concluded that under figure 2–1, paragraph (32)(e), of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation because promulgation of changes to drawbridge regulations have been found to not have a significant effect on the environment. A “Categorical Exclusion Determination” is available in the docket for inspection or copying where indicated under **ADDRESSES**.

BILLING CODE 4910–15–P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900–AK89

Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA)

AGENCY: Department of Veterans Affairs.
ACTION: Final rule.

SUMMARY: This document affirms amendments to VA’s medical regulations to extend CHAMPVA eligibility to persons age 65 and over who would have otherwise lost their CHAMPVA eligibility due to attainment of entitlement to hospital insurance benefits under Medicare Part A, implement coverage of physical examinations required in connection with school enrollment for beneficiaries through age 17, and reduce the catastrophic cap for CHAMPVA dependents and survivors (per family) from \$7,500 to \$3,000 for each calendar year. These amendments were made by an interim final rule and were necessary to implement provisions of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 and the Veterans’ Survivor Benefits Improvements Act of 2001.

DATES: *Effective Date:* This document is effective on November 1, 2002.

FOR FURTHER INFORMATION CONTACT: Susan Schmetzer, Chief, Policy & Compliance Division, VA Health Administration Center, P.O. Box 65020, Denver, CO 80206–9020, telephone (303) 331–7552.

SUPPLEMENTARY INFORMATION: An interim final rule amending VA's medical regulations to extend CHAMPVA eligibility to persons age 65 and over who would have otherwise lost their CHAMPVA eligibility due to attainment of entitlement to hospital insurance benefits under Medicare Part A, implement coverage of physical examinations required in connection with school enrollment for beneficiaries through age 17, and reduce the catastrophic cap for CHAMPVA dependents and survivors (per family) from \$7,500 to \$3,000 for each calendar year was published in the **Federal Register** on January 30, 2002 (67 FR 4357). A correction to the interim final rule was published in the **Federal Register** on February 14, 2002 (67 FR 6874).

We provided a 60-day comment period that ended April 1, 2002. No comments have been received. Based on the rationale set forth in the interim final rule, we now affirm as a final rule the changes made by the interim final rule.

Administrative Procedure Act

The changes made by this final rule in large part reflect statutory changes. Moreover, we have found good cause to dispense with the notice-and-comment and delayed effective date provisions of the Administrative Procedure Act (5 U.S.C. 553). Compliance with such provisions would be impracticable, unnecessary, and contrary to the public interest. To avoid significant administrative confusion, it was in the public's interest to provide these benefits within approximately the same period as similar benefits were provided to DoD's TRICARE beneficiaries.

Unfunded Mandates

The Unfunded Mandates Reform Act requires at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before developing any rule that may result in an expenditure by State, local, or tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any given year. This rule would have no consequential effect on State, local, or tribal governments.

Paperwork Reduction Act

This final rule will not impose additional information collection requirements on the public under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3511).

Regulatory Flexibility Act

The Secretary hereby certifies that this regulatory amendment will not

have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (RFA), 5 U.S.C. 601-612. Based on a more recent projection, the number of potential beneficiaries over age 65 has increased from 89,500 as estimated in the interim final rule to approximately 135,209 potential beneficiaries that will use the benefit of coverage secondary to Medicare. The interim final rule estimates of approximately 2,000 beneficiaries impacted by the inclusion of school-required physical examination benefit and approximately 2,500 families benefiting from the reduction of the catastrophic cap remain unchanged. Since these beneficiaries are widely geographically diverse, the health care provided to them would not have a significant impact on any small businesses. Therefore, pursuant to 5 U.S.C. 605(b), this amendment is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.
