Tennessee Gas Pipeline Company, Notice of Application

December 27, 2001.

Take notice that on December 10, 2001, Tennessee Gas Pipeline Company (Tennessee), 9 E. Greenway Plaza, Houston, Texas 77048, filed an application pursuant to Section 7 of the Natural Gas Act and Part 157 of the Commission's Rules and Regulations for a certificate of public convenience and necessity to construct and operate a new compressor station and to authorize incremental recourse rates for service through Tennessee's Leidy Extension all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance).

Specifically, Tennessee seeks to construct and operate a 4,730 horsepower compressor station and other appurtenant facilities in Potter County, Pennsylvania. The proposed facilities will allow Tennessee to make firm deliveries of up to 150,000 Dth per day directly to Dominion Transmission, Inc. (Dominion). The proposed compressor station is part of Tennessee's larger Can-East Project which will establish its Leidy Extension. Tennessee states that the Can-East Project will extend its existing mainline system to the Leidy Hub by utilizing 280,000 Dth per day of capacity that Tennessee intends to lease from Dominion and National Fuel Gas Supply Corporation (National Fuel).¹ The estimated cost of the proposed facilities is \$9.7 million.

Tennessee also proposes to offer service over its Leidy Extension under its existing FERC Gas Tariff at incremental recourse rates under its Rate Schedules FT-A and IT. Tennessee states that its customers will also have the option of selecting negotiated rates. Tennessee has included pro forma tariff sheets reflecting the proposed changes to its tariff necessary to effect service on the Leidy Extension.

¹ The lease between Tennessee and Dominion is the subject of Docket No. CP02-47-000. The lease between Tennessee and National Fuel is the subject of Docket No. CP02-48-000.
