

DEPARTMENT OF ENERGY**Federal Energy Regulatory
Commission**

[Project No. 2652-007, Montana]

**Notice of Availability of Draft
Environmental Assessment, PacifiCorp**

Issued: April 15, 2002.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47,897), the Office of Energy Projects staff has reviewed the application for a subsequent license for the Bigfork Hydroelectric Project located on the Swan River, in Flathead County, Montana, and has prepared a draft environmental assessment (EA) for the project. The project does not occupy any federal or tribal lands. In the draft EA, the Commission's staff has analyzed the potential environmental effects of the existing project and has concluded that approval of the project, with appropriate environmental protection measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the draft EA can be viewed at the Commission's Reference and Information Center, Room 2A, 888 First Street, NE., Washington, DC 20426, or by calling 202-208-1371. The document also can be viewed on the web at <http://rimsweb1.ferc.gov/rims> (call 202-208-2222 for assistance).

Any comments should be filed by May 27, 2002, and should be addressed to Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please add Project No. 2652-007 to all comments. Comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.gov/documents/makeanelectronicfiling/doorbell.htm>.

For further information, contact Steve Hocking at 202-219-2656.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory
Commission**

[Docket No. CP02-45-000]

**Notice of Availability of the
Environmental Assessment for the
Proposed Hanging Rock Lateral
Project; Texas Eastern Transmission,
L.P.**

April 15, 2002.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) on the natural gas pipeline facilities proposed by Texas Eastern Transmission, L.P. (Texas Eastern) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the construction and operation of the proposed pipeline facilities including:

- 9.6 miles of 24-inch-diameter pipeline extending from milepost (MP) 562.18 on Texas Eastern's 30-inch-diameter Line Nos. 10 and 15 (the Texas Eastern Interconnect) in Scioto County, Ohio, to the Hanging Rock Plant in Lawrence County, Ohio;
- 150 feet of 20-inch-diameter pipeline at the Texas Eastern Interconnect;
- 150 feet of 12-inch-diameter pipeline at MP 2.1 on the Hanging Rock Lateral to interconnect with the existing Tennessee Gas Pipeline Company (Tennessee) pipeline Scioto County, Ohio (the Tennessee Interconnect);
- 2 new metering and regulating (M&R) stations at the Tennessee Interconnect;
- The Hanging Rock Plant M&R station on the Hanging Rock Plant property at MP 9.6 in Lawrence County, Ohio; and
- Appurtenant facilities.

The purpose of the proposed facilities would be to provide service to the Hanging Rock Power Plant, a 1,240 megawatt gas-fired electric power plant (Hanging Rock Plant) which would be constructed in Lawrence County, Ohio, by Duke Energy Hanging Rock, L.P. (Duke-Hanging Rock). The pipeline facilities would allow Texas Eastern to provide a total of 250,000 dekatherms per day of transportation service to the Hanging Rock Plant. These facilities

have a proposed in-service date of November 1, 2002.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 208-1371.

Copies of the EA have been mailed to Federal, state and local agencies, public interest groups, interested individuals, newspapers, and parties to this proceeding.

Any person wishing to comment on the EA may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your comments to: Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426;
- Label one copy of the comments for the attention of the Gas Branch 2, PJ11.2.
- Reference Docket No. CP02-45-000; and
- Mail your comments so that they will be received in Washington, DC on or before May 15, 2002.

Please note that we are continuing to experience delays in mail deliveries from the U.S. Postal Service. As a result, we will include all comments that we receive within a reasonable time frame in our environmental analysis of this project. However, the Commission encourages electronic filing of any comments or interventions or protests to this proceeding. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments you will need to create a free account which can be created by clicking on "Login to File" and then "New User Account."

Comments will be considered by the Commission but will not serve to make the commentator a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).¹ Only intervenors have the

¹ Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion on filing comments electronically.
