

submit allegations by fax at 410-597-0118, by Web site at www.socialsecurity.gov/oig, or by mail at P.O. Box 17768, Baltimore, MD 21235-7768.

Publications The Office of the Deputy Commissioner for Communications publishes numerous pamphlets concerning SSA programs. SSA also collects a substantial volume of economic, demographic, and other data in furtherance of its program mission. Basic data on employment, payments, and other items of program interest are published regularly in the *Social Security Bulletin*, its *Annual Statistical Supplement*, and in special releases and reports that appear periodically on selected topics of interest to the public. Single copies may be obtained at any local office or by calling 800-772-1213.

Requests for bulk orders of publications should be sent to the Social Security Administration, Office of Supply and Warehouse Management, 239 Supply Building, 6301 Security Boulevard, Baltimore, MD 21235. In addition, over 150 publications are available online in English, Spanish, and other languages at www.socialsecurity.gov.

Reading Room Requests for information, for copies of records, or to inspect records may be made at any local office or the Headquarters Contact Unit, Room G-44, Altmeyer Building.

Speakers and Films SSA makes speakers, films, and exhibits available to public or private organizations, community groups, schools, etc., throughout the Nation. Requests for this service should be directed to the local Social Security office.

For further information, contact the Office of Public Inquiries, Social Security Administration, 6401 Security Boulevard, Windsor Park Building, Baltimore, MD 21235. Phone, 410-965-2736. Internet, www.socialsecurity.gov.

The Tennessee Valley Authority conducts a unified program of resource development for the advancement of economic growth in the Tennessee Valley region. The Authority's program of activities includes flood control, navigation, electric power

production and transmission, recreation improvement, water supply, water quality, environmental stewardship, and economic development.

The Tennessee Valley Authority (TVA) is a wholly owned Government corporation created by act of May 18, 1933 (16 U.S.C. 831–831dd). All functions of the Authority are vested in its nine-member Board of Directors, the members of which are appointed by the President with the advice and consent of the Senate. The Board designates one member as Chairman.

TVA's electric power program is financially self-supporting and operates as part of an independent system with TVA's system of dams on the Tennessee River and its larger tributaries. These dams provide flood regulation on the Tennessee River and contribute to regulation of the lower Ohio and Mississippi Rivers. The system maintains a continuous 9-foot-draft navigation channel for the length of the 650-mile Tennessee River main stream, from Paducah, KY, to Knoxville, TN. The dams harness the power of the rivers to produce electricity. They also provide other benefits, notably outdoor recreation and water supply.

The Authority operates the river control system and provides assistance to State and local governments in reducing local flood problems. It also works with other agencies to encourage full and effective use of the navigable waterway by industry and commerce.

The Authority is the wholesale power supplier for 159 local municipal and cooperative electric systems serving customers in parts of 7 States. It supplies power to 62 industries and Federal installations whose power requirements are large or unusual. Power to meet these demands is supplied from dams, coal-fired power plants, nuclear power plants, combustion turbine and diesel installations, solar energy sites, wind turbines, a methane gas facility, and a pumped-storage hydroelectric plant; U.S. Corps of Engineers dams in the Cumberland Valley; and Aluminum Company of America dams, whose operation is coordinated with TVA's system.

Economic development is at the heart of TVA's mission of making the Tennessee Valley a better place to live. A thriving economy means quality jobs, more investment in the region, sustainable growth, and opportunities for residents in the southeastern region to build more prosperous lives. TVA Economic Development takes a regional approach on economic growth by partnering with power distributors and both public and private organizations to attract new investments and quality jobs, supporting retention and growth of existing businesses and industries, preparing communities for leadership and economic growth, and providing financial and technical services.

The Trade and Development Agency's mission is to advance economic development and U.S. commercial interest in developing and middle-income countries in the following regions of the world: East Asia, Europe and Eurasia, Latin America and the Caribbean, Middle East and North Africa, South and Southeast Asia, and Sub-Saharan Africa.

The Trade and Development Program was established on July 1, 1980, as a component organization of the International Development Cooperation Agency. Section 2204 of the Omnibus Trade and Competitiveness Act of 1988 (22 U.S.C. 2421) made it a separate component agency. The organization was renamed the Trade and

Development Agency (USTDA) and made an independent agency within the executive branch of the Federal Government on October 28, 1992, by the Jobs Through Exports Act of 1992 (22 U.S.C. 2421).

USTDA is a foreign assistance agency that delivers its program commitments through overseas grants, contracts with
