

THE SPEAKER:⁽²⁾ Is there objection to the request of the gentleman from West Virginia?

There was no objection.

Immediately after this request was granted the House proceeded to consider other business.

Rejection of Motion

§ 32.52 If a motion to recommit a conference report is voted down, the question before the House is on the adoption of the conference reports.

On Sept. 20, 1962,⁽³⁾ after the House had ordered the previous question on the conference report on H.R. 12391 (the Food and Agricultural Act of 1962) Mr. Charles B. Hoeven, of Iowa, offered a motion to recommit the report. Mr. Thomas G. Abernethy, of Mississippi, posed a parliamentary inquiry.

Mr. Speaker, if the motion of the gentleman from Iowa is voted down, would it then be in order for the House conferees to return to conference upon the making of a proper motion?

THE SPEAKER:⁽⁴⁾ If the motion to recommit is defeated, then the question comes on adoption of the conference report.
