

Mr. Speaker, I yield back the balance of my time.

Mr. SOLOMON. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I thank the gentleman from Ohio (Mr. HALL), and in closing let me just repeat one more time these are two noncontroversial bills. The people that have been on the floor listening, the people that have been back in their offices listening and certainly the viewing audience, I think they have made up their mind there is nothing controversial about these bills. They were brought to the floor under regular order. I have here a whole list of Members who were not here for the vote on these two bills, 50 some Members and an awful lot of Democrats. I do not know where they were:

The gentleman from New York (Mr. ACKERMAN), the gentleman from Maine (Mr. ALLEN), the gentleman from California (Mr. BERMAN), the gentleman from California (Mr. BROWN), the gentleman from Texas (Mr. EDWARDS), the gentleman from Massachusetts (Mr. FRANK), the gentleman from Texas (Mr. FROST), the gentlewoman from Oregon (Ms. FURSE), the gentleman from Texas (Mr. GREEN), the gentleman from North Carolina (Mr. HEFNER), the gentleman from Wisconsin (Mr. JOHNSON), the gentlewoman from Connecticut (Mrs. KENNELLY), the gentleman from California (Mr. LANTOS), the gentleman from Illinois (Mr. LIPINSKI), the gentleman from Massachusetts (Mr. MCGOVERN), the gentleman from North Carolina (Mr. MCINTYRE), the gentleman from Massachusetts (Mr. MEEHAN), and it goes on, and on, and on.

They ought to have a chance to vote on this. I urge support of the rule.

In closing, let me point out to anyone who has any question about either one of these bills: Because of the changes that I and the Committee on Rules made when we took control here 4 years ago, the minority party always has the right to a motion to recommit, and that means they can offer their alternative. They have an alternative; now is their time to offer it.

Ms. CHRISTIAN-GREEN. Mr. Speaker, I rise in objection to S. 2133 which is being brought to the floor today without having undergone review by the House Resources Committee.

First of all, the program will, if enacted, divert \$10 million from underfunded and backlogged projects, possibly even in the National Park system in my own district, the U.S. Virgin Islands. Today, my constituents have been asked to pay a fee, despite the fact that when the property was deeded to the Park Service it was with the stipulation that residents especially on the Island of St. John where over 60% of the land is park, would never be charged for use. This would not be necessary if we were funded adequately, and so I object to this bill.

But even more insulting to our territory is what happened in the case of my bill, H.R. 4313, which is similar to provision passed for Guam, and which was submitted upon a resolution passed by the local representatives in the Virgin Islands. Our legislature asked to be

given the authority to reduce the size of our legislature even though it was passed unanimously out of committee, it still has not come to the floor for passage.

This is similar to the fate of several of the Democratic bills that are languishing and apparently about to die as we close out this Congress.

This is no way to do the people's business, Mr. Speaker. I urge my colleagues in the interest of fairness to vote no on the rule and on these bills.

Mr. SOLOMON. Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered. The SPEAKER pro tempore (Mr. LATOURETTE). The question is on the resolution.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. HALL of Ohio. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 5 of rule I, further proceedings on this question will be postponed.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to the provisions of clause 5, rule I, the Chair announces that he will postpone further proceedings today on each motion to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote is objected to under clause 4 of rule XV.

Such rollcall vote, if postponed, will be taken after debate has concluded on the motion to suspend the rules, but not before 5 p.m. today.

MISCELLANEOUS TRADE AND TECHNICAL CORRECTIONS ACT OF 1998

Mr. CRANE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4856) to make miscellaneous and technical changes to various trade laws, and for other purposes.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Illinois (Mr. CRANE) and the gentleman from California (Mr. MATSUI) each will control 20 minutes.

The Chair recognizes the gentleman from Illinois (Mr. CRANE).

GENERAL LEAVE

Mr. CRANE. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 4856.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Illinois?

There was no objection.

Mr. CRANE. Mr. Speaker, I yield myself such time as I may consume.

I rise in strong support of H.R. 4856. This legislation consists of a number of noncontroversial provisions which have been under review by the Committee on Ways and Means for the past 2 years. Each of these items enjoys bipartisan support, and many have been passed by the House in other pieces of legislation.

The first section of the bill contains several technical corrections and miscellaneous amendments to trade laws, each of which have been reviewed by the administration as well as interested parties in the private sector. In addition to clerical corrections to trade statutes, these provisions contain various tariff suspensions and reductions, many of which apply to anti-HIV/AIDS and anti-cancer drugs as well as environmentally friendly chemical substitutes.

The second category of provisions in the bill enables the U.S. Customs Service to provide enhanced service to air and sea passengers entering the United

States. Specifically, the bill provides the necessary resources to allow Customs to continue to dedicate inspectors at airports in Canada, Bermuda and the Bahamas to facilitate the transit of U.S. bound air passengers before they reach the United States. The bill also provides the necessary resources to allow Customs to continue to dedicate inspectors to facilitate the transit of vessel passengers arriving at our seaports. These enhanced services will be provided out of the surplus in a specifically dedicated Customs user fee account. In addition, the bill assesses a \$1.75 user fee on affected cruise ship passengers who currently pay nothing to the user fee account to offset the cost of providing dedicated cruise ship passenger service.

The third section of the bill authorizes the President to determine that title IV of the Trade Act of 1974, commonly known as the Jackson-Vanik Amendment, should no longer apply to Mongolia and to extend unconditional normal trade relations to that country. The committee requested public comment on this proposal and received no negative comments. The United States first extended normal trade relations to Mongolia in 1991 under a presidential waiver from the Jackson-Vanik Freedom of Immigration criteria. In 1996, the President found Mongolia to be in full compliance with the Jackson-Vanik requirements. Two years ago Mongolia became a member of the World Trade Organization. Authorizing the President to determine that Jackson-Vanik should no longer apply to Mongolia is necessary for the United States to benefit from our rights under the WTO with respect to Mongolia.

I would also like to note that the substance of the provision on Mongolia is identical to a bill, H.R. 36, that our colleague the gentleman from Nebraska (Mr. BEREUTER) introduced on this issue earlier this year. I commend the gentleman from Nebraska for his contribution and leadership in raising this as an important matter in the 105th Congress.

Finally, the legislation before us contains a revenue offset introduced yesterday by the gentleman from Texas (Mr. ARCHER) in coordination with the Treasury Department. It clarifies the tax treatment of certain transfers of assets and liabilities to corporations. The tax treatment of these transfers is unclear in situations involving the transfer of liabilities, and some taxpayers are structuring transactions to take advantage of the uncertainty. The provision in the bill before us is intended to eliminate this uncertainty and to focus on the underlying economics of these corporate transfers. This provision has already passed both the House and the Senate in substantially identical form earlier this year. It enjoys bipartisan support, and it is strongly supported by the administration.

Mr. Speaker, overall I believe that the provisions in this bill represent our

ongoing efforts to make government work better and be more responsive to the public, and I encourage my colleagues to support this bipartisan package.

Mr. Speaker, I reserve the balance of my time.

Mr. MATSUI. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I would just like to reiterate some of the comments made by the gentleman from Illinois as the subcommittee chair of the Subcommittee on International Trade of the Committee on Ways and Means. This is essentially four noncontroversial bills. They all had either hearings, markups in the full committee or subcommittee, and some of the bills actually passed the House of Representatives. The first piece of legislation under the title is the Customs Pre-clearance and User Fee Act, and essentially this allows the Customs Service to use a Customs Service pre-clearance account for the purpose of pre-clearing passengers that arrive from Mexico, the Caribbean or Canada. It also establishes a \$1.75 user fee on those passengers that enter into the United States through cruise ships.

The second item is the silk scarf marketing bill. The United States and the European Community entered into an agreement that silks from China that are assembled and/or hand crafted in Europe can have the designation of the country of origin from Europe itself. This would be in compliance obviously with the WTO ruling.

The third item, as the gentleman from Illinois (Mr. CRANE) said, is the Miscellaneous Technical Tariff and Duty Provision Act. This has 170 tariff reductions or eliminations to it. It will allow products such as drugs that treat AIDS and HIV patients, it has anti-cancer drugs that can be allowed into the United States that are not available in this country and other noncontroversial items that have been signed off by both the administration, various industry groups and all of the affected parties.

□ 1445

The fourth and last item is having normal trade relations with the country of Mongolia. Up until 1990, Mongolia was a communist country and thereby under the Jackson-Vanik provisions. Since that time they have had five elections, two presidential and three parliamentary, all of them without any problems whatsoever. They were free and fair elections.

They have had most-favored-nation status now, normal trade relation status, since 1991. They have complied with the WTO and now are part of the WTO, and, as a result of that, it would only be appropriate to give them permanent normal trade relation status.

These four pieces of legislation do have some revenue aspects to them, but, as the gentleman from Illinois (Mr. CRANE) said, we do have some noncontroversial provisions that would offset it by way of the Tax Code basically

in corporate restructuring. As the gentleman from Illinois (Mr. CRANE) mentioned, it creates some ambiguity and some have been taking advantage of these provisions.

It is a bipartisan bill, supported on both sides of the aisle, obviously, and supported by the administration. We recommend support of this legislation.

Mr. Speaker, I yield such time as she may consume to the gentlewoman from the Virgin Islands (Ms. CHRISTIAN-GREEN).

Ms. CHRISTIAN-GREEN. Mr. Speaker, I thank my distinguished colleague for yielding me time and also for his support on this and other measures which have come to this subcommittee.

Mr. Speaker, amid the disappointment for us that may come about in the budget bill which is to be passed shortly, this bill provides a beacon of light and hope to my constituents, the people of the U.S. Virgin Islands.

Contained in these miscellaneous and technical amendments of the trade law is a measure which would extend the provision enjoyed by our watch factories to include fine jewelry. While this is a small issue here, it is a very important one to these companies which are based in several states and on my home island of St. Croix, and it is extremely important, of course, to the employees and their families. Ten years ago, these companies provided close to 1,000 jobs. Today, there may just be over 200. Without this bill, even those will not be secure.

I want to take this opportunity to thank the gentleman from Illinois (Chairman CRANE) and the ranking member, the gentleman from California (Mr. MATSUI) for bringing this to the floor today. In doing so, they are helping to revitalize an industry that has provided meaningful employment and a sound livelihood to my constituents, and, with the vote of Members, it will continue to do so.

I also want to thank my other colleagues, the gentleman from New York (Mr. RANGEL) and the gentleman from Louisiana (Mr. JEFFERSON) and many others for cosponsoring my bill, H.R. 2498, which is included in this measure, and for their support. I urge its passage, and I ask my colleagues to vote yes on this measure.

Mr. CRANE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, before yielding back the balance of my time, I would like to thank Jim Terpstra, Legislative Fellow, who has worked with us on the Subcommittee on Trade and who will be departing. We appreciate all of his efforts.

Mr. BEREUTER. Mr. Speaker, this Member strongly supports H.R. 4856, which includes authorization of the extension of nondiscriminatory treatment or normal trade relations to the products of Mongolia. This Member introduced the original legislation authorizing this designation, H.R. 36, on January 7, 1997, the first day of this Congress.

In 1952, the United States denied Mongolia and twenty other communist countries or terri-

tories under communist rule normal trade relations. Normal Trade Relations with Mongolia were restored in November 1991, when the President waived the provisions of the Jackson-Vanik trade legislation. In 1996, the President of the United States made the first determination that Mongolia was in full-compliance with the human rights objectives of the Jackson-Vanik trade legislation and the President has renewed that determination each year since, and most recently on July 1, 1998.

Since 1990, there have been five free and fair elections in Mongolia which have coincided with significant reforms of the government and the economy. Approximately one year ago, the Economist magazine heralded Mongolia's dramatic economic reforms of the last several years by calling Mongolians "those free-trading Mongolians." Unfortunately however, these dramatic economic and political reforms in Mongolia have recently begun to suffer from factional fighting in that country and the emergence of the Mongolian People's Revolutionary Party (MPRP). Most recently, the MPRP has begun to attack the ambitious privatization and private sector development plans of the Democratic coalition in Mongolia and a high level Ministry official was recently assassinated.

The World Bank estimates that Mongolia must have a 5% growth rate to create new jobs for its entrants into the work force. Yet with the Asian Financial Crisis to its east and Russia's collapse on its west, Mongolia will find it very difficult to meet its economic goals and stay on its reform path. The United States can play a fundamental, helpful role by granting Mongolia normal trade relations and therefore reasonable access to our markets. The United States currently provides a modest amount of aid to Mongolia that will be necessary in the short term. However, by granting Mongolia reasonable access to our markets and promoting trade with our two countries, this legislation is building the foundation so we can hopefully graduate Mongolia from U.S. assistance in the future.

In light of the very difficult political and economic challenges for the people of Mongolia, passage of this legislation comes at a critical time. This legislation sends a very important signal to the people of Mongolia that they will be rewarded for maintaining their brave steps toward economic and trade liberalization. This Member only regrets that this legislation was not approved earlier to bolster the standing of those in Mongolia who have already bravely fought for economic and political reform here.

Mr. SHAW. Mr. Speaker, I rise today in support of H.R. 4856, a bill making Miscellaneous Technical Corrections to Trade Law.

Mr. Speaker, while H.R. 4856 contains many worthy provisions, I am especially pleased that the text of H.R. 4819, the Passenger Services Enhancement Act was included in this legislation. I introduced H.R. 4819 earlier this month, and its passage today is crucial to the economic well-being of my home state of Florida.

As my colleagues may recall, last year the Customs user fee expired, and thereby caused a possible diminution in Customs inspectors at Florida ports where the fee was being collected. To avoid disruptions in the cruise ship industry, Congress passed a bill I introduced (H.R. 3034) which preserved Customs inspectors in Florida for fiscal year 1998 only. That bill passed on the final day of the

first session of the 105th Congress. Now that we are in a new fiscal year, Customs inspectors serving Florida cruise ships are again in jeopardy. Passage of the Passenger Services Enhancement Act will ensure that Customs inspectors at Florida ports are preserved, and it will also allow the cruise ship industry to schedule new cruises without being impeded by a shortage of manpower at Customs.

While this legislation is good news for Florida, I am especially pleased that an agreement was reached to reduce the price of the Customs user fee to \$1.75. My colleagues may recall that at one time, this fee was as high as \$6.50. At this new level, few can consider the Customs user fee burdensome or unreasonable. I will however, be requesting a GAO study to verify that this amount, which was recommended to me by Customs, is the true cost of processing a cruise ship passenger.

The cruise ship business is an important component of Florida's largest industry, which is tourism. If Florida were to lose Custom inspectors, it would cause grievous harm to my state's economy. Enactment of the Passenger Services Enhancement Act will prevent job layoffs, disruptions, and financial losses to this vital industry.

Mr. Speaker, I am also pleased that the amended text of H.R. 2770, a bill I introduced last year, was included in this bill. This provision would defer the duty on large yachts imported for sale at boat shows in the United States. Boat shows, be they in New York, Chicago, Miami, or Fort Lauderdale are important generators of economic activity, and this legislation will promote greater commerce in the yachting industry. For my constituents, it is a pleasant coincidence that this legislation will hopefully be signed into law when the Fort Lauderdale Boat Show starts later this month.

Mr. Speaker, I urge my colleagues to support H.R. 4856.

Mr. RAMSTAD. Mr. Speaker, I rise in support of this bill before us today, which includes provisions to provide for the continuation of preclearance activities for air transit passengers.

I want to thank Mr. CRANE and Mr. SHAW for working with me on these important provisions to help facilitate the services Customs provides to process the massive amounts of people and products entering and exiting our country.

These provisions, which are similar to legislation Mr. CRANE and I introduced last April, would allow the Customs Service to access funds in the User Fee Accounts and enhance inspector staffing and equipment at preclearance service locations in foreign countries.

This is significant because if U.S. Customs eliminates these positions, preclearance for passengers to the U.S. will slow, travel will be disrupted, and the tourism industry in many states will suffer. Allowing the preclearance services to continue means a great deal to many employers in my district, like Northwest Airlines and all those affiliated with the Mall of America—which attracts more visitors each year than Disneyworld, Graceland and the Grand Canyon combined.

The Customs Service has said there are insufficient resources in its salaries and expenses account to fund the enhanced preclearance positions. This bill gives access to excess funds in the User Fee Account,

without any additional cost to taxpayers. Acting-Commissioner Banks testified before our Ways and Means Committee in support of our earlier version of the legislation, and the airline industry supports it as well.

I appreciate how quickly the House has recognized the merits of these provisions, as well as the other important elements of the bill to reduce tariffs on various products, and allowed us to bring it to the floor today. I urge my colleagues to join me in support of this critical bill.

Mr. GILMAN. Mr. Speaker, I would like to express my strong support for H.R. 4856, the "Miscellaneous Trade and Technical Correction Act of 1998" which will strengthen our trade and economic relationship with Mongolia through the extension of normal trading relations with that emerging democracy in central Asia.

Mongolia has undertaken significant market-based economic reforms, including the reduction of government subsidies, the elimination of most price controls and the closing of insolvent banks. In many respects, this country's economic track record is a model for many other countries in the region and in Asia as a whole.

I would also like to express my thanks to the author of this legislation, Chairman Archer, for this willingness to include six duty suspension requests in this legislation that will provide small but important benefits for a leading company in my district, the Ciba Specialty Chemicals Corporation.

Mr. MATSUI. Mr. Speaker, I yield back the balance of my time.

Mr. CRANE. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. LATOURETTE). The question is on the motion offered by the gentleman from Illinois (Mr. CRANE) that the House suspend the rules and pass the bill, H.R. 4856.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.
