"(c) Programs under subsection (a)(1)(E) (relating to emergency medical services and preventive, diagnostic, therapeutic, and rehabilitative approaches) shall include programs for the following:

"(1) The development and dissemination, in coordination with the emergency services guidelines promulgated under section 402(a) of title 23, United States Code, by the Associate Administrator for Traffic Safety Programs, Department of Transportation, of a core content for a model State training program applicable to cardiac arrest for inclusion in appropriate current emergency medical services educational curricula and training programs that address lifesaving interventions, including cardiopulmonary resuscitation and defibrillation. In developing the core content for such program, the Director of the Institute may rely upon the content of similar curricula and training programs developed by national nonprofit entities. The core content of such program—

"(A) may be used by health care professionals, allied health personnel, emergency medical services personnel, public safety per-

"(C) shall be reevaluated as additional interventions are shown to be effective.

"(2) The operation of a limited demonstration project to provide training in such core content for cardiac arrest care providers to validate the effectiveness of the training program.

"(4) The establishment of criteria for completion and comprehension of such core content, including consideration of inclusion in health and safety educational curricula.

"(5) The identification of equipment and supplies that should be accessible to cardiac arrest care providers to permit lifesaving interventions by preplacement of such equipment in appropriate locations insofar as such activities are consistent with the development of the core content and utilize information derived from such studies by the National Institutes of Health on investigation in cardiac resuscitation.

"(6) The development in accordance with this paragraph of model State legislation (or Federal legislation applicable to Federal territories, facilities, and employees). In developing the model legislation, the Director of the Institute shall cooperate with the Attorney General, and may consult with nonprofit private organizations that are involved in the drafting of model State legislation. The model legislation should take into consideration the following:

"(A) The purpose of the model legislation shall be to ensure—

"(ii) good samaritan immunity for cardiac arrest care providers; those involved with the instruction of the training programs; and owners and managers of property where equipment is placed.

"(B) In the development of the model legislation, there shall be consideration of requirements for training in the core content and use of lifesaving equipment for State licensure or credentialing of health professionals or other occupations or employment of other individuals who may be defined as cardiac arrest care providers under paragraph (3).

"(7) The coordination of a national database for reporting and collecting information relating to the incidence of cardiac arrest, the circumstances surrounding such arrests, the rate of survival, the effect of age, and whether interventions, including cardiac arrest care provider interventions, or other aspects of the chain of survival, improve the rate of survival. SEC. 106. BANDELIER NATIONAL MONUMENT, NEW MEXICO.

(a) **FINDINGS.**—Congress finds the following:

(1) Bandelier National Monument (in this section referred to as the "Monument") was established by Presidential proclamation on February 11, 1916, to preserve the archaeological resources of a "vanished people, with as much land as may be necessary for the proper protection thereof. . ." (Presidential Proclamation No. 1322; 39 Stat. 1764).

(2) At various times since the establishment of the Monument, the Congress and the President have adjusted the boundaries and purpose of the Monument to further preservation of archaeological and natural resources within the Monument:

(A) On February 25, 1932, the Otowi Section of the Santa Fe National Forest (some 4,699 acres of land) was transferred to the Monument from the Santa Fe National Forest (Presidential Proclamation No. 1991; 47 Stat. 2503).

(B) On December 9, 1959, 3,600 acres of Frijoles Mesa were transferred to the National Park Service from the Atomic Energy Commission, and such lands were subsequently added to the Monument on January 9, 1961, because of "pueblo-type archeological ruins germane to those in the monument area" (Presidential Proclamation No. 3388; 75 Stat. 1014).

(C) On May 27, 1963, Upper Canyon, consisting of 2,882 acres of land previously administered by the Atomic Energy Commission, was added to the Monument to preserve the lands "unusual scenic character together with geologic and topographic features, the preservation of which would implement the purposes of such monument (Presidential Proclamation No. 3539; 77 Stat. 1006).

(D) In 1976, concerned about upstream land management activities that could result in flooding and erosion in the Monument, Congress enacted Public Law 94-578 (90 Stat. 2732, 2736) to include the headwaters of the Rito de los Frijoles and the Cañada de Cochiti Grant (a total of 7,310 acres) within the boundaries of the Monument.

(E) In 1976, Congress enacted Public Law 94-567 (90 Stat. 2692), which created the Bandelier Wilderness, a 23,267 acres area that covers over 70 percent of the Monument.

(3) The Monument still has potential threats from flooding, erosion, and water quality deterioration because of the mixed ownership of the upper watersheds, along its western border, particularly in Alamo Canyon.

(b) **PURPOSE.**—The purpose of this section is to modify the boundaries of the Monument to allow for acquisition and enhanced protection of the lands within the Monument's upper watershed.

(c) **BOUNDARY MODIFICATION.**—Effective on the date of enactment of this Act, the boundaries of the Monument are hereby modified

to include approximately 935 acres of land, comprised of the Elk Meadows subdivision, the Gardner parcel, the Clark parcel, and the Baca Land & Cattle Co. lands within the Upper Alamo watershed, as depicted on the National Park Service map entitled "Proposed Boundary Expansion Map Bandelier National Monument" dated July 1997. Such map shall be on file and available for public inspection in the offices of the Director of the National Park Service, Department of the Interior.

(d) **ACQUISITION AUTHORITY.**—

(1) **ACQUISITION METHODS.**—Subject to paragraphs (2), (3), and (4), the Secretary of the Interior may acquire lands and interests therein within the boundaries of the area added to the Monument by this section by donation, purchase with donated or appropriated funds, transfer with another Federal agency, or exchange.

(4) **ACQUISITION OF LESS THAN FEE INTERESTS IN LAND.**—The Secretary may acquire less than fee interests in land only if the Secretary determines that such less than fee acquisition will adequately protect the Monument from flooding, erosion, and degradation of its drainage waters.

(e) **ADMINISTRATION.**—The Secretary of the Interior, acting through the Director of the National Park Service, shall manage the Monument, including lands added to the Monument by this section, in accordance with this section, the provisions of law generally applicable to units of National Park System, including the Act of August 25, 1916 (16 U.S.C. 1 et seq.; commonly known as the National Park Service Organic Act), and such specific laws as heretofore have been enacted regarding the Monument.

If the Secretary exercises a right to reenter the conveyed lands under this subsection, the Secretary shall reimburse the Aviation Department for all payments made to the United States under subsection (c).

SEC. 231. AUTHORIZATION OF USE OF NATIONAL FOREST LANDS FOR PUBLIC SCHOOL PURPOSES.

(a) TRANSFERS.—The Secretary of Agriculture may, upon a finding that the transfer of certain National Forest lands for local public school purposes would serve the public interest, authorize the transfer of up to 40 acres of National Forest lands to a local governmental entity for public school purposes. SEC. 245. UTAH SCHOOLS AND LANDS EXCHANGE.

(a) FINDINGS.—The Congress finds the following:

(1) The State of Utah owns approximately 176,600 acres of land, as well as approximately 24,165 acres of mineral interests, administered by the Utah School and Institutional Trust Lands Administration, within the exterior boundaries of the Grand Staircase-Escalante National Monument, established by Presidential proclamation on September 18, 1996, pursuant to section 2 of the Antiquities Act of 1906 (16 U.S.C. 431). The State of Utah also owns approximately 200,000 acres of land, and 76,000 acres of mineral interests, administered by the Utah School and Institutional Trust Lands Administration, within the exterior boundaries of several units of the National Park System and the National Forest System, and within certain Indian reservations in Utah. These lands were granted by Congress to the State of Utah pursuant to the Utah Enabling Act, chap. 138, 28 Stat. 107 (1894), to be held in trust for the benefit of the State's public school system and other public institutions.

(2) Many of the State school trust lands within the monument may contain significant economic quantities of mineral resources, including coal, oil, and gas, tar sands, coalbed methane, titanium, uranium, and other energy and metalliferous minerals. Certain State school trust lands within the Monument, like the Federal lands comprising the Monument, have substantial non-economic scientific, historic, cultural, scenic, recreational, and natural resources, including ancient Native American archaeological sites and rare plant and animal communities.

(3) Development of surface and mineral resources on State school trust lands within the monument could be incompatible with the preservation of these scientific and historic resources for which the monument was established. Federal acquisition of State school trust lands within the monument would eliminate this potential incompatibility, and would enhance management of the Grand Staircase-Escalante National Monument.

(4) The United States owns lands and interest in lands outside of the monument that can be transferred to the State of Utah in exchange for the monument inholdings without jeopardizing Federal management objectives or needs.

(5) In 1993, Congress passed and the President signed Public Law 103-93, which contained a process for exchanging State of Utah school trust inholdings in the National Park System, the National Forest System, and certain Indian reservations in Utah. Among other things, it identified various Federal lands and interests in land that were

available to exchange for these State inholdings.

(6) Although Public Law 103-93 offered the hope of a prompt, orderly exchange of State inholdings for Federal lands elsewhere, implementation of the legislation has been very slow. Completion of this process is realistically estimated to be many years away, at great expense to both the State and the United States in the form of expert witnesses, lawyers, appraisers, and other litigation costs.

(7) The State also owns approximately 2,560 acres of land in or near the Alton coal field which has been declared an area unsuitable for coal mining under the terms of the Surface Mining Control and Reclamation Act. This land is also administered by the Utah School and Institutional Trust Lands Administration, but its use is limited given this declaration.

(8) The large presence of State school trust land inholdings in the monument, national parks, national forests, and Indian reservations make land and resource management in these areas difficult, costly, and controversial for both the State of Utah and the United States.

(9) It is in the public interest to reach agreement on exchange of inholdings, on terms fair to both the State and the United States. Agreement saves much time and delay in meeting the expectations of the State school and institutional trusts, in simplifying management of Federal and Indian lands and resources, and in avoiding expensive, protracted litigation under Public Law 103-93.

(10) The State of Utah and the United States have reached an agreement under which the State would exchange of all its State school trust lands within the monument, and specified inholdings in national parks, forests, and Indian reservations that are subject to Public Law 103-93, for various Federal lands and interests in lands located outside the monument, including Federal lands and interests identified as available for exchange in Public Law 103-93 and additional Federal lands and interests in lands.

(11) The State school trust lands to be conveyed to the Federal Government include properties within units of the National Park System, the National Forest System, and the Grand Staircase-Escalante National Monument. The Federal assets made available for exchange with the State were selected with a great sensitivity to environmental concerns and a belief and expectation by both parties that Federal assets to be conveyed to the State would be unlikely to trigger significant environmental controversy.

(12) The parties agreed at the outset of negotiations to avoid identifying Federal assets for conveyance to the State where any of the following was known to exist or likely to be an issue as a result of foreseeable future uses of the land: significant wildlife resources, endangered species habitat, significant archaeological resources, areas of critical environmental concern, coal resources requiring surface mining to extract the mineral deposits, wilderness study areas, significant recreational areas, or any other lands known to raise significant environmental concerns of any kind.

(13) The parties further agreed that the use of any mineral interests obtained by the State of Utah where the Federal Government retains surface and other interest, will not conflict with established Federal land and environmental management objectives, and shall be fully subject to all environmental regulations applicable to development of non-Federal mineral interest on Federal lands.

(14) Because the inholdings to be acquired by the Federal Government include properties within the boundaries of some of the most renowned conservation land units in the United States, and because a mission of the Utah School and Institutional Trust Lands Administration is to produce economic benefits for Utah's public schools and other beneficiary institutions, the exchange of lands called for in this agreement will resolve many longstanding environmental conflicts and further the interest of the State trust lands, the school children of Utah, and these conservation resources.

(15) Under this Agreement taken as a whole, the State interests to be conveyed to the United States by the State of Utah, and the Federal interests and payments to be conveyed to the State of Utah by the United States, are approximately equal in value.

(16) The purpose of this section is to enact into law and direct prompt implementation of this historic agreement.

(b) RATIFICATION OF AGREED EXCHANGE BETWEEN THE STATE OF UTAH AND THE DEPARTMENT OF THE INTERIOR.—

(1) AGREEMENT.—The State of Utah and the Department of the Interior have agreed to exchange certain Federal lands, Federal mineral interests, and payment of money for lands and mineral interests managed by the Utah School and Institutional Trust Lands Administration, lands and mineral interests of approximately equal value inheld within the Grand Staircase-Escalante National Monument the Goshute and Navajo Indian Reservations, units of the National Park System, the National Forest System, and the Alton coal fields.

(2) RATIFICATION.—All terms, conditions, procedures, covenants, reservations, and other provisions set forth in the document entitled "Agreement to Exchange Utah School Trust Lands Between the State of Utah and the United States of America" (in this section referred to as the "Agreement") are hereby incorporated in this section, are ratified and confirmed, and set forth the obligations and commitments of the United States, the State of Utah, and Utah School and Institutional Trust Lands Administration, as a matter of Federal law.

(c) LEGAL DESCRIPTIONS.—

(1) IN GENERAL.—The maps and legal descriptions referred to in the Agreement depict the lands subject to the conveyances.

(2) PUBLIC AVAILABILITY.—The maps and descriptions referred to in the Agreement shall be on file and available for public inspection in the offices of the Secretary of the Interior and the Utah State Director of the Bureau of Land Management.

(3) CONFLICT.—In case of conflict between the maps and the legal descriptions, the legal descriptions shall control.

(d) COSTS.—The United States and the State of Utah shall each bear its own respective costs incurred in the implementation of this section.

(e) REPEAL OF PUBLIC LAW 103-93 AND PUBLIC LAW 104-211.—The provisions of Public Law 103-93 (107 Stat. 995), other than section 7(b)(1), section 7(b)(3), and section 10(b) thereof, are hereby repealed. Public Law 104-211 (110 Stat. 3013) is hereby repealed.

(f) CASH PAYMENT PREVIOUSLY AUTHORIZED.—As previously authorized and made available by section 7(b)(1) and (b)(3) of Public Law 103-93, upon completion of all conveyances described in the Agreement, the United States shall pay \$50,000,000 to the State of Utah from funds not otherwise appropriated from the Treasury.

(g) SCHEDULE FOR CONVEYANCES.—All conveyances under sections 2 and 3 of the Agreement shall be completed within 70 days after the enactment of this Act.

TITLE IV—HISTORIC AREAS

SEC. 401. BATTLE OF MIDWAY NATIONAL MEMORIAL STUDY.

(a) FINDINGS.—The Congress makes the following findings:

(1) September 2, 1998, marked the 53d anniversary of the United States victory over Japan in World War II.

(2) The Battle of Midway proved to be the turning point in the war in the Pacific, as United States Navy forces inflicted such severe losses on the Imperial Japanese Navy during the battle that the Imperial Japanese Navy never again took the offensive against United States or allied forces.

(3) During the Battle of Midway on June 4, 1942, an outnumbered force of the United States Navy, consisting of 29 ships and other units of the Armed Forces under the command of Admiral Nimitz and Admiral Spruance, outmaneuvered and out-fought 350 ships of the Imperial Japanese Navy.

(4) It is in the public interest to study whether Midway Atoll should be established as a national memorial to the Battle of Midway to express the enduring gratitude of the American people for victory in the battle and to inspire future generations of Americans with the heroism and sacrifice of the members of the Armed Forces who achieved that victory.

(5) The historic structures on Midway Atoll should be protected and maintained.

(b) PURPOSE.—The purpose of this section shall be to require a study of the feasibility and suitability of designating the Midway Atoll as a national memorial to the Battle of Midway within the boundaries of the Midway Atoll National Wildlife Refuge. The study of the Midway Atoll and its environs shall include, but not be limited to, identification of interpretive opportunities for the educational and inspirational benefit of present and future generations, and of the unique and significant circumstances involving the defense of the island by the United States in World War II and the Battle of Midway.

(c) STUDY OF THE ESTABLISHMENT OF MIDWAY ATOLL AS A NATIONAL MEMORIAL TO THE BATTLE OF MIDWAY.—

(1) IN GENERAL.—Not later than 6 months after the date of enactment of this Act, the Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, shall carry out a study of the suitability and feasibility of establishing Midway Atoll as a national memorial to the Battle of Midway. The Secretary shall carry out the study in consultation with the Director of the National Park Service, the International Midway Memorial Foundation, Inc. (referred to in this section as the "Foundation"), the Veterans of Foreign Wars, the Battle of Coral Sea Association, the American Legion, or other appropriate veterans group, respectively, and the Midway Phoenix Corporation.

(2) CONSIDERATIONS.—In studying the establishment of Midway Atoll as a national memorial to the Battle of Midway under paragraph (1), the Secretary shall address the following:

(A) The appropriate Federal agency to manage such a memorial, and whether and under what conditions to lease or otherwise allow the Foundation or another appropriate entity to administer, maintain, and fully utilize for use as a national memorial to the Battle of Midway the lands (including any equipment, facilities, infrastructure, and

other improvements) and waters of Midway Atoll if designated as a national memorial.

(B) Whether designation as a national memorial would conflict with current management of Midway Atoll as a wildlife refuge and whether, and under what circumstances, the needs and requirements of the wildlife refuge should take precedence over the needs and requirements of a national memorial on Midway Atoll.

(C) Whether, and under what conditions, to permit the use of the facilities on Sand Island for purposes other than a wildlife refuge or a national memorial.

(D) Whether to impose conditions on public access to Midway Atoll if designated as a national memorial.

(d) REPORT.—Upon completion of the study required under paragraph (1), the Secretary shall submit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report on the study, which shall include any recommendations for further legislative action. The report shall also include an inventory of all known past and present facilities and structures of historical significance on Midway Atoll and its environs. The report shall include a description of each historic facility and structure and a discussion of how each will contribute to the designation and interpretation of the proposed national memorial.

(e) CONTINUING DISCUSSIONS.—Nothing in this section shall be construed to delay or prohibit discussions or agreements between the Foundation, the Veterans of Foreign Wars, the Battle of Coral Sea Association, the American Legion, or any other appropriate veterans group, or the Midway Phoenix Corporation and the United States Fish and Wildlife Service or any other Government entity regarding the future role of the Foundation or the Midway Phoenix Corporation on Midway Atoll.

(f) EXISTING AGREEMENT.—This section shall not affect any agreement in effect on the date of the enactment of this Act between the United States Fish and Wildlife Service and Midway Phoenix Corporation.

(g) AUTHORIZATION.—There are authorized to be appropriated to carry out this section not more than \$100,000.

SEC. 406. LOWER EAST SIDE TENEMENT NATIONAL HISTORIC SITE, NEW YORK.

(a) FINDINGS.—Congress finds that—

(2) the latter part of the 19th century and the early part of the 20th century marked a period in which the volume of immigrants coming to the United States far exceeded that of any time prior to or since that period;

(3) no single identifiable neighborhood in the United States absorbed a comparable number of immigrants than the Lower East Side neighborhood of Manhattan in New York City;

(4) the Lower East Side Tenement at 97 Orchard Street in New York City is an outstanding survivor of the vast number of humble buildings that housed immigrants to New York City during the greatest wave of immigration in American history;

(5) the Lower East Side Tenement is owned and operated as a museum by the Lower East Side Tenement Museum;

(6) the Lower East Side Tenement Museum is dedicated to interpreting immigrant life within a neighborhood long associated with the immigrant experience in the United States, New York's Lower East Side, and its importance to United States history; and

(7) the National Park Service found the Lower East Side Tenement at 97 Orchard Street to be nationally significant; the Secretary of the Interior declared it a National Historic Landmark on April 19, 1994, and the National Park Service through a special resource study found the Lower East Side Tenement suitable and feasible for inclusion in the National Park System.

(b) PURPOSES.—The purposes of this section are—

(1) to ensure the preservation, maintenance, and interpretation of this site and to interpret at the site the themes of immigra-

tion, tenement life in the later half of the 19th century and the first half of the 20th century, the housing reform movement, and tenement architecture in the United States;

(2) to ensure continued interpretation of the nationally significant immigrant phenomenon associated with New York City's Lower East Side and its role in the history of immigration to the United States; and

(3) to enhance the interpretation of the Castle Clinton, Ellis Island, and Statue of Liberty National Monuments.

SEC. 407. GATEWAY VISITOR CENTER AUTHORIZATION, INDEPENDENCE NATIONAL HISTORICAL PARK.

(a) **FINDINGS AND PURPOSE.**—

(1) **FINDINGS.**—The Congress finds the following:

(A) The National Park Service completed and approved in 1997 a general management plan for Independence National Historical Park that establishes goals and priorities for the park's future.

(B) The general management plan for Independence National Historical Park calls for the revitalization of Independence Mall and recommends as a critical component of the Independence Mall's revitalization the development of a new "Gateway Visitor Center".

(C) Such a visitor center would replace the existing park visitor center and would serve as an orientation center for visitors to the park and to city and regional attractions.

(D) Subsequent to the completion of the general management plan, the National Park Service undertook and completed a design project and master plan for Independence Mall which includes the Gateway Visitor Center.

(E) Plans for the Gateway Visitor Center call for it to be developed and managed, in cooperation with the Secretary of the Interior, by a nonprofit organization which represents the various public and civic interests of the greater Philadelphia metropolitan area.

SEC. 408. TUSKEGEE AIRMEN NATIONAL HISTORIC SITE, ALABAMA.

(a) **DEFINITIONS.**—As used in this section:

(1) **HISTORIC SITE.**—The term "historic site" means the Tuskegee Airmen National Historic Site as established by subsection (d).

(2) **SECRETARY.**—The term "Secretary" means the Secretary of the Interior.

(3) **TUSKEGEE AIRMEN.**—The term "Tuskegee Airmen" means the thousands of men and women who were trained at Tuskegee University's Moton Field to serve in America's African-American Air Force units during World War II and those men and women who participate in the Tuskegee Experience today, who are represented by Tuskegee Airmen, Inc.

(4) **TUSKEGEE UNIVERSITY.**—The term "Tuskegee University" means the institution of higher education by that name located in the State of Alabama and founded by Booker T. Washington in 1881, formerly named Tuskegee Institute.

(b) **FINDINGS.**—The Congress finds the following:

(1) The struggle of African-Americans for greater roles in North American military conflicts spans the 17th, 18th, 19th, and 20th centuries. Opportunities for African-American participation in the United States military were always very limited and controversial. Quotas, exclusion, and racial discrimination were based on the prevailing attitude in the United States, particularly on the part of the United States military, that African-Americans did not possess the intellectual capacity, aptitude, and skills to be successful fighters.

(2) As late as the 1940's these perceptions continued within the United States military. Key leaders within the United States Army Air Corps did not believe that African-Americans possessed the capacity to become successful military pilots. After succumbing to pressure exerted by civil rights groups and the black press, the Army decided to train a small number of African-American pilot cadets under special conditions. Although prejudice and discrimination against African-Americans was a national phenomenon, not just a southern trait, it was more intense in the South where it had hardened into rigidly

enforced patterns of segregation. Such was the environment where the military chose to locate the training of the Tuskegee Airmen.

(3) The military selected Tuskegee Institute (now known as Tuskegee University) as a civilian contractor for a variety of reasons. These included the school's existing facilities, engineering and technical instructors, and a climate with ideal flying conditions year round. Tuskegee Institute's strong interest in providing aeronautical training for African-American youths was also an important factor. Students from the school's civilian pilot training program had some of the best test scores when compared to other students from programs across the Southeast.

(4) In 1941 the United States Army Air Corps awarded a contract to Tuskegee Institute to operate a primary flight school at Moton Field. Tuskegee Institute (now known as Tuskegee University) chose an African-American contractor who designed and constructed Moton Field, with the assistance of its faculty and students, as the site for its military pilot training program. The field was named for the school's second president, Robert Russa Moton. Consequently, Tuskegee Institute was one of a very few American institutions (and the only African-American institution) to own, develop, and control facilities for military flight instruction.

(5) Moton Field, also known as the Primary Flying Field or Airport Number 2, was the only primary flight training facility for African-American pilot candidates in the United States Army Air Corps during World War II. The facility symbolizes the entrance of African-American pilots into the United States Army Air Corps, although on the basis of a policy of segregation that was mandated by the military and institutionalized in the South. The facility also symbolizes the singular role of Tuskegee Institute (Tuskegee University) in providing leadership as well as economic and educational resources to make that entry possible.

(6) The Tuskegee Airmen were the first African-American soldiers to complete their training successfully and to enter the United States Army Air Corps. Almost 1,000 aviators were trained as America's first African-American military pilots. In addition, more than 10,000 military and civilian African-American men and women served as flight instructors, officers, bombardiers, navigators, radio technicians, mechanics, air traffic controllers, parachute riggers, electrical and communications specialists, medical professionals, laboratory assistants, cooks, musicians, supply, firefighting, and transportation personnel.

(7) Although military leaders were hesitant to use the Tuskegee Airmen in combat, the Airmen eventually saw considerable action in North Africa and Europe. Acceptance from United States Army Air Corps units came slowly, but their courageous and, in many cases, heroic performance earned them increased combat opportunities and respect.

(8) The successes of the Tuskegee Airmen proved to the American public that African-Americans, when given the opportunity, could become effective military leaders and pilots. This helped pave the way for desegregation of the military, beginning with President Harry S. Truman's Executive Order 9981 in 1948. The Tuskegee Airmen's success also helped set the stage for civil rights advocates to continue the struggle to end racial discrimination during the civil rights movement of the 1950's and 1960's.

(9) The story of the Tuskegee Airmen also reflects the struggle of African-Americans to achieve equal rights, not only through legal attacks on the system of segregation, but

also through the techniques of nonviolent direct action. The members of the 477th Bombardment Group, who staged a nonviolent demonstration to desegregate the officer's club at Freeman Field, Indiana, helped set the pattern for direct action protests popularized by civil rights activists in later decades.

(c) **PURPOSES.**—The purposes of this section are the following:

(1) To inspire present and future generations to strive for excellence by understanding and appreciating the heroic legacy of the Tuskegee Airmen, through interpretation and education, and the preservation of cultural resources at Moton Field, which was the site of primary flight training.

(2) To commemorate and interpret—

(A) the impact of the Tuskegee Airmen during World War II;

(B) the training process for the Tuskegee Airmen, including the roles played by Moton Field, other training facilities, and related sites;

(C) the African-American struggle for greater participation in the United States Armed Forces and more significant roles in defending their country;

(D) the significance of successes of the Tuskegee Airmen in leading to desegregation of the United States Armed Forces shortly after World War II; and

(E) the impacts of Tuskegee Airmen accomplishments on subsequent civil rights advances of the 1950's and 1960's.

(3) To recognize the strategic role of Tuskegee Institute (now Tuskegee University) in training the airmen and commemorating them at this historic site.

(d) **ESTABLISHMENT OF THE TUSKEGEE AIRMEN NATIONAL HISTORIC SITE.**—In order to commemorate and interpret, in association with Tuskegee University, the heroic actions of the Tuskegee Airmen during World War II, there is hereby established as a unit of the National Park System the Tuskegee Airmen National Historic Site in the State of Alabama.

(e) **DESCRIPTION OF HISTORIC SITE.**—

The Secretary may also acquire by the same methods personal property associated with, and appropriate for, the interpretation of the historic site.

(g) **ADMINISTRATION OF HISTORIC SITE.**—

(1) **IN GENERAL.**—The Secretary shall administer the historic site in accordance with this section and the laws generally applicable to units of the National Park System, including the Act of August 25, 1916 (commonly known as the National Park Service Organic Act; 16 U.S.C. 1 et seq.), and the Act of August 21, 1935 (commonly known as the Historic Sites, Buildings, and Antiquities Act; 16 U.S.C. 461 et seq.).

(2) **ROLE OF TUSKEGEE UNIVERSITY.**—The Secretary shall consult with Tuskegee University as its principal partner in determining the organizational structure, developing the ongoing interpretive themes, and establishing policies for the wise management, use and development of the historic site. With the agreement of Tuskegee University, the Secretary shall engage appropriate departments, and individual members of the University's staff, faculty, and students in the continuing work of helping to identify, research, explicate, interpret, and format materials for the historic site. Through the President of the University, or with the approval of the President of the University, the Secretary shall seek to engage Tuskegee alumni in the task of providing artifacts and historical information for the historic site.

(3) **ROLE OF TUSKEGEE AIRMEN.**—The Secretary, in cooperation with Tuskegee University, shall work with the Tuskegee Airmen to facilitate the acquisition of artifacts, memorabilia, and historical research for interpretive exhibits, and to support their efforts to raise funds for the development of visitor facilities and programs at the historic site.

(4) **DEVELOPMENT.**—Operation and development of the historic site shall reflect Alternative C, Living History: The Tuskegee Airmen Experience, as expressed in the final special resource study entitled "Moton Field/Tuskegee Airmen Special Resource Study", dated September 1998. (2) The admission of nine African-American students, known as the "Little Rock Nine", to Central High School in Little Rock, Arkansas, as a result of the *Brown* decision, was the most prominent national example of the implementation of the *Brown* decision, and served as a catalyst for the integration of other, previously segregated public schools in the United States.

SEC. 511. SHORT TITLE; FINDINGS; PURPOSES.

(a) **SHORT TITLE.**—This subtitle may be cited as the “San Rafael Swell National Heritage Area Act”.

(b) **FINDINGS.**—Congress finds the following:

(1) The history of the American West is one of the most significant chapters of United

States history, and the major themes and images of the history of the American West provide a legacy that has done much to shape the contemporary culture, attitudes, and values of the American West and the United States.

(2) The San Rafael Swell region of the State of Utah was one of the country’s last frontiers and possesses important historical, cultural, and natural resources that are representative of the central themes associated with the history of the American West, including themes of pre-Columbian and Native American culture, exploration, pioneering, settlement, ranching, outlaws, prospecting and mining, water development and irrigation, railroad building, industrial development, and the utilization and conservation of natural resources.

(3) The San Rafael Swell region contains important historical sites, including sections of the Old Spanish Trail, the Outlaw Trail, the Green River Crossing, and numerous sites associated with cowboy, pioneer, and mining history.

(4) The heritage of the San Rafael Swell region includes the activities of many prominent historical figures of the old American West, such as Chief Walker, John Wesley Powell, Kit Carson, John C. Fremont, John W. Gunnison, Butch Cassidy, John W. Taylor, and the Swasey brothers.

(5) The San Rafael Swell region has a notable history of coal and uranium mining, and a rich cultural heritage of activities associated with mining, such as prospecting, railroad building, immigrant workers, coal camps, labor union movements, and mining disasters.

(6) The San Rafael Swell region is widely recognized for its significant paleontological resources and dinosaur bone quarries, including the Cleveland Lloyd Dinosaur Quarry which was designated as a National Natural Landmark in 1966.

(7) The beautiful rural landscapes, historic and cultural landscapes, and spectacular scenic vistas of the San Rafael Swell region contain significant undeveloped recreational opportunities for people throughout the United States.

(8) Museums and visitor centers have already been constructed in the San Rafael Swell region, including the John Wesley Powell River History Museum, the College of Eastern Utah Prehistoric Museum, the Museum of the San Rafael, the Western Mining and Railroad Museum, the Emery County Pioneer Museum, and the Cleveland Lloyd Dinosaur Quarry, and these museums are available to interpret the themes of the national heritage area established by this title and to coordinate the interpretive and preservation activities of the area.

(9) Despite the efforts of the State of Utah, political subdivisions of the State, volunteer organizations, and private businesses, the cultural, historical, natural, and recreational resources of the San Rafael Swell region have not realized their full potential and may be lost without assistance from the Federal Government.

(10) Many of the historical, cultural, and scientific sites of the San Rafael Swell region are located on lands owned by the Federal Government and are managed by the Bureau of Land Management or the United States Forest Service.

(11) The preservation of the cultural, historical, natural, and recreational resources of the San Rafael Swell region within a regional framework requires cooperation among local property owners and Federal, State, and local government entities.

(12) Partnerships between Federal, State, and local governments, local and regional entities of these governments, and the private sector offer the most effective opportu-

nities for the enhancement and management of the cultural, historical, natural, and recreational resources of the San Rafael Swell region.

(c) **PURPOSES.**—The purposes of this subtitle are—

(1) to establish the San Rafael Swell National Heritage Area to promote the preservation, conservation, interpretation, and development of the historical, cultural, natural, and recreational resources related to the historical, cultural, and industrial heritage of the San Rafael Swell region of the State of Utah, which includes the counties of Carbon and Emery, and portions of the county of Sanpete;

The fact that nonconforming activities or uses can be seen or heard from land within such an area shall not, of itself, preclude such activities or uses up to the boundary of the area. (B) such land surrounding each excluded structure as the Secretary considers necessary to eliminate incompatible and competing management requirements.

(4) EFFECT OF EXCLUSION.—Nothing in this subsection shall be construed to affect the inclusion of the main road or a structure at Cumberland Island National Seashore on the National Register of Historic Places or the authority of the Secretary of the Interior to impose reasonable restrictions, subject to valid existing rights, on the use of the main road or spur road to minimize any adverse impacts on the Cumberland Island Wilderness or the potential wilderness area.

SEC. 608. CHATTAHOOCHEE RIVER NATIONAL RECREATION AREA.

(a) FINDINGS.—The Congress finds that:

(1) The Chattahoochee River National Recreation Area is a nationally significant resource and the national recreation area has been adversely affected by land use changes occurring within and outside its boundaries.

(3) The State of Georgia has enacted the Metropolitan River Protection Act in order to ensure the protection of the corridor located within 2,000 feet of each bank of the Chattahoochee River, or the 100-year flood plain, whichever is greater, and such corridor includes the area of national concern.

and provided Congress appropriates certain funds in support of such effort, funding from the State, its political subdivisions, private foundations, corporate entities, private individuals, and other sources will be available to fund more than half of the estimated cost of such cooperative effort.

(b) PURPOSES.—The purposes of this section are to—

(1) increase the level of protection of the remaining open spaces within the area of national concern along the Chattahoochee River and to enhance visitor enjoyment of such areas by adding land-based links between existing units of the national recreation area;

(2) assure that the national recreation area is managed to standardize acquisition, planning, design, construction, and operation of the linear corridors; and

(3) authorize the appropriation of Federal funds to cover a portion of the costs of the Federal, State, local, and private cooperative effort to add additional areas to the Chattahoochee River National Recreation Area in order to establish a series of linear corridors linking existing units of the national recreation area and to protect other undeveloped portions of the Chattahoochee River corridor.

(c) AMENDMENTS TO CHATTAHOOCHEE NRA ACT.—The Act of August 15, 1978, entitled “An Act to authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes” (Public Law 95–344; 16 U.S.C. 460ii et seq.) is amended as follows:

(B) By amending the fourth sentence to read as follows: “After July 1, 1999, the Secretary of the Interior (in this Act referred to as the ‘Secretary’) may modify the boundaries of the recreation area to include other lands within the river corridor of the Chattahoochee River by submitting a revised map or other boundary description to the Congress. Such revised boundaries shall take effect on the date 6 months after the date of such submission unless, within such 6-month period, the Congress adopts a Joint Resolution disapproving such revised boundaries. Such revised map or other boundary description shall be prepared by the Secretary after consultation with affected landowners and with the State of Georgia and affected political subdivisions.”.

(C) By striking out “may not exceed approximately 6,800 acres.” and inserting “may not exceed 10,000 acres.”.

(2) Section 102(f) (16 U.S.C. 460ii–1(f)) is repealed.

“(b) COOPERATIVE AGREEMENTS.—The Secretary is authorized to enter into cooperative agreements with the State, its political subdivisions, and other entities to assure standardized acquisition, planning, design, construction, and operation of the national recreation area.”.

(4) Section 105(a) (16 U.S.C. 460ii–4(a)) is amended to read as follows:

“(a) AUTHORIZATION OF APPROPRIATIONS; ACCEPTANCE OF DONATIONS.—In addition to funding and the donation of lands and interests in lands provided by the State of Georgia, local government authorities, private foundations, corporate entities, and individuals, and funding that may be available pursuant to the settlement of litigation, there is hereby authorized to be appropriated for

“(5)(A) National discovery trails, established as provided in section 5, which will be extended, continuous, interstate trails so located as to provide for outstanding outdoor recreation and travel and to connect representative examples of America’s trails and communities. National discovery trails should provide for the conservation and enjoyment of significant natural, cultural, and historic resources associated with each trail and should be so located as to represent metropolitan, urban, rural, and backcountry regions of the Nation. Any such trail may be designated on Federal lands and, with the consent of the owner thereof, on any non-Federal lands. The consent of the owner shall be obtained in the form of a written agreement, which shall include such terms and conditions as the parties to the agreement consider advisable, and may include provisions regarding the discontinuation of the trail designation. The Congress does not intend for the establishment of a national discovery trail to lead to the creation of protective perimeters or buffer zones adjacent

to a national discovery trail. The fact that there may be activities or uses on lands adjacent to the trail that would not be permitted on the trail shall not preclude such activities or uses on such lands adjacent to the trail to the extent consistent with other applicable law. Nothing in this Act may be construed to impose or permit the imposition of any landowner on the use of any non-Federal lands without the consent of the owner. Neither the designation of a national discovery trail nor any plan related thereto shall affect, or be considered, in the granting or denial of a right-of-way or any conditions relating thereto.

“(B) The appropriate Secretary for each national discovery trail shall administer the trail in cooperation with a competent trailwide volunteer-based organization. “(A) The trail must link to one or more areas within the boundaries of a metropolitan area (as those boundaries are determined under section 134(c) of title 23, United States Code). It should also join with other trails, tying the National Trails System to significant recreation and resources areas.

“(B) The trail must be supported by at least one competent trailwide volunteer-based organization. Each trail shall have extensive local and trailwide support by the public, by user groups, and by affected State and local governments.

“(C) The trail must be extended and pass through more than one State. At a minimum, it should be a continuous, walkable route. National discovery trails are specifically exempted from the provisions of sections 7(g) of this Act.

“(D) The appropriate Secretary shall obtain written consent from affected landowners prior to entering nonpublic lands for the purposes of conducting any surveys or studies of nonpublic lands for purposes of this Act. Provided, before any designation or establishment of any discovery trail provided by this Act, the appropriate Secretary must ensure written notification to all nonpublic landowners on which a designated trail crosses or abuts nonpublic lands. Furthermore, any nonpublic landowner that has property crossed by or abutting land designated under this Act, if trespassing should occur by travelers on the National Discovery Trail, has the right to request and subsequently require the appropriate Secretary to coordinate with State and local officials to ensure to the maximum extent feasible that no further trespassing should occur on such nonpublic land.”.

Components of the comprehensive plan include—

“(1) policies, objectives and practices to be observed in the administration and management of the trail, including the identification of all significant natural, historical, and cultural resources to be preserved, model agreements necessary for joint trail administration among and between interested parties, and an identified carrying capacity for critical segments of the trail and procedures for implementation, where appropriate;

“(2) strategies for trail protection to retain the values for which the trail is being established and recognized by the Federal Government;

SEC. 803. ASSISTANCE TO THE NATIONAL HISTORIC TRAILS INTERPRETIVE CENTER.

(a) FINDINGS AND PURPOSES.—

(1) FINDINGS.—The Congress finds and declares the following:

(A) The city of Casper, Wyoming, is nationally significant as the only geographic location in the western United States where 4 congressionally recognized historic trails (the Oregon Trail, the Mormon Trail, the California Trail, and the Pony Express Trail), the Bridger Trail, the Bozeman Trail, and many Indian routes converged.

(B) The historic trails that passed through the Casper area are a distinctive part of the national character and possess important historical and cultural values representing themes of migration, settlement, transportation, and commerce that shaped the landscape of the West.

(C) The Bureau of Land Management has not yet established a historic trails interpretive center in Wyoming or in any adjacent State to educate and focus national attention on the history of the mid-19th century immigrant trails that crossed public lands in the Intermountain West.

(D) At the invitation of the Bureau of Land Management, the city of Casper and the National Historic Trails Foundation, Inc. (a nonprofit corporation established under the laws of the State of Wyoming) entered into a memorandum of understanding in 1992, and have since signed an assistance agreement in 1993 and a cooperative agreement in 1997, to create, manage, and sustain a National Historic Trails Interpretive Center to be located in Casper, Wyoming, to professionally interpret the historic trails in the Casper area for the benefit of the public.

(E) The National Historic Trails Interpretive Center authorized by this section is consistent with the purposes and objectives of the National Trails System Act (16 U.S.C. 1241 et seq.), which directs the Secretary of the Interior to protect, interpret, and manage the remnants of historic trails on public lands.

(F) The State of Wyoming effectively joined the partnership to establish the National Historic Trails Interpretive Center through a legislative allocation of supporting funds, and the citizens of the city of Casper have increased local taxes to meet their financial obligations under the assistance agreement and the cooperative agreement referred to in paragraph (4).

(G) The National Historic Trails Foundation, Inc. has secured most of the \$5,000,000 of non-Federal funding pledged by State and local governments and private interests pursuant to the cooperative agreement referred to in subparagraph (D).

(H) The Bureau of Land Management has completed the engineering and design phase of the National Historic Trails Interpretive Center, and the National Historic Trails Foundation, Inc. is ready for Federal financial and technical assistance to construct the Center pursuant to the cooperative agreement referred to in subparagraph (D).

(2) PURPOSES.—The purposes of this section are the following:

(A) To recognize the importance of the historic trails that passed through the Casper, Wyoming, area as a distinctive aspect of American heritage worthy of interpretation and preservation.

(B) To assist the city of Casper, Wyoming, and the National Historic Trails Foundation, Inc. in establishing the National Historic Trails Interpretive Center to memorialize and interpret the significant role of those historic trails in the history of the United States.

(C) To highlight and showcase the Bureau of Land Management's stewardship of public lands in Wyoming and the West.

(b) NATIONAL HISTORIC TRAILS INTERPRETIVE CENTER.—

(1) ESTABLISHMENT.—The Secretary of the Interior, acting through the Director of the Bureau of Land Management (in this section referred to as the "Secretary"), shall establish in Casper, Wyoming, a center for the interpretation of the historic trails in the vicinity of Casper, including the Oregon Trail, the Mormon Trail, the California Trail, and the Pony Express Trail, the Bridger Trail, the Bozeman Trail, and various Indian routes. The center shall be known as the National Historic Trails Interpretive Center (in this section referred to as the "Center").

(2) FACILITIES.—The Secretary, subject to the availability of appropriations, shall construct, operate, and maintain facilities for the Center—

(A) on land provided by the city of Casper, Wyoming;

(B) in cooperation with the city of Casper and the National Historic Trails Interpretive Center Foundation, Inc. (a nonprofit corporation established under the laws of the State of Wyoming); and

(C) in accordance with—

(i) the Memorandum of Understanding entered into on March 4, 1993, by the city, the foundation, and the Wyoming State Director of the Bureau of Land Management; and

(ii) the cooperative agreement between the foundation and the Wyoming State Director of the Bureau of Land Management, numbered K910A970020.

(3) DONATIONS.—Notwithstanding any other provision of law, the Secretary may accept, retain, and expend donations of funds, property, or services from individuals, foundations, corporations, or public entities for the purpose of development and operation of the Center.

(4) ENTRANCE FEE.—Notwithstanding section 4 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-6a), the Secretary may—

(A) collect an entrance fee from visitors to the Center; and

(B) use amounts received by the United States from that fee for expenses of operation of the Center.

(5) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary \$5,000,000 to carry out this section.

TITLE IX—HAZARDOUS FUELS REDUCTION

SEC. 901. SHORT TITLE.

This title may be cited as the "Community Protection and Hazardous Fuels Reduction Act of 1998".

SEC. 902. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds the following:

(1) Management of Federal lands has been characterized by large cyclical variations in fire suppression policies, timber harvesting levels, and the attention paid to commodity and noncommodity values.

(2) Forests on Federal lands are experiencing significant disease epidemics and insect infestations.

(3) The combination of inconsistent management and natural effects has resulted in a hazardous fuels buildup on Federal lands that threatens catastrophic wildfire.

(4) While the long-term effect of catastrophic wildfire on forests and forest systems is a matter of debate, there should be no question that catastrophic wildfire must be prevented in areas of the Federal lands where wildlands abut, or are located in close proximity to, communities, residences, and other private and public facilities on non-Federal lands.

(5) Wildfire resulting from hazardous fuels buildup in such wildland/urban interface areas threatens the destruction of communities, puts human life and property at risk, threatens community water supplies with erosion that follows wildfire, destroys wildlife habitat, and damages ambient air quality.

(6) The Secretary of Agriculture and the Secretary of the Interior must assign a high priority and undertake aggressive management to achieve the elimination of hazardous fuel buildup and reduction of the risk of wildfire to the wildland/urban interface areas on Federal lands. Protection of human life and property, including water supplies and ambient air quality, must be given the highest priority.

(7) The noncommodity resources, including riparian zones and wildlife habitats, in wildland/urban interface areas on Federal lands which must be protected to provide recreational opportunities, clean water, and other amenities to neighboring communities and the public suffer from a backlog of unfunded forest management projects designed to provide such protection.

(8) In a period of fiscal austerity characterized by shrinking budgets and personnel levels, Congress must provide the Secretary of Agriculture and the Secretary of the Interior with innovative tools to accomplish the required reduction in hazardous fuels buildup and undertake other forest management projects in the wildland/urban interface areas on the Federal lands at least cost.

(b) PURPOSE.—The purpose of this title is to provide new authority and innovative tools to the Secretary of Agriculture and the Secretary of the Interior to safeguard communities, lives, and property by reducing or eliminating the threat of catastrophic wildfire, and to undertake needed forest management projects, in wildland/urban interface areas on Federal lands.

(1) meet the definition of wildland/urban interface areas; and

(2) have hazardous fuels buildups and other forest management needs that warrant the use of forest management projects as provided in section 912.

SEC. 912. CONTRACTING TO REDUCE HAZARDOUS FUELS AND UNDERTAKE FOREST MANAGEMENT PROJECTS IN WILDLAND/URBAN INTERFACE AREAS.

(a) CONTRACTING AUTHORITY.—

(1) IN GENERAL.—The Secretary concerned is authorized to enter into contracts under this section for the sale of forest products in

(2) INCLUSION OF FOREST MANAGEMENT PROJECTS.—Subject to paragraph (3) and subsection (e), the Secretary concerned may require, as a condition of any sale of forest products referred to in paragraph (1), that the purchaser of such products undertake one or more forest management projects in the wildland/urban interface area.

(3) CONDITIONS ON INCLUSION.—The Secretary concerned may include a forest management project as a condition in a contract for the sale of forest products referred to in paragraph (1) only when the Secretary determines that—

(A) the forest management project is consistent with the applicable land management plan; and

(B) the objectives of the forest management project can be accomplished most cost efficiently and effectively when the project is performed as part of the sale contract.

(b) FINANCING AND SUPPLEMENTAL FUNDING.—

(1) FINANCING THROUGH SALES.—The financing of a forest management project required as a condition of a contract for a sale of forest products authorized by subsection (a) shall be accomplished by including in the contract a provision that offsets the costs incurred by the purchaser in carrying out the required forest management project, by reducing the amount required to be paid to the United States by the purchaser for forest products sold under the contract.

(2) AMOUNT OF REDUCTION OF PAYMENT.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the amount of the reduction referred to in paragraph (1) shall be equal to the costs referred to in paragraph (1), minus any assistance to the purchaser under paragraph (3) used to pay those costs.

(B) LIMITATION.—The amount of the reduction for a sale may not exceed the portion of the total amount otherwise required to be paid to the United States by the purchaser (before the reduction) that remains after deducting from that total amount the amounts necessary to make distributions and payments under the provisions of law referred to in paragraph (1) or (2) of subsection (d) that apply to that total amount.

(3) USE OF APPROPRIATED FUNDS.—The Secretary concerned may use appropriated funds to assist the purchaser to undertake a forest management project required as a condition of a contract authorized by subsection (a) if such funds are provided from the resource function or functions that directly benefit from the performance of the project and are available from the annual appropriation for such function or functions during the fiscal year in which the sale is offered. The amount of assistance to be provided for each forest management project shall be included in the prospectus, and published in the advertisement, for the sale.

(ii) require that any such sites be identified by the various Native American Tribes and Pueblos during the development of the Code of Land Grant Claims Procedures for the Commission;

(J) an outline of the rights and responsibilities of community land grantees if a community land grant is reconstituted; and

(K) any other items the Commission deems appropriate and necessary.

(2) REVIEW BY CONGRESSIONAL RESOURCE COMMITTEES.—

Prior to beginning the examination of specific community land claims, the Commission shall submit the Code of Land Claims Procedure to the Committee on Energy and Natural Resources of the Senate and the Committee on Resources of the House of Representatives. (1) SUBMISSION OF NEW MEXICO LAND CLAIMS PETITIONS.—Any three (or more) eligible descendants who are also descendants of the same community land grant may file with the Commission a petition on behalf of themselves and all other descendants of that community land grant seeking a determination of the validity of the land claim that is the basis for the petition.

(2) DEADLINE FOR SUBMISSION.—To be considered by the Commission a petition under paragraph (1) must be received by the Commission not later than five years after the date on which the Committee on Energy and Natural Resources and the Committee on Resources of the House of Representatives has completed the 90-day review period.

(3) ELEMENTS OF PETITION.—A petition under paragraph (1) shall be made under oath and shall contain the following:

(A) The names and addresses of the eligible descendants who are petitioners.

(B) The fact that the land involved in the petition was a community land grant at the time of the effective date of the Guadalupe-Hidalgo Treaty and that such land is now within the borders of the State of New Mexico.

(C) The extent of the community land grant, to the best of the knowledge of the petitioners, accompanied with a survey or, if a survey is not feasible for them, a sketch map thereof.

(D) The fact that the petitioners reside, or intend to settle upon, the community land grant.

(E) All facts known to petitioners concerning the community land grant, together with copies of all papers in regard thereto available to petitioners.

(4) PETITION HEARING.—At one or more designated locations in the State of New Mexico, the Commission shall hold a hearing upon each petition timely submitted under this subsection, at which hearing all persons

having an interest in the land involved in the petition shall have the right, upon notice, to appear as a party.

(5) SUBPOENA POWER.—

(A) IN GENERAL.—The Commission may issue subpoenas requiring the attendance and testimony of witnesses and the production of any evidence relating to any petition submitted under paragraph (1). The attendance of witnesses and the production of evidence may be required from any place within the United States at any designated place of hearing within the State of New Mexico.

(B) FAILURE TO OBEY A SUBPOENA.—If a person refuses to obey a subpoena issued under subparagraph (A), the Commission may apply to a United States district court for an order requiring that person to appear before the Commission to give testimony, produce evidence, or both, relating to the matter under investigation. The application may be made within the judicial district where the hearing is conducted or where that person is found, resides, or transacts business. Any failure to obey the order of the court may be punished by the court as civil contempt.

The decision shall include a recommendation of the Commission regarding whether the community land grant should be reconstituted and its lands restored.

(7) PROTECTION OF NON-FEDERAL PROPERTY.—The decision of the Commission regarding the validity of a petition submitted under paragraph (1) shall not affect the ownership, title or rights of owners of any non-Federal lands covered by the petition. Any recommendation of the Commission under paragraph (6) regarding whether a community land grant should be reconstituted and its lands restored may not address, affect or otherwise involve non-Federal lands. In the case of a valid petition covering lands held in non-Federal ownership, the Commission shall modify the recommendation under the paragraph (6) to recommend the substitution of comparable Federal lands in the State of New Mexico for the lands held in non-Federal ownership.

(g) COMMUNITY LAND GRANT STUDY CENTER.—To assist the Commission in the performance of its activities under subsection (d), the commission shall establish a Community Land Grant Study Center at the Onate Center in Alcalde, New Mexico. (3) GIFTS, BEQUESTS, AND DEVISES.—The Commission may accept, use, and dispose of gifts, bequests, or devises of services or property, both real and personal, for the purpose of aiding or facilitating the work of the Commission so long as it is determined that the acceptance of such gifts, bequests or devises do not constitute a conflict of interest.

SEC. 1004. OTAY MOUNTAIN WILDERNESS.

(a) FINDINGS.—The Congress finds and declares the following:

(1) The public lands within the Otay Mountain region of California are one of the last remaining pristine locations in western San Diego County, California.

(2) This rugged mountain adjacent to the United States-Mexico border is internationally known for its diversity of unique and sensitive plants.

(3) This area plays a critical role in San Diego's multi-species conservation plan, a national model made for maintaining biodiversity.

(4) Due to its proximity to the international border, this area is the focus of important law enforcement and border interdiction efforts necessary to curtail illegal immigration and protect the area's wilderness values.

(5) The illegal immigration traffic, combined with the rugged topography, also presents unique fire management challenges for protecting lives and resources.

(b) DESIGNATION.—In furtherance of the purposes of the Wilderness Act (16 U.S.C. 1131 et seq.), certain public lands in the California Desert District of the Bureau of Land Management, California, comprising approximately 18,500 acres as generally depicted on a map entitled "Otay Mountain Wilderness" and dated May 7, 1998, are hereby designated as wilderness and therefore as a component of the National Wilderness Preservation System, which shall be known as the Otay Mountain Wilderness.

(c) MAP AND LEGAL DESCRIPTION.—

(1) IN GENERAL.—As soon as practicable after the date of enactment of this Act, a map and a legal description for the Wilderness Area shall be filed by the Secretary

with the Committee on Energy and Natural Resources of the Senate and the Committee on Resources of the House of Representatives. Such map and legal description shall have the same force and effect as if included in this Act, except that the Secretary, as appropriate, may correct clerical and typographical errors in such legal description and map. Such map and legal description for the Wilderness Area shall be on file and available for public inspection in the offices of the Director and California State Director, Bureau of Land Management, Department of the Interior.

(2) UNITED STATES-MEXICO BORDER.—In carrying out this subsection, the Secretary shall ensure that the southern boundary of the Wilderness Area is 100 feet north of the trail depicted on the map referred to in paragraph (1) and is at least 100 feet from the United States-Mexico international border.

(e) WILDERNESS REVIEW.—The Congress hereby finds and directs that all the public lands not designated wilderness within the boundaries of the Southern Otay Mountain Wilderness Study Area (CA-060-029) and the Western Otay Mountain Wilderness Study Area (CA-060-028) managed by the Bureau of Land Management and reported to the Congress in 1991, have been adequately studied for wilderness designation pursuant to section 603 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1782), and are no longer subject to the requirements contained in section 603(c) of that Act pertaining to the management of wilderness study areas in a manner that does not impair the suitability of such areas for preservation as wilderness.

(f) ADMINISTRATION OF WILDERNESS AREA.—

(1) IN GENERAL.—Subject to valid existing rights and to paragraph (2), the Wilderness Area shall be administered by the Secretary in accordance with the provisions of the Wilderness Act (16 U.S.C. 1131 et seq.), except that—

(A) any reference in such provisions to the effective date of the Wilderness Act is deemed to be a reference to the effective date of this Act; and

(B) any reference in such provisions to the Secretary of Agriculture is deemed to be a reference to the Secretary of the Interior.

(2) BORDER ENFORCEMENT, DRUG INTERDICTION, AND WILDLAND FIRE PROTECTION.—Because of the proximity of the Wilderness Area to the United States-Mexico international border, drug interdiction, border operations, and wildland fire management operations are common management actions throughout the area encompassing the Wilderness Area. This section recognizes the need to continue such management actions so long as such management actions are conducted in accordance with the Wilderness Act (16 U.S.C. 1131 et seq.) and are subject to such conditions as the Secretary considers appropriate.

(g) FURTHER ACQUISITIONS.—Any lands within the boundaries of the Wilderness Area that are acquired by the United States after the date of enactment of this Act shall become part of the Wilderness Area and shall be managed in accordance with all the provisions of this section and other laws applicable to such a wilderness.

(h) NO BUFFER ZONES.—The Congress does not intend for the designation of the Wilderness Area by this section to lead to the creation of protective perimeters or buffer zones around the Wilderness Area. The fact that nonwilderness activities or uses can be seen or heard from areas within the Wilderness Area shall not, of itself, preclude such activities or uses up to the boundary of the Wilderness Area.

(i) DEFINITIONS.—As used in this section:

(1) PUBLIC LANDS.—The term "public lands" has the same meaning as that term

has in section 103(e) of the Federal Land Policy and Management Act of 1976.

(2) SECRETARY.—The term "Secretary" means the Secretary of the Interior.

(3) WILDERNESS AREA.—The term "Wilderness Area" means the Otay Mountain Wilderness designated by subsection (b).

SEC. 1005. ACQUISITION AND MANAGEMENT OF WILCOX RANCH, UTAH, FOR WILDLIFE HABITAT.

(a) FINDINGS.—Congress finds the following:

(1) The lands within the Wilcox Ranch in eastern Utah are prime habitat for wild turkeys, eagles, hawks, bears, cougars, elk, deer, bighorn sheep, and many other important species, and Range Creek within the Wilcox Ranch could become a blue ribbon trout stream.

(2) These lands also contain a great deal of undisturbed cultural and archeological resources, including ancient pottery, arrowheads, and rock homes constructed centuries ago.

(3) These lands, while comprising only approximately 3,800 acres, control access to over 75,000 acres of Federal lands under the jurisdiction of the Bureau of Land Management.

(4) Acquisition of the Wilcox Ranch would benefit the people of the United States by preserving and enhancing important wildlife habitat, ensuring access to lands of the Bureau of Land Management, and protecting priceless archeological and cultural resources.

(5) These lands, if acquired by the United States, can be managed by the Utah Division of Wildlife Resources at no additional expense to the Federal Government.

(b) ACQUISITION OF LANDS.—As soon as practicable, after the date of the enactment of this Act, the Secretary of the Interior shall acquire, through purchase, the Wilcox Ranch located in Emery County, in eastern Utah.

(c) FUNDS FOR PURCHASE.—The Secretary of the Interior is authorized to use not more than \$5,000,000 from the land and water conservation fund established under section 2 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-5) for the purchase of the Wilcox Ranch under subsection (b).

(d) MANAGEMENT OF LANDS.—Upon payment by the State of Utah of one-half of the purchase price of the Wilcox Ranch to the United States, or transfer by the State of Utah of lands of the same such value to the United States, the Secretary of the Interior shall transfer to the State of Utah all right, title, and interest of the United States in and to those Wilcox Ranch lands acquired under subsection (b) for management by the State Division of Wildlife Resources for wildlife habitat and public access.

SEC. 1006. ACQUISITION OF MINERAL AND GEOTHERMAL INTERESTS WITHIN MOUNT ST. HELENS NATIONAL VOLCANIC MONUMENT.

(a) FINDINGS.—Congress finds the following:

(1) The Act entitled "An Act to designate the Mount St. Helens National Volcanic Monument in the State of Washington, and for other purposes", approved August 26, 1982 (96 Stat. 301; 16 U.S.C. 431 note), required the United States to acquire all land and interests in land in the Mount St. Helens National Volcanic Monument.

(2) The Act directed the Secretary of Agriculture to acquire the surface interests and the mineral and geothermal interests by separate exchanges and expressed the sense of Congress that the exchanges be completed by November 24, 1982, and August 26, 1983, respectively.

(3) The surface interests exchange was consummated timely, but the exchange of all

mineral and geothermal interests has not yet been completed a decade and a half after the enactment of that Act.

(b) PURPOSE.—The purpose of this section is to facilitate and otherwise provide for the expeditious completion of the previously mandated Federal acquisition of private mineral and geothermal interests within the Mount St. Helens National Volcanic Monument.

(c) ACQUISITION.—Section 3 of the Act entitled "An Act to designate the Mount St. Helens National Volcanic Monument in the State of Washington, and for other purposes", approved August 26, 1982 (Public Law 97-243; 96 Stat. 302; 16 U.S.C. 431 note), is amended by adding at the end the following new subsections:

"(i) not more than 50 percent of the bonus or other payments made by successful bidders in any sales of mineral, oil, gas, or geothermal leases under the Mineral Leasing Act (30 U.S.C. 181 et seq.), the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.), or the Geothermal Steam Act of 1970 (30 U.S.C. 1001 et seq.) in the contiguous 48 States;

"(B) VALUE OF CREDITS.—The total credits of \$4,200,000 in value issued under subparagraph (A) are deemed to equal the fair market value of all mineral and geothermal interests to be conveyed by exchange under paragraph (2).

"(4) ACCEPTANCE OF CREDITS.—The Secretary of the Interior shall accept credits issued under paragraph (3)(A) in the same manner as cash for the payments described in such paragraph. The use of the credits shall be subject to the laws (including regulations) governing such payments, to the extent the laws are consistent with this subsection.

"(5) TREATMENT OF CREDITS FOR DISTRIBUTION TO STATES.—All amounts in the form of credits accepted by the Secretary of the Interior under paragraph (4) for the payments described in paragraph (3)(A) shall be considered to be money received for the purpose of section 35 of the Mineral Leasing Act (30

U.S.C. 191) and section 20 of the Geothermal Steam Act of 1970 (30 U.S.C. 1019).

"(6) EXCHANGE ACCOUNT.—

"(A) ESTABLISHMENT.—Notwithstanding any other provision of law, not later than 30 days after the completion of the exchange with a company required by paragraph (2), the Secretary of the Interior shall establish an exchange account for that company for the monetary credits issued to that company under paragraph (3). The account for a company shall be established with the Minerals Management Service of the Department of the Interior and have an initial balance of credits equal to \$2,100,000.

"(B) USE OF CREDITS.—The credits in a company's account shall be available to the company for the purposes specified in paragraph (3)(A). The Secretary of the Interior shall adjust the balance of credits in the account to reflect credits accepted by the Secretary of the Interior pursuant to paragraph (4).

"(C) TRANSFER OR SALE OF CREDITS.—

"(i) TRANSFER OR SALE AUTHORIZED.—A company may transfer or sell any credits in the company's account to another person.

"(ii) USE OF TRANSFERRED CREDITS.—Credits transferred or sold under clause (i) may be used in accordance with this subsection only by a person that is qualified to bid on, or that holds, a mineral, oil, or gas lease under the Mineral Leasing Act (30 U.S.C. 181 et seq.), the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.), or the Geothermal Steam Act of 1970 (30 U.S.C. 1001 et seq.).

"(iii) NOTIFICATION.—Within 30 days after the transfer or sale of any credits by a company, that company shall notify the Secretary of the Interior of the transfer or sale. The transfer or sale of any credit shall not be considered valid until the Secretary of the Interior has received the notification required under this clause.

"(D) TIME LIMIT ON USE OF CREDITS.—On the date that is 5 years after the date on which an account is created under subparagraph (A) for a company, the Secretary of the Interior shall terminate that company's account. Any credits that originated in the terminated account and have not been used as of the termination date, including any credits transferred or sold under subparagraph (C), shall become unusable.

"(7) TITLE TO INTERESTS.—On the date of the establishment of an exchange account for a company under paragraph (6)(A), title to any mineral and geothermal interests that are held by the company and are to be acquired by the Secretary of the Interior under paragraph (2) shall transfer to the United States.

"(h) OTHER MINERAL AND GEOTHERMAL INTERESTS.—Within 180 days after the date of the enactment of this subsection, the Secretary shall submit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report—

"(1) identifying all remaining privately held mineral interests within the boundaries of the Monument referred to in section 1(a); and

"(2) setting forth a plan and a timetable by which the Secretary would propose to complete the acquisition of such interests."

TITLE XII—DUTCH JOHN FEDERAL PROPERTY DISPOSITION AND ASSISTANCE

SEC. 1201. SHORT TITLE.

This title may be cited as the "Dutch John Federal Property Disposition and Assistance Act of 1998".

SEC. 1202. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1)(A) Dutch John, Utah, was founded by the Secretary of the Interior in 1958 on Bureau of Reclamation land as a community to house personnel, administrative offices, and equipment for project construction and operation of the Flaming Gorge Dam and Reservoir as authorized by the Act of April 11, 1956 (70 Stat. 105, chapter 203; 43 U.S.C. 620 et seq.); and

(B) permanent structures (including houses, administrative offices, equipment storage and maintenance buildings, and other public buildings and facilities) were constructed and continue to be owned and maintained by the Secretary of the Interior; (2)(A) Bureau of Reclamation land surrounding the Flaming Gorge Reservoir (including the Dutch John community) was included within the boundaries of the Flaming Gorge National Recreation Area in 1968 under Public Law 90-540 (16 U.S.C. 460v et seq.);

(B) Public Law 90-540 assigned responsibility for administration, protection, and development of the Flaming Gorge National Recreation Area to the Secretary of Agriculture and provided that lands and waters needed or used for the Colorado River Storage Project would continue to be administered by the Secretary of the Interior; and

(C) most structures within the Dutch John community (including the schools and public buildings within the community) occupy lands administered by the Secretary of Agriculture;

(3)(A) the Secretary of Agriculture and the Secretary of the Interior are unnecessarily burdened with the cost of continuing to provide basic services and facilities and building maintenance and with the administrative costs of operating the Dutch John community; and

(B) certain structures and lands are no longer essential to management of the Colorado River Storage Project or to management of the Flaming Gorge National Recreation Area;

(4)(A) residents of the community are interested in purchasing the homes they currently rent from the Secretary of the Interior and the land on which the homes are located;

(B) Daggett County, Utah, is interested in reducing the financial burden the County experiences in providing local government support services to a community that produces little direct tax revenue because of Federal ownership; and

(C) a withdrawal of the role of the Federal Government in providing basic direct community services to Dutch John would require local government to provide the services at a substantial cost;

(5)(A) residents of the Dutch John community are interested in self-government of the community; and

(B) with growing demands for additional commercial recreation services for visitors to the Flaming Gorge National Recreation Area and Ashley National Forest, there are

opportunities for private economic development, but few private lands are available for the services; and

(6) the privatization and disposal to local government of certain lands in and surrounding Dutch John would be in the public interest.

(b) **PURPOSES.**—The purposes of this title are—

(1) to privatize certain lands in and surrounding Dutch John, Utah;

(2) to transfer jurisdiction of certain Federal property between the Secretary of Agriculture and the Secretary of the Interior;

(3) to improve the Flaming Gorge National Recreation Area;

(4) to dispose of certain residential units, public buildings, and facilities;

(5) to provide interim financial assistance to local government to defray the cost of providing basic governmental services;

(6) to achieve efficiencies in operation of the Flaming Gorge Dam and Reservoir and the Flaming Gorge National Recreation Area;

(7) to reduce long-term Federal outlays; and

Eligibility for such benefits need not be based on share ownership in the Native Corporation and such benefits may be provided on a basis other than pro rata based on share ownership."

SEC. 1412. SHAREHOLDER HOMESITE PROGRAM.

Section 39(b)(1)(B) of the Alaskan Native Claims Settlement Act (43 U.S.C. 1629e(b)(1)(B)) is amended by inserting after "settlor corporation" the following: "or the land is conveyed for a homesite by the Trust to a beneficiary of the Trust who is also a legal resident under Alaska law of the Native village of the settlor corporation and the conveyance does not exceed 1.5 acres".

SEC. 1413. MORATORIUM ON FEDERAL MANAGEMENT.

Prior to December 31, 1999, neither the Secretary of the Interior nor the Secretary of Agriculture may issue or implement final regulations, rules, or policies pursuant to title VIII of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3111 et seq.) to assert jurisdiction, management, or control over the navigable waters transferred to the State of Alaska pursuant to the Submerged Lands Act (43 U.S.C. 1301 et seq.) or the Act entitled "An Act to provide for the admission of the State of Alaska into the Union", approved July 7, 1958 (Public Law 85-508; 72 Stat. 339).

SEC. 1414. EASEMENT FOR CHUGACH ALASKA CORPORATION.

(a) IN GENERAL.—Notwithstanding any other provision of law, not later than December 11, 1998, the Secretary of Agriculture shall convey to Chugach Alaska Corporation an easement for the construction, use, and maintenance of forest roads and related facilities necessary for access to and economic development of the land interests in the Carbon Mountain and Katalla vicinity that were conveyed to Chugach Alaska Corporation pursuant to the Alaska Native Claims Settlement Act. The public shall be permitted use of the roads pursuant to the terms and conditions contained in the 1982 Chugach Natives, Inc. Settlement Agreement. The location of the easement is depicted on the map entitled "Carbon Mountain Access Easement" and dated November 4, 1997. (c) SETTLEMENT AGREEMENT TO REMAIN IN FORCE.—Nothing in this section shall be construed as impairing or diminishing any right granted Chugach Alaska Corporation under the 1982 Chugach Natives, Inc. Settlement Agreement.

SEC. 1415. CALISTA NATIVE CORPORATION LAND EXCHANGE.

(a) CONGRESSIONAL FINDINGS.—Congress finds and declares that—

(1) the land exchange authorized by section 8126 of Public Law 102-172 should be implemented without further delay;

(2) the Calista Corporation, the Native Regional Corporation organized under the authority of the Alaska Native Claims Settlement Act for the Yupik Eskimos of Southwestern Alaska, which includes the majority of the Yukon Delta National Wildlife Refuge—

(A) has responsibilities provided for by the Alaska Native Claims Settlement Act to help address social, cultural, economic, health, subsistence, and related issues within the region and among its villages, including the viability of the villages themselves, many of which are remote and isolated; and

(B) has been unable to fully carry out such responsibilities;

(3) the implementation of the exchange referenced in this subsection is essential to helping Calista utilize its assets to carry out those responsibilities and to realize the benefits of the Alaska Native Claims Settlement Act;

(4) the parties to the exchange have been unable to reach agreement on the valuation of the lands and interests in lands to be conveyed to the United States under section 8126 of Public Law 102-172; and

(5) in light of the foregoing, it is appropriate and necessary in this unique situation that Congress authorize and direct the implementation of this exchange as set forth in this section in furtherance of the purposes and underlying goals of the Alaska Native Claims Settlement Act and the Alaska National Interest Lands Conservation Act.

(b) LAND EXCHANGE IMPLEMENTATION.—Section 8126 of Public Law 102-172 (105 Stat. 1206) is amended to read as follows:

"SEC. 8126. (a)(1) In exchange for lands, partial estates, and land selection rights identified in the document entitled 'The Calista Conveyance and Relinquishment Document', dated October 28, 1991, as amended September 18, 1998 (hereinafter referred to as 'CCRD'), the United States will establish a property account for the Calista Corporation, a corporation organized under the laws

of the State of Alaska, in the amount identified in the CCRD, and in accordance with the provisions of this Act.

"(2) The CCRD contains the land descriptions of the lands and interests in lands to be conveyed, the selections to be relinquished, the charges to entitlement, the quantity and class of entitlement to be transferred to the United States, the terms of the Kuskokwim Corporation Conservation Easement, and the amount that is authorized for the property account.

"(3) The covenants, terms, and conditions to be used in any transfers to the United States described in the CCRD shall be binding on the United States and the participating Native corporations and shall be a matter of Federal law.

"(b)(1) The aggregate values of such lands and interests in lands, together with compensation for the considerations set forth in congressional findings concerning the Calista Region and its villages, shall be the sum provided in section IX of the CCRD. The amounts credited to the property account described in this subsection shall not be subject to adjustment for minor changes in acreage resulting from preparation or correction of the land descriptions in the CCRD or the exclusion of any small tracts of land as a result of hazardous material surveys. The Secretary of the Interior shall maintain an accounting of the lands and interests in lands remaining to be conveyed or relinquished by Calista Corporation and the participating village corporations pursuant to this section. The Secretary of the Treasury on October 1, 1998, shall establish a property account on behalf of Calista Corporation.

"(2) The account shall be credited and available for use as provided in paragraph (4), according to the following schedule of percentages of the amount in section IX of the CCRD:

"(A) On October 1, 1999, and on October 1 of each year thereafter through October 1, 2005, the amount equal to 12.69 percent.

"(B) On October 1, 2007, the amount equal to 11.17 percent.

"(3)(A) Unless otherwise authorized by law, the aggregate amount of all credits to the account, pursuant to the schedule set forth in paragraph (2), shall be equal to the amount in section IX of the CCRD.

"(B) All amounts credited to the account shall be from amounts in the Treasury not otherwise appropriated and shall be available for expenditure without further appropriation and without fiscal year limitation.

"(4) The property account may not be used until all conveyances, relinquishments of selections, and adjustments to entitlements described in the CCRD have been made to and accepted by the United States. The Secretary of the Interior shall notify the Secretary of the Treasury when all requirements of the preceding sentence have been met. Immediately thereafter the Secretary of the Treasury shall comply with his duties under this paragraph including the computations of the amount in the account, the amount that may be expended in any particular Federal fiscal year, and the balance of the account after any transaction. The property account may be used in the same manner as any other property account held by any other Alaska Native Corporation.

"(5) Notwithstanding any other provision of law, Calista Corporation on its own behalf or on behalf of the village corporations identified in the CCRD, may assign any or all of the account upon written notification to the Secretary of the Treasury and the Secretary of the Interior.

"(6) The Secretary of the Treasury shall notify the Secretary of the Interior and Calista whenever there is a reduction in the property account, the purpose for such re-

duction and the remaining balance in the account. The Alaska State Office of the Bureau of Land Management shall be the official repository of such notices.

"(7) For the purpose of the determination of the applicability of section 7(i) of the Alaska Native Claims Settlement Act (43 U.S.C. 1606(i)) to revenues generated pursuant to that section, such revenues shall be calculated in accordance with section IX of the CCRD.

"(8) The United States shall not be liable for the redistribution of benefits by the Calista Corporation to the participating Alaska Native village corporations pursuant to this section.

"(9) These transactions are not based on appraised property values and therefore shall not be used as a precedent for establishing property values.

"(10) Prior to the issuance of any conveyance documents or relinquishments and acceptance, the Secretary of the Interior and the participating Native corporations may, by mutual agreement, modify the legal descriptions included in the CCRD to correct clerical errors.

"(11) Property located in the State of Alaska that is purchased by use of the property account shall be considered and treated as conveyances of land selections under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

"(12) The conveyance of lands, partial estates and land selection rights and relinquishment or adjustments to entitlement made by the Alaska Native Corporations pursuant to this section and the use of the property account in the Treasury shall be treated as the receipt of land or any interest therein or cash in order to equalize the values of properties exchanged pursuant to section 22(f) of the Alaska Native Claims Settlement Act (43 U.S.C. 1621(f)) as provided in the first sentence in section 21(c) of that Act (43 U.S.C. 1620(c)).

"(13) With respect to the content of the CCRD, the Secretary of the Interior, the Calista Regional Corporation, and the participating village corporations agree upon the lands, interests in lands, relinquishments and adjustments to entitlement described therein that may be offered to the United States pursuant to this section. These parties also agree with the amounts to be made available in the property account once all conveyances and relinquishments are completed, and the parties agree with the needs set forth in the congressional findings in section 6(a) of the ANCSA Land Bank Protection Act of 1998. The parties do not necessarily agree on the hortatory statements, descriptions, and attributions of resource values which are included in the CCRD as drafted by Calista. But such disagreements will not affect the implementation of this section.

"(14) Descriptions of resource values provided for surface lands which are not offered in the exchange and will remain privately owned by village corporations form no part of the consideration for the exchange."

SEC. 1504. DESIGNATION OF CALIFORNIA COASTAL ROCKS AND ISLANDS WILDERNESS AREA TO BE ADMINISTERED BY BUREAU OF LAND MANAGEMENT.

(a) FINDINGS.—The Congress finds the following:

(1) The California coastal rocks and islands are a critical component of a unique ecosystem of California.

(2) The California coastal rocks and islands comprise a narrow flight lane in the Pacific Flyway, providing protected nest sites as well as feeding and perching areas for millions of seabirds.

(3) This unique ecosystem is also important for the continued survival of endangered or threatened sea mammals, such as stellar sea lions and elephant seals.

(4) Designation of the California coastal rocks and islands as wilderness would add a significant natural component to the National Wilderness Preservation System.

(b) DESIGNATION AS WILDERNESS.—In furtherance of the purposes of the Wilderness Act (16 U.S.C. 1131 et seq.), all unreserved and unappropriated ocean islands in the State of California (as more fully described in subsection (c)) that, as of the date of the enactment of this Act, are under the jurisdiction of the Bureau of Land Management are hereby designated as wilderness and, therefore, as components of the National Wilderness Preservation System, and shall be known as the California Coastal Rocks and Islands Wilderness.

(c) DESCRIPTION OF COVERED ISLANDS.—The ocean islands covered by subsection (b) are those islands, reefs, rocks, and islets lying within three miles off the Pacific coast of the State of California from Oregon to the Mexican border and above the mean high tides, except those already reserved and appropriated for other uses as listed in the exhibit titled “Lands Not Affected By Wilderness Designation” dated February 26, 1997, and on file and available for public review in the California office of the Bureau of Land Management.

(d) MANAGEMENT AUTHORITY.—The California Coastal Rocks and Islands Wilderness shall remain under the jurisdiction of the Bureau of Land Management, and the islands, reefs, rocks, and islets designated as wilderness under subsection (b) are managed, as of the date of the enactment of this Act, under a memorandum of understanding by the California Department of Fish and Game.

(e) MANAGEMENT.—Subject to valid existing rights, the California Coastal Rocks and Islands Wilderness shall be administered by the Secretary of the Interior in accordance with the Wilderness Act, except that, with respect to such wilderness area, any reference in the Wilderness Act to the effective date of the Wilderness Act shall be deemed to be a reference to the date of the enactment of this Act and any reference to the Secretary of Agriculture shall be deemed to be a reference to the Secretary of the Interior.

(f) EFFECT ON OTHER LAWS.—This section shall take precedence over and supersede the temporary reservation made by the Act of February 18, 1931 (Chapter 226; 46 Stat. 1172).

(a) AMENDMENT.—Section 2 of the Colorado Wilderness Act of 1993 (Public Law 103-77) is amended by adding the following new paragraph at the end of subsection (a):

“(20) Certain lands in the San Isabel National Forest which comprise approximately 18,000 acres, as generally depicted on a map entitled ‘Proposed Spanish Peaks Wilderness’, dated May 1997, and which shall be known as the Spanish Peaks Wilderness.”.

(b) MAP AND DESCRIPTION.—As soon as practicable after the date of enactment of this Act, the Secretary of Agriculture shall file a map and a boundary description of the area designated as the Spanish Peaks Wilderness by paragraph (20) of subsection 2(a) of the Colorado Wilderness Act of 1993, as amended by this section, with the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate. Such map and boundary description shall have the same force and effect as if included in the Colorado Wilderness Act of 1993, except that if the Secretary is authorized to correct clerical and typographical errors in such boundary description and map. Such map and boundary description shall be on file and available for public inspection in the Office of the Chief of the Forest Service, Department of Agriculture.

SEC. 1506. ROSIE THE RIVETER NATIONAL PARK SERVICE AFFILIATED SITE.

(a) FINDINGS.—The Congress finds the following:

(1) The City of Richmond, California, is located on the northeastern shore of San Francisco Bay and consists of several miles of waterfront which have been used for shipping and industry since the beginning of the 20th century. During the years of World War II, the population of Richmond grew from 220 to over 100,000.

(2) An area of Richmond, California, now known as Marina Park and Marina Green, was the location in the 1940's of the Richmond Kaiser Shipyards, which produced Liberty and Victory ships during World War II.

(3) Thousands of women of all ages and ethnicities moved from across the United States to Richmond, California, in search of high paying jobs and skills never before available to women in the shipyards.

(4) Kaiser Corporation supported women workers by installing child care centers at the shipyards so mothers could work while their children were well cared for nearby.

(5) These women, referred to as “Rosie the Riveter” and “Wendy the Welder”, built hundreds of liberty and victory ships in record time for use by the United States Navy. Their labor played a crucial role in increasing American productivity during the war years and in meeting the demand for naval ships.

(6) In part the Japanese plan to defeat the United States Navy was predicated on victory occurring before United States shipyards could build up its fleet of ships.

(7) The City of Richmond, California, has dedicated the former site of Kaiser Shipyard #2 as Rosie the Riveter Memorial Park and will construct a memorial honoring American women's labor during World War II. The memorial will be representative of one of the Liberty ships built on the site during the war effort.

(8) The City of Richmond, California, is committed to collective interpretative oral histories for the public to learn of the stories of the “Rosies” and “Wendys” who worked in the shipyards.

(9) The Rosie the Riveter Park is a nationally significant site because there tens of

thousands of women entered the work force for the first time, working in heavy industry to support their families and the War effort. This was a turning point for the Richmond, California, area and the nation as a whole, when women joined the workforce and successfully completed jobs for which previously it was believed they were incapable.

(b) STUDY.—

(1) IN GENERAL.—The Secretary of the Interior shall conduct a feasibility study to determine whether—

(A) the Rosie the Riveter Park located in Richmond, California, is suitable for designation as an affiliated site to the National Park Service; and

(B) the Rosie the Riveter Memorial Committee established by the City of Richmond, California, with respect to that park is eligible for technical assistance for interpretative functions relating to the park, including preservation of oral histories from former workers at the Richmond Kaiser Shipyards.

(2) REPORTS.—Not later than 6 months after the date of the enactment of this Act, the Secretary shall complete the study under paragraph (1) and submit a report containing findings, conclusions, and recommendations from the study to the Committee on Resources of the House of Representatives and the Committee on Energy and Environment of the Senate.
