Special Local Regulations for Marine Events; Patapsco River, Baltimore, MD

AGENCY: Coast Guard, DOT.

ACTION: Notice of implementation.

SUMMARY: This notice implements the special local regulations at 33 CFR

100.515 during the fireworks display to be held July 4, 1998, on the Patapsco River at Baltimore, Maryland. These special local regulations are necessary to control vessel traffic due to the confined nature of the waterway and expected vessel congestion during the fireworks display. The effect will be to restrict general navigation in the regulated area for the safety of spectators and vessels transiting the event area.

DATES: 33 CFR 100.515 is effective from 9 p.m. to 10 p.m. on July 4, 1998.

FOR FURTHER INFORMATION CONTACT: Chief Warrant Officer R.L. Houck, Marine Events Coordinator, Commander, Coast Guard Activities Baltimore, 2401 Hawkins Point Road, Baltimore, MD 21226-1971, (410) 576-2674.

SUPPLEMENTARY INFORMATION: The City of Baltimore will sponsor a fireworks display on July 4, 1998 on the Patapsco River, Baltimore, Maryland. The fireworks display will be launched from a barge positioned within the regulated area. In order to ensure the safety of participants and transiting vessels, 33 CFR 100.515 will be in effect for the duration of the event. Under provisions of 33 CFR 100.515, a vessel may not enter the regulated area unless it receives permission from the Coast Guard Patrol Commander. Spectator vessels may anchor outside the regulated area but may not block a navigable channel. Because these restrictions will be in effect for a limited period, they should not result in a significant disruption of maritime traffic.

Dated: May 29, 1998.

Special Local Regulation: Newport- Bermuda Regatta, Narragansett Bay, Newport, RI

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is issuing a temporary rule to change the effective dates for the special local regulations for this year's Newport-Bermuda Regatta. The Newport-Bermuda Regatta will be held on June 19, 1998. This event involves up to 120 ocean going sailboats departing the entrance to Narragansett Bay, Newport, RI, and racing to Bermuda, U.K. This regulation is necessary to control vessel traffic within the immediate vicinity of the event due to the confined nature to the event, thus providing for the safety of life and property on the affected navigable waters.

DATES: This rule is effective on June 19, 1998, from 11 a.m. to 3:30 p.m.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Commander Mark A. Cawthorn, Assistant Chief, Search and Rescue Branch, First Coast Guard District, (617) 223-8460.

SUPPLEMENTARY INFORMATION:

Regulatory History

The special local regulation in 33 CFR 100.119 for the biennial Newport-Bermuda Regatta was published on June 24, 1996 at 61 FR 32332. The regulation's effective date does not allow automatic implementation of the rule each year. This regulation is necessary to suspend paragraph (c) of 33 CFR 100.119 and add paragraph (d) specifying the effective dates for this year's event. Good cause exists for providing for this regulation to become effective in less than 30 days after

Federal Register publication. Publishing an NPRM would require a 30-day comment period and the final rule would not be effective before the scheduled event. The Coast Guard believes delaying the event in order to provide a 30-day delayed effective date would be contrary to the public interest given this event's local popularity.

Background and Purpose

The Newport-Bermuda regatta is a biennial sailboat race sponsored by Cruising Club of America. Participating sailboats will require favorable navigable conditions. A portion of the East Passage of Narragansett Bay, Newport, Rhode Island will be closed during the effective period. This regulated area is needed to protect life and property during the event. For further information and restrictions regarding this event see 33 CFR 100.119.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, and does not require an assessment of potential costs and benefits under section 6(a) (3) of that order. The Office of Management and Budget has exempted this temporary rule from review under that order. This temporary rule is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation, under paragraph 10e of the regulatory policies and procedures of DOT, is unnecessary. The effect of this temporary rule will not be significant for several reasons: entry into the regulated area is restricted for a short duration; vessels may transit around the regulated area; and the extensive advance advisories that will be made.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard considered whether this rule would have a significant economic impact on a substantial number of small entities. "Small entities" may include (1) small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields and (2) governmental jurisdictions with populations of less than 50,000.

For the reasons discussed in the Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.
