

E. Regulatory Flexibility

The Regulatory Flexibility Act (RFA) generally requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and small governmental jurisdictions. This final rule will not have a significant impact on a substantial number of small entities because State Plan approvals under section 111(d) of the Clean Air Act do not create any new requirements but simply approve requirements that the State is already imposing. Therefore, because the Federal State Plan approval does not create any new requirements, I certify that this action will not have a significant economic impact on a substantial number of small entities. Moreover, due to the nature of the Federal-State relationship under the Clean Air Act, preparation of flexibility analysis would constitute Federal inquiry into the economic reasonableness of state action. The Clean Air Act forbids EPA to base its actions concerning State Plans on such grounds. *Union Electric Co. v. U.S. EPA*, 427 U.S. 246, 255-66 (1976); 42 U.S.C. 7410(a)(2).

F. Unfunded Mandates

Under section 202 of the Unfunded Mandates Reform Act of 1995 ("Unfunded Mandates Act"), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

EPA has determined that the approval action promulgated does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action approves pre-existing requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal

governments, or to the private sector, result from this action.

G. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

H. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 19, 1999. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Notice of deletion of the Hebelka Auto Salvage Yard site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region III announces the deletion of the Hebelka Auto Salvage Yard Site (Site) from the National Priorities List (NPL). The NPL constitutes appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), as amended. EPA and the Pennsylvania Department of Environmental Protection (PADEP) have determined that all appropriate CERCLA response actions have been implemented and that no further cleanup by responsible parties is appropriate. Moreover, EPA and PADEP have determined that remedial activities conducted at the Site to date have been

protective of public health, welfare and the environment.

EFFECTIVE DATE: September 20, 1999.

ADDRESSES: Comprehensive information on this release is available for viewing at the Site information repositories at the following locations: U.S. EPA, Region 3, Regional Center for Environmental Information, 1650 Arch Street, Philadelphia, PA 19103, (215) 814-5364. Weisenberg Township Building, 2175 Seipstown Road, Fogelsville, PA 18051, (610) 285-6660.

FOR FURTHER INFORMATION CONTACT: Ms. Deanna Moultrie (3HS21), U.S. Environmental Protection Agency, Region 3, 1650 Arch Street, Philadelphia, PA, 19103, (215) 814-5125.

SUPPLEMENTARY INFORMATION: The release to be deleted from the NPL is: Hebelka Auto Salvage Yard Site, Weisenberg Township, Pennsylvania

A Notice of Intent to Delete for this site was published June 24, 1999 (64 FR 33812). The closing date for comments on the Notice of Intent to Delete was July 26, 1999. EPA received no comments.

The EPA identifies releases which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those releases. Releases on the NPL may be the subject of remedial actions financed by the Hazardous Substance Superfund Response Trust Fund (Fund). Pursuant to § 300.66(c)(8) of the NCP, any release deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the Site warrant such action.

Deletion of a release from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 99-1839 ; MM Docket No. 97-216; RM-9153]

Radio Broadcasting Services; Berlin and North Conway, NH

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, at the request of Fuller-Jeffrey Radio of New England, Inc., reallots Channel 279C from Berlin to North Conway, NH, as the community's first local aural service, and modifies the license of Station WPKQ's license to specify North Conway as its community of license. See 62 FR 54819, October 22, 1997. The Commission found that a waiver of Section 73.207 of the Commission's Rules was warranted in this case since Station WPKQ is a grandfathered short-spaced station with respect to Station WKNE, Channel 279B, Keene, NH, and the allotment will not alter any of the existing short-spacings. Channel 279C can be allotted to North Conway at Station WPKQ's presently licensed transmitter site, 44-16-14 NL; 71-18-15 WL. With this action, this proceeding is terminated.

DATES: Effective October 25, 1999.

Fisheries of the Northeastern United States; Black Sea Bass Fishery; Commercial Quota Harvested for Quarter 3 Period; Fisheries of the Caribbean, Gulf and South Atlantic

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Commercial quota harvest for Quarter 3 period.

SUMMARY: NMFS announces that the black sea bass commercial quota available in the Quarter 3 period to the coastal states from Maine through North Carolina will have been harvested as of September 25, 1999. Commercial vessels may not land black sea bass in the Northeast Region for the remainder of the 1999 Quarter 3 quota period (through September 30, 1999). Regulations governing the black sea bass fishery require publication of this notification to advise the coastal states from Maine through North Carolina that the quota has been harvested and to advise vessel permit holders and dealer permit holders that no commercial
