DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2001

The SPEAKER pro tempore (Mr. LaHood). Pursuant to House Resolution 518 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the further consideration of the bill, H.R. 4577.

□ 1556

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the further consideration of the bill (H.R. 4577) making appropriations for the Departments of Labor, Health and Human Services, and Education, and related agencies for the fiscal year ending September 30, 2001, and for other purposes, with Mr. PEASE (Chairman pro tempore) in the chair.

The Clerk read the title of the bill.

The CHAIRMAN pro tempore. When the Committee of the Whole rose on Tuesday, June 13, 2000, the bill had been read through page 84, line 21.

Mr. PORTER. Mr. Chairman, I move to strike the last word for the purpose of entering into a colloquy with the gentleman from New York (Mr. QUINN).

Mr. Chairman, I yield to the gentleman from New York (Mr. QUINN) for an explanation of his concerns.

Mr. QUINN. Mr. Chairman, I want to begin by thanking the gentleman from Illinois (Mr. PORTER) for the fine job and the hard work he has done, not only for the job he has done this year in a very difficult year, but over the years for our Labor-HHS bill.

□ 1600

Mr. Chairman, as a former teacher, funding for elementary and secondary education programs is a top priority for me as well as many other Members here in the House. I have several concerns regarding education funding levels in this bill. I am particularly concerned that the title I education programs have been level funded at fiscal year 2000 levels. These title I programs are vital for school districts like the Buffalo area and many more. Title I educational assistance programs target low-income and disadvantaged areas providing accelerated instruction. smaller classes, extra time to learn after school and during the summer, and computer-based instruction. Buffalo receives approximately \$23 million a year in title I funding alone.

As my colleague can see, this is critical for many districts. I have been working closely with our colleague, the gentleman from New York (Mr. McHugh), to ensure full funding for this program.

Secondly, Mr. Chairman, I also want to talk with the gentleman for a moment about other programs we have discussed. It has been argued that a nearly \$200 million cut in the dislocated workers assistance program, run by the Department of Labor, can be justified by our Nation's strong economy. While that may be true in some parts of the country, unfortunately, in my district, in our area of the State and many other Rust Belt communities throughout the country, workers who are permanently separated from their jobs depend on this program to return to productive unsubsidized employment.

Lastly, the one-stop career centers were not funded in the bill this year. The elimination of these one-stop career centers would threaten the division of Veterans Employment and Training Services efforts toward establishing licensing and certification of military skills for the civilian economy. This would affect the licensing and certification language in the new Montgomery GI Bill legislation, which was passed in the House in May. It would also have a negative effect on Veterans Employment and Training legislation which the subcommittee will introduce later this summer. Evervone has worked extremely hard to ensure these programs exist for our Veterans.

These three concerns, Mr. Chairman, lead me to look forward to working closely with the gentleman from Illinois in the weeks to come so that these programs receive adequate funding in the final version of the legislation, and I appreciate the opportunity for this discussion.

Mr. PORTER. Mr. Chairman, reclaiming my time, I thank the gentleman for bringing this to my attention. Because of budget restraints, we were not able to provide an increase in these programs in the House bill.

However, I understand the gentleman's concerns and will assure him that I will do my best to work with my colleagues in conference to ensure that these programs receive adequate funding.

Mr. Chairman, I include the following material for the RECORD.

Mr. OBEY. Mr. Chairman, I move to strike the last word.

Mr. Chairman, I would ask the gentleman if it is the intention of the majority to now proceed to a final vote on this bill.

Mr. PORTER. Mr. Chairman, will the gentleman yield?

Mr. OBEÝ. I yield to the gentleman from Illinois.

Mr. PORTER. Yes, it is.

Mr. OBEY. Reclaiming my time, Mr. Chairman, I thank the gentleman, and all I would say with respect to the previous colloquy is that the only assurance that any individual Member can provide that there will be more funding for a program that he is interested in is to vote for a bill which contains it. When we vote for a bill that does not contain it, what we do is give leverage to the very people who are trying to hold down funding for that bill.

I think before Members vote they should understand one thing about this bill. All of yesterday we tried to offer amendments to restore funds for education, for health care, for job training, for various other items that were knocked out of the President's budget request and we were denied the opportunity to offer those amendments, in large part because we were told they exceeded the allowable budget ceiling for this bill. And yet this bill now, as it stands here, with the failure of the Young amendment, is \$500 million in budget authority above the allowable amount and it is \$217 million above the allowable budget ceiling for outlays; that despite the fact that it is still \$3 billion short of the President's budget for education, \$1.7 billion below for worker protection and training, and \$1.2 billion below the President's budget for health.

I find it interesting that one standard is applied to amendments that this side sought to offer and another standard to the majority side when it wants to pass a bill. This bill, as it stands, is not in compliance with the budget resolution, and yesterday the majority time and time and time again chastised us for offering amendments that were not in compliance with the budget resolution. So much for consistency. But I guess it is the best that we can expect.

Lastly, I want to announce to the House, Mr. Chairman, that there will be a motion to recommit.

Mr. PORTER. Mr. Chairman, I move to strike the last word.

Though I did this at the beginning, Mr. Chairman, I want to take just a minute to thank the Members of the subcommittee and the staff.

Members of the House should realize that the hearings on this bill take longer perhaps than most other appropriation bills, running months, running into hundreds of public witnesses, and hearing from literally 100 Members of Congress. The Members that serve on it serve a very long and hard year in bringing this bill to the floor.

I want to thank the gentleman from Florida (Mr. Young), the gentleman

from Texas (Mr. BONILLA), the gentleman from Oklahoma (Mr. ISTOOK), the gentleman from Florida (Mr. MIL-LER), the gentleman from Arkansas (Mr. DICKEY), the gentleman from Mississippi (Mr. WICKER), the gentlewoman from Kentucky (Mrs. NORTHUP), and the gentleman from California (Mr. CUNNINGHAM) on our side; and the gentleman from Wisconsin (Mr. OBEY), the gentleman from Maryland (Mr. HOYER), the gentlewoman from California (Ms. PELOSI), the gentlewoman from New York (Mrs. LOWEY), the gentlewoman from Connecticut (Ms. DELAURO), and the gentleman from Illinois (Mr. JACK-SON) on the minority side.

It has been a great source of pleasure for me to work with such fine people and to be able to, in the end, despite all the rhetoric, find the common ground to fund these very, very important programs that exist in the bill.

Let me also thank the professional staff, and they are true professionals, who work even harder than we do. Tony McCann, the clerk of my subcommittee and chief of staff; Carol Murphy, Susan Firth, Geoff Kenyon, Francine Salvador, and Tom Kelly; and on the minority side Mark Mioduski and Cheryl Smith.

Let me also thank my personal staff, my administrative assistant, Katharine Fisher, and Spencer Perlman, who also put in long, long hours in producing this bill.

Finally, let me thank the associate staff. Obviously, they work hard as well. Brent Jaquet, Angela Godby, Bill Duncan, Paul Pisano, Kristen Bannerman, Jim Perry, Kristy Craig, and Frank Purcell. All of them work very hard in very tough circumstances to make this bill come to the floor and, I hope, get passed.

Finally, let me say that it has been, for me, for all the years that I have served on the Committee on Appropriations a real pleasure to work with the gentleman from Florida (Mr. YOUNG), our chairman. If anyone wanted to see a strong, effective, hard-working leader, who is universally respected and loved by Members on both sides of the aisle, they would want to see the gentleman from Florida (Mr. YOUNG). I do not know when he or the gentleman from Wisconsin (Mr. OBEY) ever get a chance to get any sleep during appropriation season.

And during all of this, I would add, that the gentleman from Florida is the best husband and father, and puts his family ahead of everything else. How he finds the time to do it all is beyond me. But we all love him and respect him greatly.

Mr. OBEY. Mr. Chairman, will the

gentleman yield?
Mr. PORTER. I yield to the gentleman from Wisconsin.

Mr. OBEY. I thank the gentleman for yielding to me, Mr. Chairman.

I will not repeat everything I said about the gentleman from Illinois yesterday, in the interest of brevity, but I do simply want to say that on this side

of the aisle we regret very much the fact that the gentleman is retiring. We regret very much he will not be with us next year.

As I said yesterday, the gentleman has been a superb public servant. He has done honor to his district, to his State, to his party, to his Nation, to this institution, and each and every one of us who have served with him, and we wish him Godspeed.

The CHAIRMAN pro tempore (Mr. PEASE). The Clerk will read.

The Clerk read as follows:

This Act may be cited as the "Department of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2001".

Mr. POMEROY. Mr. Chairman, I rise in opposition to H.R. 4577, the fiscal year 2001 Labor-Health and Human Services-Appropriations bill. I believe strongly this legislation shortchanges America's families by inadequately funding critical federal education and health programs.

First, I would like to express concerns with the legislation's funding levels for federal education programs. At a time when we should be increasing funding for our schools to reduce class size and to enhance teacher training, this bill would cut \$3.5 billion from the Administration's education budget. H.R. 4577 would repeal last year's bipartisan plan to hire 100,000 additional teachers for smaller classes. In North Dakota alone, this initiative has helped to hire 145 teachers and reduce class size for children like my daughter Kathryn.

Mr. Chairman, H.R. 4577 would also provide no funding for school modernization, meaning that hundreds of schools in North Dakota will have to forgo repair and modernization projects. In addition, at a time when we are facing a teacher shortage, this bill eliminates \$1 billion in crucial funding for teacher recruitment and training. By enacting these cuts and failing to provide funding for crucial education programs, this legislation will shortchange our students and endanger America's future economic prosperity.

In the area of health programs, I have serious concerns regarding the funding levels approved by the House Appropriations Committee for Medicare contractors. In the Administration's fiscal year 2001 budget request, the President requested \$1.30 billion to support Medicare claims processing contractors, supported in part by Medicare user fees. While I do not support implementation of Medicare user fees, I am concerned that the committee approved only \$1.17 billion for Medicare contractors. This amount is not only \$136 million less than the President's request, but also \$79 million less than the fiscal year 2000 allocation.

As the committee notes in its report, "Medicare contractors are responsible for paying Medicare providers promptly and accurately." I am concerned that this funding reduction contradicts the committee's intent; it is likely to slow down claims processing activities and the ability of contractors to provide services to both beneficiaries and providers. We have all heard our constituents' concerns about the Medicare claim process—claims that are accidentally denied, slow payments, reaching voice mail more often than human beings. We should not exacerbate these concerns by reducing funding levels for Medicare contractors.

Mr. Chairman, I impress upon my colleagues the need to adequately fund the Medicare contractor program. I am not asking for Congress to approve Medicare user fees. In the future, however, when the House and Senate conference on this appropriations bill, Lurge my colleagues to revisit this issue.

Mr. VÉNTO. Mr. Chairman, as we consider the Department of Labor, Health and Human Services and Education Appropriations Bill for Fiscal Year 2001, a simple question comes to mind. Do we, or do we not care about the needs of hard working American families? By looking at this proposal it seems to me that the answer is a resounding "no." The appropriations legislation put before us short-changes nearly every vulnerable group—children, dislocated and injured workers, and the elderly, to highlight just a few.

The American public time and again has rated education as a top priority-above tax cuts, above foreign affairs, above Pentagon spending, even above gun control and protecting social security. While I am not discrediting the need for Congress to address all of those issues, it is important that we listen to what constituents are saying. It seems ridiculous that at a time when our economy is booming, we still have schools that are under funded and under staffed, mainly due to the slight of hand indifferent policy path of the Republican leadership. How can the United States possibly expect to remain competitive in a global marketplace if we are unwilling to make the investment to ensure that our students are receiving the best education possible? As examples, H.R. 4577 short-changes students who need the most support, by inadequately funding Head Start, Title I, after school care, teacher quality and class size reduction initiatives. Additionally, this proposal supports block granting for several programs. a method of funding which dilutes the effectiveness of federal dollars in our classrooms.

This appropriations bill is a disaster when it comes to taking care of on the job workers safety and health. The rider blocking the implementation of an ergonomics standard is particularly offensive, an unnecessary delay tactic which could ultimately result in thousands more workers being needlessly injured on the job. Additionally, this legislation cuts dislocated worker programs—a slap in the face following the recent vote of PNTR for China—and cuts funding of summer jobs for at-risk youth, retreating from the modest temporary programs that ease the plight of working families.

Congress must do more and increase funding for important human needs and health programs. Instead, funding is reduced for Social Service Block Grants (SSBG), one of the primary sources of social service funding for states to provide vital services for children, youth, seniors, families, and persons with disabilities. Also, public health priorities such as Child Care Development Block Grants (CCDBG) and mental health services have not been satisfactorily funded. Now, in a productive economic time, Congress should not exacerbate social-economic disparities, but rather maintain commitments to guarantee all Americans an opportunity to contribute to and share in America's prosperity.

This bill is emblematic of how budget distortions and faulty priorities often have grave consequences for some of our most vulnerable citizens. I encourage my colleagues to oppose this legislation, which ignores the needs and priorities of American families.

Mr. HILLEARY. Mr. Chairman, tonight, I come to the floor in opposition to the implementation of a uniform medical identifier and support of the Paul amendment, which would eliminate its implementation.

I, along with Representative PAUL, led a bipartisan group of members urging the inclusion of this amendment. We had less than 24 hours and limited resources at our disposal to gather support, yet within half a day we had 33 members by our side.

These members all shared the same fear. That fear was that unless Congress intervenes at this moment and stops the creation of a national database containing the medical history of every American, government and HMO bureaucrats across the country will be able to pry into the personal information of every American.

However, it is not just privacy that is at stake here. We also threaten to undermine the entire health care system. The confidentiality associated with doctor-patient relationship will be irreparably harmed. Embarrassing or emotional problems may never be shared. As a result, the treating physician will be unable to deliver the best treatment.

What we ask for today is nothing novel or extreme. For two straight years we have included similar language in the Labor-HHS appropriations bill. I am confident that this House will stand in favor of this provision.

The CHAIRMAN pro tempore. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. LAHOOD) having assumed the chair, Mr. PEASE, Chairman pro tempore of the Committee of the Whole House on the State of the Union, reported that that Committee, having had under consideration the bill (H.R. 4577) making appropriations for the Departments of Labor, Health and Human Services, and Education, and related agencies for the fiscal year ending September 30, 2001, and for other purposes, pursuant to House Resolution 518, he reported the bill back to the House with sundry amendments adopted by the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any amendment? If not, the Chair will put them en gros.

The amendments were agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT OFFERED BY MR. OBEY Mr. OBEY. Mr. Speaker, I offer a motion to recommit.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. OBEY. I think that is safe to say, Mr. Speaker.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. OBEY moves to recommit the bill H.R. 4577 to the Committee on Appropriations

with instructions to report the same back to the House forthwith with the following amendment:

Page 84, strike section 518 (as added by the amendment printed in part A of the report of the Committee on Rules to accompany H. Res. 518).

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Wisconsin is recognized for 5 minutes in support of his motion to recommit.

(Mr. OBEY asked and was given permission to revise and extend his remarks and to include tabular and extraneous material.)

Mr. OBEY. Mr. Speaker, this motion is very simple. It deletes a provision in the bill that was added by the rule through a self-executing amendment that has the effect of cutting the fiscal 2000 appropriation in this bill for Child Care and Development Block Grant by \$506 million.

### □ 1615

The motion to recommit simply strikes that provision, thereby adding \$506 million back for child care, which is the same level that was requested by the President and which was the level included in this bill as reported out of committee.

This motion would provide child care for an additional 100,000 children. The provision in the bill which my motion strikes says that if the Fiscal 2002 advance appropriation across all appropriation bills exceeds \$23.5 billion, then the child care program is singled out for rescissions that bring the total back down to \$23 billion.

Since the Labor HHS bill and VA bill already exceed that total by \$506 million, that means \$506 million will automatically be lopped off the \$2 billion provided in this bill for child care.

I am sure my friend, the gentleman from Illinois (Mr. PORTER), will say this is next year's funding, and so you do not have to worry about it. My response is this bill is either real or it is not. It is either a let-us-pretend bill. If it is not a let-us-pretend bill, then it cuts child care by \$506 million.

I would hope that we would be voting for real bills, and I would hope that we would not be slashing programs like this.

I would point out that only one out of every 10 children who are eligible for child care under Federal standards today are actually getting it because of a shortage of that service. If Members are comfortable with that situation, then they should vote against my motion. If they are not, then I would urge that they vote for it.

If this motion passes, the committee will simply have to bring back a new bill immediately without this misguided provision.

Mr. Speaker, I include the following for the RECORD:

SEC. 518. If the total level of discretionary advance appropriations for fiscal year 2002 and subsequent fiscal years provided in general appropriation Acts for fiscal year 2001 exceeds \$23,500,000,000, there shall be rescinded from the amount made available in

this Act for fiscal year 2002 under the heading "ADMINISTRATION FOR CHILDREN FAMILIES—PAYMENTS TO STATES FOR CHILD CARE AND DEVELOPMENT BLOCK GRANT' an amount sufficient to reduce the total level of such discretionary advance appropriations to \$23,500,000,000: Provided, That the rescission shall not exceed an amount that would cause the amount provided under such heading to be less than the amount provided for fiscal year 2001 in the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2000 (as enacted into law by section 1000(a)(4) of Public Law 106-113).

Mr. Speaker, in the interest of time, I yield back the remainder of my time. The SPEAKER pro tempore (Mr. LAHOOD). Is the gentleman from Illinois (Mr. PORTER) opposed to the motion?

Mr. PORTER. I am, Mr. Speaker, yes. The SPEAKER pro tempore. The gentleman from Illinois is recognized for 5 minutes.

Mr. PORTER. Mr. Speaker, I am surprised that the minority would offer this particular motion to recommit.

When the House reported the bill, it exceeded the \$23.5 billion cap in advanced appropriations, which is what the gentleman from Wisconsin (Mr. OBEY) was referring to.

We funded the Child Care Block Grant at \$2 billion in fiscal year 2002; that is an advance appropriation, which is roughly \$800 million over the enacted FY 2001 amount.

In the rule, a provision was added to the bill that assures that we will not exceed the overall budget cap of \$23.5 billion set forth in the budget resolution. This is the provision that the motion to recommit of the gentleman would strike.

If we adopt the motion of the gentleman and remove the sequester provision, it will simply mean that we will have to make it up somewhere else in the other bill. These bills will have to be cut, in order to stay within the budget resolution: we will have to make up the \$800 million.

So where will we make it up? We may have to cut section 8 housing money in VA-HUD. We may have to cut law enforcement money in Commerce-Justice-State. We may have to cut other money in other bills.

So while this may seem like a very appealing provision, there has to be a way under the budget resolution to pay for it. Every one of the amendments of the gentleman during the debate on this bill have ignored the budget resolution. We cannot do so. We have to live under it. We have to live within the allocations made. And if we squeeze the balloon at one point, it comes out in another.

I urge Members to vote no. I urge Members to support the bill.

Mr. PORTER. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.
