

not result in expenditures by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any one year, FDA concluded that the proposed regulation is consistent with the principles of the Unfunded Mandates Reform Act without the need for further analysis.

B. Environmental Impact

The agency has determined under 21 CFR 25.31(h) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

IV. The Paperwork Reduction Act of 1995

This final rule contains no collections of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

Delegation of Authority (99R–282P)

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Treasury.

ACTION: Treasury Decision; Final rule.

SUMMARY: This final rule places most ATF authorities contained in certain ATF regulations with the “appropriate ATF officer” and requires that persons file documents required by those regulations with the “appropriate ATF officer”. Also, this final rule removes the definitions of, and references to, specific officers subordinate to the Director. Concurrently with this Treasury Decision, ATF Order 1130.7 is being published elsewhere in this issue of the **Federal Register**. Through this order, the Director has delegated most of the authorities in the affected regulations to the appropriate ATF officers and specified the ATF officers with whom applications, notices and other reports, which are not ATF forms, are filed.

EFFECTIVE DATE: August 28, 2000.

FOR FURTHER INFORMATION CONTACT: Robert Ruhf, Regulations Division, Bureau of Alcohol, Tobacco and

Firearms, 650 Massachusetts Avenue NW, Washington, DC 20226, (202–927–8220).

SUPPLEMENTARY INFORMATION:

Background

Pursuant to Treasury Order 120–01 (formerly 221), dated June 6, 1972, the Secretary of the Treasury delegated to the Director of the Bureau of Alcohol, Tobacco and Firearms (ATF), the authority to enforce, among other laws, the provisions of the Federal Alcohol Administration (FAA) Act. The Director has subsequently redelegated certain of these authorities to appropriate subordinate officers by way of various means, including by regulation, ATF delegation orders, regional directives, or similar delegation documents. As a result, to ascertain what particular officer is authorized to perform a particular function under the FAA Act, each of these various delegation instruments must be consulted. Similarly, each time a delegation of authority is revoked or redelegated, each of the delegation documents must be reviewed and amended as necessary.

ATF has determined that this multiplicity of delegation instruments complicates and hinders the task of determining which ATF officer is authorized to perform a particular function. ATF also believes these multiple delegation instruments exacerbate the administrative burden associated with maintaining up-to-date delegations, resulting in an undue delay in reflecting current authorities.

Accordingly, this final rule rescinds all authorities of the Director in parts 6, 8, 10 and 11 that were previously delegated and places those authorities with the “appropriate ATF officer.” Most of the authorities of the Director that were not previously delegated are also placed with the “appropriate ATF officer.” Along with this final rule, ATF is publishing ATF Order 1130.7, Delegation Order—Delegation of the Director’s Authorities in Parts 6, 8, 10 and 11, which delegates certain of these authorities to the appropriate organizational level. The effect of these changes is to consolidate all delegations of authority in parts 6, 8, 10 and 11 into one delegation instrument. This action both simplifies the process for determining what ATF officer is authorized to perform a particular function and facilitates the updating of delegations in the future. As a result, delegations of authority will be reflected in a more timely and user-friendly manner.

In addition, this final rule also amends parts 6, 8, 10 and 11 to provide that the submission of documents other

than ATF forms (such as letterhead applications, notices and reports) must be filed with the “appropriate ATF officer” identified in ATF Order 1130.7. These changes will facilitate the identification of the officer with whom forms and other required submissions are filed.

This final rule also makes various technical amendments to 27 CFR parts 6, 8, 10 and 11. New sections are added in each part to recognize the authority of the Director to delegate regulatory authorities and to identify ATF Order 1130.7 as the instrument reflecting such delegations.

ATF has begun to make similar changes in delegations to other parts of Title 27 of the Code of Federal Regulations through separate rulemakings. By amending the regulations part by part, rather than in one large rulemaking document and ATF Order, ATF minimizes the time expended in notifying interested parties of current delegations of authority.

Paperwork Reduction Act

The provisions of the Paperwork Reduction Act of 1995, Public Law 104–13, 44 U.S.C. Chapter 35, and its implementing regulations, 5 CFR part 1320, do not apply to this final rule because there are no new or revised recordkeeping or reporting requirements.

Regulatory Flexibility Act

Because no notice of proposed rulemaking is required for this rule, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

Executive Order 12866

It has been determined that this rule is not a significant regulatory action because it will not: (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in Executive Order 12866.

Administrative Procedure Act

Because this final rule merely makes technical amendments and conforming

changes to improve the clarity of the regulations, it is unnecessary to issue this final rule with notice and public procedure under 5 U.S.C. 553(b). Similarly it is unnecessary to subject this final rule to the effective date limitation of 5 U.S.C. 553(d).

Drawbridge Operating Regulation; Red River, LA

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is removing the operating regulation for the State Route 107 vertical lift bridge across the Red River, mile 59.5, at Moncla, Louisiana. A new State Route 107 fixed bridge has opened and the vertical lift bridge has been removed from the waterway. The regulation governing the vertical lift bridge operation is no longer needed.

DATES: This regulation becomes effective on August 28, 2000.

ADDRESSES: Documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Hale Boggs Federal Building, room 1313, 501 Magazine Street, New Orleans, Louisiana 70130–3396 between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (504) 589–2965. Commander (ob) maintains the public docket for this rulemaking.

FOR FURTHER INFORMATION CONTACT: Mr. David Frank, Bridge Administration Branch, telephone number 504–589–2965.

SUPPLEMENTARY INFORMATION:**Background**

A new State Route 107 fixed bridge across the Red River, mile 59.9, at Moncla, Louisiana, was opened to traffic in March of 2000. The old State Route 107 vertical lift bridge across the Red River, mile 59.5, was removed. The elimination of this drawbridge necessitates the removal of the drawbridge operation regulation that pertained to this draw. This rule

removes the regulation for this bridge in § 117.491(a).

The Coast Guard has determined that good cause exists under the Administrative Procedure Act (5 U.S.C. 553) to forgo notice and comment for this rulemaking because removing the bridge makes the need for the regulation unnecessary. The Coast Guard has also determined that good cause exists for the rule to become effective upon publication in the **Federal Register** as the bridge was removed in July, 2000.

Regulatory Evaluation

This final rule is not a significant regulatory action under section 3(f) of Executive Order (E.O.) 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. It has not been reviewed by the Office of Management and Budget under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this final rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard considers whether this final rule will have a significant economic impact on a substantial number of small entities. “Small entities” include (1) small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and (2) governmental jurisdictions with populations of less than 50,000.

This rule will have no impact on either vehicular or navigational traffic because the regulation being removed applies to a bridge that has been removed. Because it will have no impact, the Coast Guard certifies under 5 U.S.C. 605(b) that it will not have any economic impact on a substantial number of small entities.

Collection of Information

This final rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

We have analyzed this final rule under Executive Order 13132 and have determined that this final rule does not have implications for federalism under that Order.
