

Rulemaking Analyses and Notices

Executive Order 12866 and DOT Regulatory Policies and Procedures

We have reviewed this final rule under Executive Order 12866 and have determined that this is not a significant regulatory action. Additionally, this final rule is not likely to result in an annual effect on the economy of \$100 million or more. The purpose of this final rule is to ensure that Fishing Vessels, Fish Processing Vessels, or Fish Tender Vessels who lose their fishery endorsement in the Fishery Management Plan for Commercial King and Tanner Crab Fisheries in the Bering Sea and Aleutian Islands will not operate under foreign flag or under the authority of a foreign country.

This final rule is also not significant under the Regulatory Policies and Procedures of the Department of Transportation (44 FR 11034, February 26, 1979). The costs and benefits associated with this rulemaking are considered to be so minimal that no further analysis is necessary. Because the economic impact, if any, should be minimal, further regulatory evaluation is not necessary.

Regulatory Flexibility Act

This Final rule will not have a significant economic impact on a substantial number of small entities. This Final rule only implements a statutory mandate to deny approval for a transfer of a vessel to a foreign registry or operation under authority of a foreign country when the vessel's fishery endorsement has been revoked. This rule does not impose a significant economic impact because owners of Fishing Vessels, Fish Processing Vessels, or Fish Tender Vessels who lose their fishery endorsement have been compensated through the crab fisheries buy-out program. Therefore, I certify that this final rule will not have a significant economic impact on a substantial number of small entities.

Federalism

We have analyzed this final rule in accordance with the principles and criteria contained in E.O. 13132 ("Federalism") and have determined that it does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. These regulations have no substantial effects on the States, or on the current Federal-State relationship, or on the current distribution of power and responsibilities among the various local officials. Therefore, consultation with

State and local officials was not necessary.

Environmental Impact Statement

We have analyzed this final rule for purposes of compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and have concluded that under the categorical exclusions provision in section 4.05 of Maritime Administrative Order ("MAO") 600-1, Procedures for Considering Environmental Impacts, 50 FR 11606 (March 22, 1985), the preparation of an Environmental Assessment, and an Environmental Impact Statement, or a Finding of No Significant Impact for this final rule is not required.

Executive Order 13175

MARAD does not believe that this final rule will significantly or uniquely affect the communities of Indian tribal governments when analyzed under the principles and criteria contained in Executive Order 13175 ("Consultation and Coordination with Indian Tribal Governments"). Therefore, the funding and consultation requirements of this Executive Order do not apply.

Unfunded Mandates Reform Act of 1995

This final rule does not impose an unfunded mandate under the Unfunded Mandates Reform Act of 1995. It does not result in costs of \$100 million or more, in the aggregate, to any of the following: State, local, or Native American tribal governments, or the private sector. This final rule is the least burdensome alternative that achieves the objective of the rule.

Paperwork Reduction Act

This final rule does not contain information collection requirements.

Regulation Identifier Number (RIN)

The Department of Transportation assigns a regulation identifier number (RIN) to each regulatory action listed in the Unified Agenda of Federal Regulations. The Regulatory Information Service Center publishes the Unified Agenda in April and October of each year. The RIN number is contained in the heading of this document to cross-reference this action with the Unified Agenda.
