BILLING CODE 4830–01–P

DEPARTMENT OF THE TREASURY**31 CFR Part 1****U. S. Secret Service; Privacy Act of 1974; Implementation**

AGENCY: Office of the Secretary, Treasury.

ACTION: Final Rule.

SUMMARY: The Department is amending its regulations concerning the Privacy Act of 1974, Title 5 of the United States Code, Section 552a (Privacy Act) by revising the United States Secret Services Appendix D of this subpart to identify a new official responsible for administrative appeals of initial determinations refusing amendment of records made pursuant to the Privacy Act. The Department is also updating the address of the Secret Service Headquarters listed in the Appendix.

EFFECTIVE DATE: February 13, 2001.

FOR FURTHER INFORMATION CONTACT:

Donna Cahill, Associate Chief Counsel, United States Secret Service, 950 H Street, NW., Suite 8300, Washington, DC 20373–5802.

SUPPLEMENTARY INFORMATION: The Secret Service is updating its current Privacy Act regulation Appendix D. The Secret Service moved its headquarters to a new location, consequently the addresses shown in the Appendix are no longer current and need to be updated to provide the proper address to the public.

The Secret Service also recognizes a need to revise paragraph 4 of Appendix D, which identifies the official responsible for reviewing administrative appeals of initial determinations refusing amendment of records. Existing regulations name the “Assistant Secretary of the Treasury for Enforcement” as the reviewing official. However, to be consistent with the language implementing the Freedom of Information Act (FOIA), 31 CFR part 1, subpart A, appendix D.4, published at 65 FR 40514 on June 30, 2000, the Secret Service has determined that the reviewing official should be changed to the “Deputy Director, United States Secret Service.” The address to which

an appeal should be made by mail or delivered personally is also being changed to: “Privacy Act Amendment Appeal, Deputy Director, United States Secret Service, 950 H Street, NW., Suite 8300, Washington, DC 20373–5802.”

These regulations are being published as a final rule because the amendment does not impose any requirements on any member of the public. This amendment is the most efficient means for the Treasury Department to implement its internal requirements for complying with the Privacy Act. Accordingly, pursuant to the administrative procedure provisions in 5 U.S.C. 553, the Department of the Treasury finds good cause that prior notice and other public procedure with respect to this rule are impracticable and unnecessary and finds good cause for making this rule effective on the date of publication in the **Federal Register**.

In accordance with Executive Order 12866, it has been determined that this final rule is not a “significant regulatory action” and, therefore, does not require a Regulatory Impact Analysis.

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 131

[FRL -6941-1]

RIN 2040-AC44

Water Quality Standards; Establishment of Numeric Criteria for Priority Toxic Pollutants for the State of California; Correction

AGENCY: Environmental Protection Agency.

ACTION: Final Rule; correction.

SUMMARY: This document contains corrections to a final rule, *Water Quality Standards; Establishment of Numeric Criteria for Priority Toxic Pollutants for the State of California*, also known as the California Toxics Rule, which was published in the **Federal Register** on Thursday, May 18, 2000 (65 FR 31682). The California Toxics Rule promulgated numeric aquatic life and human health criteria for priority toxic pollutants and a compliance schedule provision which authorizes the State to issue schedules of compliance for new or revised National Pollutant Discharge Elimination System permit limits based on the federal criteria when certain conditions are met.

EFFECTIVE DATE: This action is effective February 13, 2001.

ADDRESSES: The administrative record for the final rule is available for public inspection at the U.S. Environmental Protection Agency, Region 9, Water

Division, 75 Hawthorne Street, San Francisco, California 94105, between the hours of 8 a.m. and 4:30 p.m. For access to the administrative record, call Diane E. Fleck, P.E., Esq. at (415) 744-1997 for an appointment. A reasonable fee will be charged for photocopies.

FOR FURTHER INFORMATION CONTACT:

Diane E. Fleck, P.E., Esq. or Philip Woods, U.S. Environmental Protection Agency, Region 9, Water Division, 75 Hawthorne Street, San Francisco, California 94105, (415) 744-1984 or (415) 744-1997, respectively.

SUPPLEMENTARY INFORMATION: On May 18, 2000, EPA published a final rule in the **Federal Register** titled *Water Quality Standards; Establishment of Numeric Criteria for Priority Toxic Pollutants for the State of California* (see 65 FR 31682) that contained typographical errors. These typographical errors consisted of omission of units in the column headings to a table, inadvertent placement of a zero in one of the numeric criteria values, an oversight in the correct CAS number for a pollutant, and the incorrect placement of a parameter in a formula. This action corrects those typographical errors. These corrections are all minor in nature and do not substantively alter the final rule.

Section 553 of the Administrative Procedure Act, 5 U.S.C. 553(b)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making today's rule final without prior proposal and opportunity for comment because this action merely corrects typographical errors in a rule that already went through public notice and comment. Furthermore, the corrections in today's rule are all minor in nature and do not substantively alter the final rule. Thus, notice and public procedure are unnecessary. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(B).

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and is therefore not subject to review by the Office of Management and Budget. Because the agency has made a “good cause” finding that this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility

Act (5 U.S.C. 601 *et seq.*), or to sections 202 and 205 of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4). In addition, this action does not significantly or uniquely affect small governments or impose a significant intergovernmental mandate, as described in sections 203 and 204 of UMRA. This rule also does not significantly or uniquely affect the communities of tribal governments, as specified by Executive Order 13084 (63 FR 27655, May 10, 1998). This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant. This technical correction action does not involve technical standards; thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). EPA's compliance with these statutes and Executive Orders for the underlying rule is discussed in the May 18, 2000, **Federal Register** notice (65 FR 31682).

The Congressional Review Act (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA has made such a good cause finding, including the reasons therefor, and established an effective date of February 13, 2001. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**.
