

crane installed on an OCS fixed platform, as follows:

(1) Retain all design and construction records, including installation records for any anti-two block safety devices, for the life of the crane. The records must be kept at the OCS fixed platform.

(2) Retain all inspection, testing, and maintenance records of cranes for at least 4 years. The records must be kept at the OCS fixed platform.

(3) Retain the qualification records of the crane operator and all rigger personnel for at least 4 years. The records must be kept at the OCS fixed platform.

(f) You must operate and maintain all other material-handling equipment in a manner that ensures safe operations and prevents pollution.

3. In § 250.198, in the table in paragraph (e) a new entry for "API Spec 2C" is added in alphanumeric order, and the entry for "API RP 2D" is revised as follows:

31 CFR Part 321, 351, 352, 353, 359, and 360

United States Savings Bonds; Extension of Holding Period; Correction

AGENCY: Bureau of the Public Debt, Fiscal Service, Treasury.

ACTION: Final rule; correction.

SUMMARY: We published a final rule in the **Federal Register** of January 17, 2003, increasing the period of time that owners of United States Series EE and I Savings Bonds must hold their bonds before the bonds are eligible for redemption. The mandatory holding period increased from 6 months to 12 months for bonds purchased on or after February 1, 2003. Although the rule correctly references the February 1, 2003 date for bonds affected by the increased holding period, the rule stated that bonds issued December 1, 2002, or earlier, are unaffected by the change and continue to retain the 6 months holding period. The rule should have stated that bonds issued January 1, 2003, or earlier, will continue to retain the 6 months holding period. This document corrects that misstatement.

EFFECTIVE DATE: Effective on February 1, 2003.

ADDRESSES: You can download this correction at the following Internet address: <http://www.publicdebt.treas.gov>.

FOR FURTHER INFORMATION CONTACT:

Susan Klimas, Attorney-Adviser, Office of the Chief Counsel, Bureau of the Public Debt, at (304) 480-8692 or (susan.klimas@bpd.treas.gov).

Dean Adams, Assistant Chief Counsel, Office of the Chief Counsel, Bureau of the Public Debt, at (304) 480-8692 or (dean.adams@bpd.treas.gov).

SUPPLEMENTARY INFORMATION: We published in the January 17, 2003 **Federal Register** a final rule that increased the period of time that owners of United States Series EE and I Savings Bonds must hold their bonds before the bonds are eligible for redemption. This mandatory holding period increased from 6 months to 12 months for bonds purchased on or after February 1, 2003. Although the rule correctly references the February 1, 2003 date for bonds affected by the increased holding period, the rule stated that bonds issued December 1, 2002, or earlier, are unaffected by the change. (The issue date of a Series EE or I bond is the first day of the month in which a qualified issuing agent or organization receives or accumulates the full purchase price of the bond.) The rule should have stated that bonds issued January 1, 2003, or earlier, continue to retain the 6 months holding period. The misstatement could cause confusion for bond owners who purchased bonds during December 2002. This document corrects that misstatement.

In the FR Document 03-1114 published on January 17, 2003, (Vol. 68, No. 12, page 2666-2667, make the following corrections: change "December 1, 2002" to "January 1, 2003," where it appears in §§ 321.8(a)(1), 321.9(a)(1), Appendix to Part 321, section (8)(a), § 351.2(d),

352.7(a), 353.35(b), 359.6(a), and 360.35(b).

Dated: February 12, 2003.

Van Zeck,

Commissioner, Bureau of the Public Debt.

RIN 2115-AE47

Drawbridge Operating Regulations; Gulf Intracoastal Waterway, Grand Lake, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District has issued a temporary deviation from the regulation governing the operation of the SR 384 (Grand Lake) pontoon bridge across the Gulf Intracoastal Waterway, mile 231.4 West of Harvey Locks, at Grand Lake, Cameron Parish, Louisiana. This deviation allows the bridge to remain closed to navigation for two four-hour periods, Monday through Thursday, from February 17 through March 27, 2003. The deviation is necessary to allow for the repairs to the fender system of the bridge.

DATES: This deviation is effective from 7 a.m. on Monday, February 17, 2003 until 5 p.m. on Thursday, March 27, 2003.

ADDRESSES: Materials referred to in this document are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Hale Boggs Federal Building, room 1313, 501 Magazine Street, New Orleans, Louisiana 70130-3396 between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is 504-589-2965. The Bridge Administration Branch, Eighth District, maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The Louisiana Department of Transportation and Development has requested a temporary deviation in order to repair the fender system of the bridge. The repairs are necessary for the continued safe operation of the bridge. This deviation allows the draw of the SR 384 bridge to remain closed to navigation from 7 a.m. until 11 a.m. and from 1 p.m. until 5 p.m. daily, Monday through Thursday, from February 17, 2003 through March 27, 2003.

The pontoon bridge has no vertical clearance in the closed-to-navigation position. The bridge normally opens to pass navigation an average of 1005 times a month. In accordance with 33 CFR 117.5, the bridge opens on signal for the passage of vessels. The bridge will be able to open for emergencies during the closure period; however, pile-driving equipment will have to be secured and moved prior to the opening of the bridge. Navigation on the waterway consists mainly of tugs with tows and some fishing vessels. No practical alternate route is readily available.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 5, 2003.

Marcus Redford,

Bridge Administrator.

Approval of Revisions to the Louisiana Department of Environmental Quality Title 33 Environmental Quality Part III; Chapter 6 Emission Reduction Credits Banking in Nonattainment Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: The Environmental Protection Agency (EPA) published in the **Federal Register** of September 27, 2002 (67 FR 60871) a document approving revisions to the Louisiana Department of Environmental Quality Title 33 Environmental Quality Part III; Air Chapter 6 Emission Reduction Credits Banking in Nonattainment Areas. This document corrects an error in the September 30, 2002, rulemaking action. **EFFECTIVE DATE:** This rule will be effective February 14, 2003.

FOR FURTHER INFORMATION CONTACT: Ms. Laura Stankosky of the EPA Region 6 Air Permits Section at (214) 665-7525.

SUPPLEMENTARY INFORMATION: The EPA published in the **Federal Register** of September 27, 2002 (67 FR 60871) a document approving revisions to the Louisiana Department of Environmental Quality Title 33 Environmental Quality Part III; Air Chapter 6 Emission Reduction Credits Banking in Nonattainment Areas. On page 60873 of the September 27, 2002 action, EPA incorrectly stated that Tulane Environmental Law Clinic (TELC) submitted comments. We should instead have stated that the TELC submitted comments on behalf of its client, the Louisiana Environmental Action Network (LEAN).

Authority: 42 U.S.C. 7401 *et seq.*

Dated: January 30, 2003.

Lawrence E. Starfield,

Acting Regional Administrator, Region 6.

[OPP-2003-0034; FRL-7291-3]

Imazamox; Exemption from the Requirement of a Tolerance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes an exemption from the requirement of a tolerance for residues of the imazamox on all food commodities when applied/used as a herbicide. The Interregional Research Project Number 4 (IR-4) submitted a petition to EPA under the Federal Food, Drug, and Cosmetic Act, as amended by the Food Quality Protection Act of 1996, requesting an exemption from the requirement of a tolerance. After review of the available data, EPA determined that the toxicological profile for imazamox supports an exemption from the requirement of a tolerance; no adverse effects were observed in the submitted toxicological studies regardless of the route of exposure. Since this regulation eliminates the need to establish maximum permissible levels for residues of imazamox, the Agency is also deleting 40 CFR 180.508, which includes previously established maximum permissible levels for residues of imazamox.

DATES: This regulation is effective February 14, 2003. Objections and requests for hearings, identified by docket ID number OPP-2003-0034, must be received on or before April 15, 2003.

ADDRESSES: Written objections and hearing requests submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit IX. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Hoyt Jamerson, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-9368; e-mail address: jamerson.hoyt@epa.gov.
