BILLING CODE 4910–13–M

List of Subjects in 32 CFR Part 1910

Debarment and suspension procedures.

■ For the reasons stated in the preamble, the Central Intelligence Agency adds 32 CFR Part 1910 as follows:

PART 1910—DEBARMENT AND SUSPENSION PROCEDURES

Sec.

1910.1 General.

Authority: 50 U.S.C. 401–442; 50 U.S.C. 403a–403u; 48 CFR ch. 1, subpart 9.4.

§ 1910.1 General.

The Central Intelligence Agency (CIA), in accordance with its authorities under the Central Intelligence Agency Act of 1949, as amended, and the National Security Act of 1947, as amended, has an established debarment and suspension process in accordance with subpart 9.402(d) of the Federal Acquisition Regulation (FAR). This process and the causes for debarment and suspension are consistent with those found in FAR 9.406 and 9.407. The rights of CIA contractors in all matters involving debarment and suspension are hereby governed by the provisions of subpart 9.4 of the FAR.

Dated: October 14, 2004.

Edmund Cohen,

Director of Information Management Services, Office of the Chief Information Officer.

BILLING CODE 6310–02–P

year. In the event of inclement weather, the alternate date is July 5th.

DATES: This rule is effective: November 29, 2004.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket are part of docket CGD05–04–052 and are available for inspection or copying at the Commander (obr), Fifth Coast Guard District, Federal Building, 4th Floor, 431 Crawford Street, Portsmouth, Virginia 23704–5004, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Gary S. Heyer, Bridge Management Specialist, Fifth Coast Guard District, at (757) 398–6227.

SUPPLEMENTARY INFORMATION:

Regulatory History

On May 17, 2004, we published a notice of proposed rulemaking (NPRM) entitled “Drawbridge Operation Regulations; Spa Creek, Annapolis, MD” in the **Federal Register** (69 FR 27870). We received no comments on the proposed rule. No public meeting was requested or held.

Background and Purpose

The City of Annapolis Recreation and Parks Department (the Department) on behalf of Maryland Department of Transportation, who owns and operates the S181 Bridge, requested a change to the operating regulations set out in 33 CFR 117.571.

In accordance with 33 117.37(a) for reason of public safety or for public functions, the District Commander may authorize the opening and closing of a drawbridge for a specified period of time.

Due to the high volume of spectators that attend this annual event, it is necessary to close the draw span to vessels between the hours of 8:30 p.m. to 11 p.m. to help expedite exiting vehicular traffic from the City of Annapolis after the fireworks display. This will reduce vehicular traffic congestion and increase public safety.

Under this rule, the S181 Bridge will be allowed to remain in the closed position to vessels from 8:30 p.m. to 11 p.m. on July 4th, of every year. In the event of inclement weather, the alternate date is July 5th.

Since the Annapolis Fireworks Display is a well-known annual event, and it is publicly advertised, vessel operators can arrange their transits to minimize any impact caused by the closure. Vessels with a mast height less than 15 feet at high water can still

CENTRAL INTELLIGENCE AGENCY

SUPPLEMENTARY INFORMATION: None.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[CGD05–04–052]

RIN 1625–AA09

Drawbridge Operation Regulation; Spa Creek, Annapolis, MD

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the regulations that govern the operation of the S181 Bridge, mile 0.4, across Spa Creek, at Annapolis, Maryland. These regulations are necessary to facilitate public safety and expedite vehicular traffic from the City of Annapolis after the annual firework display. This change to the drawbridge operation schedule will allow the S181 Bridge to remain in the closed position from 8:30 p.m. to 11 p.m. on July 4th, of every

transit the bridge in the closed position during this event.

Discussion of Comments and Changes

The Coast Guard received no comments on the NPRM for the Spa Creek Bridge and no changes are being made to this final rule.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

This conclusion was based on the fact that this final rule will have a very limited impact on maritime traffic transiting this area. Since Spa Creek will remain open to navigation during this event, mariners with mast height less than 15 feet may still transit through the S181 Bridge.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This final rule will not have a significant economic impact on a substantial number of small entities because even though the rule closes the S181 Bridge to mariners, those with mast height of less than the 15 feet at high water can still transit through the bridge during the closed hours. There are no alternate routes.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we offered to assist small entities in understanding the rule so that they

could better evaluate its effects on them and participate in the rulemaking process. No assistance was asked for, or given to assist Small Entities.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this final rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this final rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule would not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This final rule meets applicable standards in section 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This final rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments,

because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this final rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This final rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e) of the Instruction, from further environmental documentation.

Brigades.

Regulations

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499, Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05–1(g); section 117.255 also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

■ 2. Amend § 117.571 by revising paragraph (c) to read as follows:

§ 117.571 Spa Creek.

* * * * *

(c) On Saturdays, Sundays, and holidays year-round, the draw shall open on the hour and half-hour for vessels waiting to pass. Except on July 4th of every year from 8:30 p.m. to 11 p.m., the draw need not open for vessels, and in the event of inclement weather, the alternate date is July 5th.

Dated: October 18, 2004.

Sally Brice-O'Hara,

Rear Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

BILLING CODE 4910–15–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[R06–OAR–2004–TX–0002; FRL–7830–8]

Approval and Promulgation of Implementation Plans; Texas; Memorandum of Agreement Between Texas Council on Environmental Quality and the North Central Texas Council of Governments Providing Emissions Offsets to Dallas Fort Worth International Airport

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action approving a State Implementation Plan (SIP) revision submitted by the Texas Commission on Environmental Quality (TCEQ) on February 23, 2004. This revision concerns the Dallas/Fort Worth ozone nonattainment area. Specifically, EPA is approving incorporation of a Memorandum of Agreement (MOA) between the TCEQ and the North Central Texas Council of Governments (NCTCOG) into the SIP. This MOA

commits the NCTCOG to provide the Dallas-Fort Worth International Airport with emissions offsets in the amount of 0.18 tons per day (tpd) of nitrogen oxides (NO_x) and 0.04 tpd of volatile organic compounds (VOCs) in 2007 and to adjust the modeled 2015 on-road emission estimates to reflect an increase of 1.17 tpd of NO_x and 0.26 tpd of VOCs, which must be accommodated in future transportation conformity determinations. This action is necessary in order for the Federal Aviation Administration (FAA) to address requirements under the general conformity regulations.

DATES: This rule is effective on December 28, 2004 without further notice, unless EPA receives adverse comment by November 29, 2004. If EPA receives such comment, EPA will publish a timely withdrawal in the **Federal Register** informing the public that this rule will not take effect.

ADDRESSES: Submit your comments, identified by Regional Materials in EDocket (RME) ID No. R06–OAR–2004–TX–0002, by one of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- Agency Web site: <http://docket.epa.gov/rempub/>. Regional Materials in EDocket (RME), EPA's electronic public docket and comment system, is EPA's preferred method for receiving comments. Once in the system, select "quick search," then key in the appropriate RME Docket identification number. Follow the online instructions for submitting comments.

- EPA Region 6 "Contact Us" Web site: <http://epa.gov/region6/r6comment.htm>. Please click on "6PD" (Multimedia) and select "Air" before submitting comments.

- E-mail: Mr. Thomas Diggs at diggs.thomas@epa.gov. Please also send a copy by email to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

- Fax: Mr. Thomas Diggs, Chief, Air Planning Section (6PD–L), at fax number (214) 665–7263.

- Mail: Mr. Thomas Diggs, Chief, Air Planning Section (6PD–L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202–2733.

- Hand or Courier Delivery: Mr. Thomas Diggs, Chief, Air Planning Section (6PD–L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202–2733. Such deliveries are accepted only between the hours of 8 a.m. and 4 p.m.

weekdays except for legal holidays. Special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to RME ID No. R06–OAR–2004–TX–0002. EPA's policy is that all comments received will be included in the public file without change and may be made available online at <http://docket.epa.gov/rempub/>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information the disclosure of which is restricted by statute. Do not submit information through Regional Materials in EDocket (RME), regulations.gov or e-mail if you believe that it is CBI or otherwise protected from disclosure. The EPA RME Web site and the federal regulations.gov website are "anonymous access" systems, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through RME or regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public file and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters and any form of encryption, and should be free of any defects or viruses.

Docket: All documents in the electronic docket are listed in the Regional Materials in EDocket (RME) index at <http://docket.epa.gov/rempub/>. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available materials relevant to this rulemaking are available either electronically in RME or in the official file, which is available at the Air Planning Section (6PD–L), Environmental Protection Agency, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202–2733. The file will be made available by appointment for public inspection in the Region 6 FOIA Review Room between the hours of 8:30 a.m. and 4:30 p.m. weekdays except for legal
