

expected retirement age based on both the earliest age a participant could retire under the plan and the unreduced retirement age. This expected retirement age is used to compute the value of the early retirement benefit and, thus, the total value of benefits under the plan.

This document amends appendix D to replace Table I-04 with Table I-05 in order to provide an updated correlation, appropriate for calendar year 2005, between the amount of a participant's benefit and the probability that the participant will elect early retirement. Table I-05 will be used to value benefits in plans with valuation dates during calendar year 2005.

The PBGC has determined that notice of and public comment on this rule are impracticable and contrary to the public interest. Plan administrators need to be

able to estimate accurately the value of plan benefits as early as possible before initiating the termination process. For that purpose, if a plan has a valuation date in 2005, the plan administrator needs the updated table being promulgated in this rule. Accordingly, the public interest is best served by issuing this table expeditiously, without an opportunity for notice and comment, to allow as much time as possible to estimate the value of plan benefits with the proper table for plans with valuation dates in early 2005.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this regulation, the Regulatory Flexibility

Act of 1980 does not apply (5 U.S.C. 601(2)).

[Docket No. 2004-8 CARP NCBRA]

Cost of Living Adjustment for Performance of Musical Compositions by Colleges and Universities

AGENCY: Copyright Office, Library of Congress.

ACTION: Final rule.

SUMMARY: The Copyright Office of the Library of Congress announces a cost of living adjustment of 3.2% in the royalty rates paid by colleges, universities, or other nonprofit educational institutions that are not affiliated with National Public Radio for the use of copyrighted published nondramatic musical

compositions in the BMI, ASCAP and SESAC repertoires. The cost of living adjustment is based on the change in the Consumer Price Index from October, 2003 to October, 2004.

DATES: January 1, 2005.

FOR FURTHER INFORMATION CONTACT: Tanya M. Sandros, Associate General Counsel, Copyright Arbitration Royalty Panel, P.O. Box 70977, Southwest Station, Washington, D.C. 20024. Telephone: (202) 707-8380. Telefax: (202) 252-3423.

SUPPLEMENTARY INFORMATION: Section 118 of the Copyright Act, 17 U.S.C., creates a compulsory license for the use of published nondramatic musical works and published pictorial, graphic, and sculptural works in connection with noncommercial broadcasting. Terms and rates for this compulsory license, applicable to parties who are

not subject to privately negotiated licenses, are published in 37 CFR part 253 and are subject to adjustment at five-year intervals. 17 U.S.C. 118(c).

The most recent proceeding to consider the terms and rates for the section 118 license occurred in 2002. 67 FR 15414 (April 1, 2002). Final regulations governing the terms and rates of copyright royalty payments with respect to certain uses by public broadcasting entities of published nondramatic musical works, and published pictorial, graphic, and sculptural works for the license period beginning January 1, 2003, and ending December 31, 2007, were published in the Federal Register on December 17, 2002. 67 FR 77170 (December 17, 2002).

Pursuant to these regulations, on December 1 of each year the Librarian shall publish a notice of the change in the cost of living as determined by the Consumer Price Index (all consumers, all items) during the period from the most recent Index published prior to the previous notice, to the most recent Index published prior to December 1, of that year. 37 CFR 253.10(a). The regulations also require that the Librarian publish a revised schedule of rates for the public performance of musical compositions in the ASCAP, BMI, and SESAC repertoires by public broadcasting entities licensed to colleges and universities, reflecting the change in the Consumer Price Index. 37 CFR 253.10(b). Accordingly, the Copyright Office of the Library of Congress is hereby announcing the change in the Consumer Price Index and performing the annual cost of living adjustment to the rates set out in §253.5(c).

The change in the cost of living as determined by the Consumer Price Index (all consumers, all items) during the period from the most recent Index published before December 1, 2003, to the most recent Index published before December 1, 2004, is 3.2% (2003's figure was 185.0; the figure for 2004 is 190.9, based on 1982–1984=100 as a reference base). Rounding off to the nearest dollar, the royalty rates for the use of musical compositions in the repertoires of ASCAP, BMI, and SESAC are \$262, \$262, and \$85, respectively.

Approval and Promulgation of Air Quality Implementation Plans; Oregon; Removal of Perchloroethylene Dry Cleaning Systems Rules

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to approve a revision to the Oregon State Implementation Plan and repeal rules which are no longer required by the Clean Air Act. The revision consists of the repeal of Oregon's control technology guidelines for perchloroethylene (perc) dry cleaning systems and related definitions and provisions. Perc is a solvent commonly used in dry cleaning, maskant operations, and degreasing operations. In 1996, EPA excluded perc from the Federal definition of volatile organic compounds for the purpose of preparing state implementation plans to attain the national ambient air quality standards for ozone under title I of the Clean Air Act. Emissions from perc dry cleaners continue to be regulated as

hazardous air pollutants under the National Emissions Standards for Hazardous Air Pollutants.

DATES: This direct final rule will be effective January 31, 2005, without further notice, unless EPA receives adverse comments by January 3, 2005. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.
